ALISSON WASHINGTON

Chronologically Arranged SPCK

The Old Testament is a collection of writings which came into being over a period of more than a thousand years in the history of the people of Israel and

which reflect the life of the people in this period. Therefore, there is a reciprocal relationship between the writings or "books" of the Old Testament and the life of Israel in its history. The understanding of the texts presupposes insights into the historical context and the development of the life of Israelite society, while at the same time the texts themselves are the most important,

indeed for the most part the only, source for it. This "Introduction" attempts to take account of this reciprocal relationship. The first part deals with the history of Israel. However, its approach differs from most accounts of this history. It takes the Old Testament texts themselves as a starting point and first of all outlines the picture of historical developments and associations which the texts present. An attempt is then made, on this basis, to reconstruct historical developments by introducing material from outside the Bible. This method of working leads to close connections between the second and third parts, because it has to take account of the nature and original purpose of the texts and their function within the biblical books as they are

now. The second part attempts to present the texts collected in the Old Testament as expressions of the life of Israel. The third part discusses the books of the Old Testament in their present form.

The Old Testament Oxford University Press, USA

The Old Testament prophets spoke to Israel in times of historical and moral crisis. They saw themselves as being a part of a story that God was weaving throughout history--a story of repentance, encouragement, and a coming Messiah. In this updated introductory book, each major and minor prophet and his writing are clustered with the major historical events of their time. Our generational distance from the age of the prophets might seem to be a

measureless chasm. Yet we dare not make the mistake of assuming that passing years have rendered irrelevant not only the Old Testament prophets, but also the God who comprehends, spans, and transcends all time. In these pages, C. Hassell Bullock presents a clear picture of some of history's most profound spokesmen--the Old Testament prophets--and the God who shaped them.

Daily life in Ancient Israel - Great prophets including, Hosea, Amos, Isaiah - People and lands of the Old Testament.

Introduction to the Bible B&H
Publishing Group

Lucidly written by leading biblical scholar Michael D. Coogan, this balanced,

engaging, and up-to-date introduction to the Hebrew scriptures distills the best of current scholarship. Employing the narrative chronology of the Bible itself and the history of the ancient Near East as a framework, Coogan covers all the books of the Hebrew Bible, along with the deuterocanonical books included in the Bible used by many Christians. He works from a primarily historical and critical methodology but also introduces students to literary analysis and other interpretive strategies. NEW TO THIS EDITION * Updates and revisions throughout, including new material on recent archaeological discoveries, new translations of many of the ancient texts, and new and revised maps and illustrations * A new Table of Weights and Measures that provides modern

equivalents for biblical weights and measures * Expanded study aids at the end of each chapter, including additional "Important Terms," expanded "Questions for Review" sections, and updated bibliographies * An updated Instructor's Manual with Computerized Test Bank on CD * An updated Companion Website at www.oup.com/us/coogan containing numerous resources for students and instructors A FREE 6-month subscription to Oxford Biblical Studies Online (www.oxfordbiblicalstudies.com)--a \$180 value--is included with the purchase of every new copy of this text. SAVE YOUR STUDENTS 20%! This text is available in a discounted package with The New Oxford Annotated Bible with Apocrypha: New Revised Standard Version, College Edition, Fourth Edition. To assign this

package, order package ISBN 978-0-19-935856-4. For additional Bibles and packaging options, contact your Oxford University Press Representative at 800.280.0280

An Introduction to the Old Testament Second Edition Zondervan

The Gospel Promised Augsburg Fortress Publishing

This comprehensive, introductory textbook is unique in exploring the emergence of the Hebrew Bible in the broader context of world history. It particularly focuses on the influence of pre-Roman empires, empowering students with a richer understanding of Old Testament historiography. Provides a historical context for students learning

about the development and changing interpretations of biblical texts Examines how these early stories were variously shaped by interaction with the Mesopotamian and Egyptian, Assyrian, Babylonian, Persian, and Hellenistic empires Incorporates recent research on the formation of the Pentateuch Reveals how key biblical texts came to be interpreted by Jewish, Christian, and Muslim faiths Includes numerous student-friendly features, such as study questions, review sections, bibliographies, timelines, and illustrations and photos

The Old Testament Baker Academic

The poetic books of the Old Testament--Job, Psalms, Proverbs, Ecclesiastes, Song of Solomon--are often called humankind's reach toward God. The

other books of the Old Testament picture God's reach toward man through the redemptive story. Yet these five books reveal the very heart of men and women struggling with monumental issues such as suffering, sin, forgiveness, joy, worship, and the passionate love between a man and woman. C. Hassell Bullock, a noted Old Testament scholar, delves deep into the hearts of the five poetic books, offering readers helpful details such as hermeneutical considerations for each book, theological content and themes, detailed analysis of each book, and cultural perspectives. Hebrew is a language of "intrinsic musical quality that naturally supports poetic expression," says Bullock in his introduction. That poetic expression comes from the heart of the Old

Testament writers and reaches all of us exactly where we are in our own struggles and joys.

An Introduction to the Old Testament

Oxford University Press

This volume introduces the Old Testament and traces the legacy of monotheism first found in the pages of Israel's Scriptures.

The Old Testament Fortress Press

In this updated edition of the popular textbook *An Introduction to the Old Testament*, Walter Brueggemann and Tod Linafelt introduce the reader to the broad theological scope of the Old Testament, treating some of the most important issues and methods in contemporary biblical interpretation.

This clearly written textbook focuses on the literature of the Old Testament as it

grew out of religious, political, and ideological contexts over many centuries in Israel's history. Covering every book in the Old Testament (arranged in canonical order), the authors demonstrate the development of theological concepts in biblical writings from the Torah through postexilic Judaism. Incorporating the most current scholarship, this new edition also includes concrete tips for doing close readings of the Old Testament text, and a chapter on ways to read Scripture and respond in light of pressing contemporary issues, such as economic inequality, racial and gender justice, and environmental degradation. This introduction invites readers to engage in the construction of meaning as they venture into these timeless texts.

*Rediscovering God's Principles for
Discipling Nations* Westminster John
Knox Press

The Pentateuch--Genesis, Exodus,
Leviticus, Numbers, Deuteronomy--are
the vital first books in the Bible.
Understanding the scope, meaning, and
events of these five books is integral to
understanding the whole of Scripture
that follows. Old Testament expert
Herbert Wolf provides layreaders and
scholars alike with a strong undergirding
of understanding and knowledge in this
introduction that reveals both the
seriousness and excitement of the
Pentateuch. Readers will find Adam,
Abraham, Joseph, Moses and Joshua in
these pages, as well as terrible sin and
glorious forgiveness, bloody sacrifices
and battles, deadly betrayal and life-

giving hope. Wolf first addresses the
overarching themes that flow through
the Pentateuch, with special attention
given to Moses as author of the five
books. He then addresses each book
specifically, covering topics such as
purpose and scope, and literary
structure. He tailors additional study to
each specific book. This book contributes
significantly to a clear, deep
understanding of the Bible's first five
books.

structure, and outline of the historical
books of the Old Testament

A Brief Introduction to the Old Testament

Paulist Press

A Respected Scholar Introduces Students to the Discipline of Old Testament Studies Richard Hess, a trusted scholar of the Old Testament and the ancient Near East, offers a substantial introduction to the Old Testament that is accessibly written and informed by the latest biblical scholarship. Hess summarizes the contents of the Old Testament, introduces the academic study of the discipline, and helps readers understand the complex world of critical and interpretive issues, addressing major concerns in the critical interpretation of each Old Testament book and key texts. This volume provides a fulsome treatment for students preparing for ministry and assumes no prior knowledge of the Old

Testament. Readers will learn how each book of the Old Testament was understood by its first readers, how it advances the larger message of the whole Bible, and what its message contributes to Christian belief and the Christian community. Twenty maps, ninety photos, sidebars, and recommendations for further study add to the book's usefulness for students. Resources for professors are available through Baker Academic's Textbook eSources.

Westminster John Knox Press

The Old Testament is a collection of writings which came into being over a period of more than a thousand years in the history of the people of Israel and which reflect the life of the people in this period. Therefore, there is a reciprocal

relationship between the writings or "books" of the Old Testament and the life of Israel in its history. The understanding of the texts presupposes insights into the historical context and the development of the life of Israelite society, while at the same time the texts themselves are the most important, indeed for the most part the only, source for it. This "Introduction" attempts to take account of this reciprocal relationship. The first part deals with the history of Israel. However, its approach differs from most accounts of this history. It takes the Old Testament texts themselves as a starting point and first of all outlines the picture of historical developments and associations which the texts present. An attempt is then made, on this basis, to reconstruct

historical developments by introducing material from outside the Bible. This method of working leads to close connections between the second and third parts, because it has to take account of the nature and original purpose of the texts and their function within the biblical books as they are now. The second part attempts to present the texts collected in the Old Testament as expressions of the life of Israel. The third part discusses the books of the Old Testament in their present form.

The Old Testament Historical Books

Routledge

"An Indispensable Resource for Old Testament Studies" The present work is an attempt to evaluate the contents of the Old Testament and the Apocrypha

against the vast background of knowledge that is now available for students of ancient Near Eastern life and culture. (From the Preface) With characteristic understatement, R. K. Harrison embarked on this massive attempt and produced a volume that for scrupulous detail, scholarly rigor, and sheer erudition has remained unmatched for nearly fifty years. Writing from his own apparently limitless scholarship combined with a conservative perspective, Harrison first reviews the entire history of Old Testament criticism and sets the Hebrew scriptures in their full historical and theological context. He then presents a detailed discussion of each Old Testament book, along with a lucid overview of the apocryphal books.

Harrison's engagement of the perennial issues and problems of Old Testament scholarship make this classic text a vital foundation for a new generation of scholars. For contemporary Old Testament studies, this highly respected volume continues to be the essential point of departure."

An Introduction Moody Publishers

This Very Short Introduction provides a short, accessible overview for general readers interested in learning more about the Old Testament and its interpretation. Coogan explores the significance of the history and literature of the Old Testament and describes how non-biblical evidence, such as archaeological data and texts, has illuminated the Old Testament in a larger context. Coogan discusses law in the

Bible, particularly the Ten Commandments and the biblical understandings of prophecy, myth, exodus, death, and afterlife. Finally, Coogan discusses the enduring significance of the Old Testament.

An Introduction Zondervan

The Old Testament is part of the canon of Christian Scripture and, as such, has continuing significance for the church. However, the writings are set within a different historical era, a different culture and a different religious context. To understand the Old Testament in a meaningful way, it must be read against its historical, cultural and theological background. Here, Robin Routledge enables readers to engage with the text. He discusses: ? date, authorship, the writers' intention and purpose, and

significant textual issues ? key scholarly approaches to the text, including historical-critical and literary approaches To help us comprehend and interpret the Old Testament, and so apply it to current belief and praxis, Routledge includes an overview of exegetical and hermeneutical approaches. He also offers some guidance through the maze of new treatments and terminology. The volume provides specific introductions to the sections and books of the Old Testament, following the canonical order of the Hebrew text. In addition, Routledge notes key distinctive issues and points to sources for further study. The author's hope is that this volume will not only aid students but will also benefit others who want to take the Old Testament seriously, and to apply its

message to the life and ministry of the church today. 'Scholarly and lucid, Old Testament Introduction is designed especially for those who want to understand how to read the Old Testament as Christian Scripture, while doing justice to its nuances and enormous diversity. I commend it warmly.' Gordon McConville, Professor of Old Testament Theology, University of Gloucestershire

An Introduction Moody Publishers

In this updated edition of the popular textbook *An Introduction to the Old Testament*, Walter Brueggemann and Tod Linafelt introduce the reader to the broad theological scope of the Old Testament, treating some of the most important issues and methods in contemporary biblical interpretation.

This clearly written textbook focuses on the literature of the Old Testament as it grew out of religious, political, and ideological contexts over many centuries in Israel's history. the construction of meaning as they venture into these timeless texts.

The Hebrew Bible in Its Context

Crossway

This Introduction attempts to offer a different model for the discipline from that currently represented. It seeks to describe the form and function of the Hebrew Bible in its role as sacred scripture for Israel. It argues the case that the biblical literature has not been correctly understood or interpreted because its role as religious literature has not been correctly assessed.

An introduction to the Old Testament

John Wiley & Sons

This introduction discusses and classifies the Old Testament literature from the standpoint of history and chronology, i.e. the different books, or sections, or

chapters, or verses, as the case may be, are taken up in chronological sequence as they relate to definite periods of Hebrew history, either as the Old Testament furnishes the history of those periods, or as its literature had its origin in them. - Preface.

The Old Testament Prophetic Books An Introduction to the Old Testament
Second Edition

The Old Testament is not just a collection of disparate stories, each with its own meaning and moral lessons. Rather, it's one cohesive story, tied together by the good news about Israel's coming Messiah, promised from the beginning. Covering each book in the Old Testament, this volume invites readers to teach the Bible from a Reformed, covenantal, and redemptive-

historical perspective. Featuring contributions from twelve respected evangelical scholars, this gospel-centered introduction to the Old

Testament will help anyone who teaches or studies Scripture to better see the initial outworking of God's plan to redeem the world through Jesus Christ.
