The Absolutely True Diary of a Part-Time Indian Wiley

This “luminescent” (Kirkus Reviews) story of anger and art, loss and redemption will appeal to fans of Lisa Graff’s *Lost in the Sun* and Vince Vawter’s *Paperboy*.

NOMINATED FOR 16 STATE AWARDS! AN ALA NOTABLE BOOK AN ILA TEACHERS CHOICE A KIRKUS REVIEWS BEST BOOK OF THE YEAR Arthur T. Owens grabbed a brick and hurled it at the trash picker. Arthur had his reasons, and the brick hit the Junk Man in the arm, not the head. But none of that matters to the judge—he is ready to send Arthur to juvie forever. Amazingly, it’s the Junk Man himself who offers an alternative: 120 hours of community service . . . working for him. Arthur is given

a rickety shopping cart and a list of the Seven Most Important Things: glass bottles, foil, cardboard, pieces of wood, lightbulbs, coffee cans, and mirrors. He can’t believe it—is he really supposed to rummage through people’s trash? But it isn’t long before Arthur realizes there’s more to the Junk Man than meets the eye, and the “trash” he’s collecting is being transformed into something more precious than anyone could imagine. . . . Inspired by the work of folk artist James Hampton,

Shelley Pearsall has crafted an affecting and redemptive novel about discovering what shines within us all, even when life seems full of darkness. "A moving exploration of how there is often so much more than meets the eye." —Booklist, starred review "There are so many things to love about this book. Remarkable."

answer "yes" to any of the above questions, you are probably suffering from an imbalance of energy in your subtle, non-physical body. So, what is the subtle body? In many spiritual traditions, the subtle body is the sacred or the immortal body. It never dies and when the physical body dies, your subtle body merges into the universe. It comprises of the intelligence, mind and ego, aspects that control the human physical body. The terms "aura" and "chakras" refer to parts of your subtle plane of existence. These are usually seen by the mind's eye and not your physical eyes. Disturbances in your auric field or imbalances in the flow of energy through the chakras manifests as physical, mental, and emotional disorders in the physical world. Mostly, when people fail to heal their physical bodies with modern medicine, the only solution is to turn towards healing the non-physical subtle body. Just by working on balancing your chakras and your energy field called aura you will notice that your chronic disorders are much under control, your emotions are much balanced, and you are spiritually more connected to the universe and your Higher Power. Don't wait until

you fall ill to begin taking care of your chakras and aura. Take action now and start learning about chakras and the subtle body. This comprehensive guide is perfect to get you started on this journey. It will help you learn about what are chakras, what the 7 main chakras are, and how to strengthen your aura and radiate strong, positive and healthy energy by opening or balancing your chakras. You will also find a chakra test here that will help you find out which of your chakras is imbalanced.
