Alice in Chains was the first of grunge's big four – ahead of Nirvana, Pearl Jam, and Soundgarden – to get a gold record and achieve national recognition. With the charismatic Layne Staley behind the microphone, they became one of the most influential and successful bands to come out of the Seattle music scene. But as the band got bigger, so did its problems. Acclaimed journalist David de Sola

follows the members from their inauspicious beginnings at a warehouse under the Ballard Bridge through the history of the band, charting: The local hair metal scene in Seattle during the 1980s. How drugs nearly destroyed the band and claimed the lives of Staley and founding bassist Mike Starr. Jerry Cantrell's solo career and Mike Starr's life after being fired from the band. The band's resurrection with William DuVall, the Atlanta singer/guitarist who

stepped into Layne Staley's shoes. Based on a wealth of interviews with people with direct knowledge of the band and its history, many of whom are speaking on the record for the first time, Alice in Chains will stand as the definitive Alice in Chains biography for years to come.

This exclusive songbook presents all 10 tracks from the album

meticulously transcribed in standard notation and guitar tab by Dario Cortese following sessions with Brent Mason himself in Nashville. Personally endorsed by Mason, with full track-by-track analysis, this is the definitive Hot Wired guitar book.

Although his scorching fingerpicking was most impressive at first glance, a closer look at Just Us reveals that he is equally adept at what many musicians consider as a more difficult task: playing fewer notes... ones that mean more, and say more with less, as he does on album opener A Simple Gift, title cut Just Us, and One Sad Clown. Just Us is an album consisting largely of his own compositions inspired by his two main guitars Merle and Pearl. Along the way we are treated to a

barn-storming version of Alabama Jubilee (it must be tunes like this that caused Chet Atkins to say of Jones He plays like he's double-parked), Collage-a-Reed and Clawin' (each inspired by mentor Jerry Reed), while Let the Sun Shine In sounds like an instant fingerpicking classic that you could swear you have heard before, but haven't. Including detailed notation on 15 of Buster's songs from Just Us, this Book/CD lesson will challenge even the best players. Presented in

standard notation and tablature.
