A twisted fairy tale about a king and queen who wish for a child of their own . . . and end up with a baby goat. Perfect for readers of Children Make Terrible Pets and Wolfie the Bunny. Once upon a time, a very prim and proper king and queen begged their fairy godmother for a child. They'd prefer a boy, with glowing skin, bright eyes, and two roses for lips . . . but any kid will do. When they find themselves gifted with a baby goat (also known as a kid) instead, they can't imagine how he'll fit into their lives. But of course, it isn't long before he's part of the royal family. Readers will delight in this story's hilarity, confusion, and celebration of families that come in every shape and size. "A fresh, amusing, kindhearted picture book."--Booklist, Starred review "With its gentle morals of acceptance, not judging by appearances, and being open to outcomes different than expectations, this is a lovely family read-aloud."--Kirkus "The contrast between the royal couple's once-ordered existence and the cheerful mess at book's end is very funny, and the message about acceptance and the expanded definition of family is a bonus."--Horn Book

These words call up an image of an ethnic, industrial town whose skyline is thick with smokestacks and steeples, a place whose character can be summed up in another "B" word: blue-collar. It's true that Milwaukee's German accent was unmistakable in the 1880s; it was the Beer Capital of the World; and it's the home of the steam shovels that dug the Panama Canal the engines that powered the New York City subway system, and the motorcycles that made Harley-Davidson an American legend. But the stereotypes don't begin to convey the richness of Milwaukee's past. They don't describe the five citizens killed by the state militia as they marched for the eight-hour day. The Jewish community leader who wrote The Settlement Cookbook. The Italian priest who led the local crusade for civil rights in the 1960s. The railroad promoter who bribed an entire state legislature. The Socialists who made Milwaukee the best-governed big city in America. Allis-Chalmers and Pabst Blue Ribbon. Summerfest and Irish Fest. Golda Meir. Carl Sandburg. Robin Yount. The Making of Milwaukee tells all those stories and a great many more. Well-written, superbly organized, and lavishly illustrated, it is sure to be the standard reference for many years to come.

Catching a killer is dangerous—especially if he lives next door From the hugely talented author of The Kind Worth Killing comes an exquisitely chilling tale of a young suburban wife with a history of psychological instability whose fears about her new neighbor could lead them both to murder . . . Hen and her husband Lloyd have settled into a quiet life in a new house outside of Boston, Massachusetts. Hen (short for Henrietta) is an illustrator and works out of a studio nearby, and has found the right meds to control her bipolar disorder. Finally, she's found some stability and peace. But when they meet the neighbors next door, that calm begins to erode as she spots a familiar object displayed on the husband's office shelf. The sports trophy looks exactly like one that went missing from the home of a young man who was killed two years ago. Hen knows because she's long had a fascination with this unsolved murder—an obsession she doesn't talk about anymore, but can't fully shake either. Could her neighbor, Matthew, be a killer? Or is this the beginning of another psychotic episode like the one she suffered back in college, when she became so consumed with proving a fellow student guilty that she ended up hurting a classmate? The more Hen observes Matthew, the more she suspects he's planning something truly terrifying. Yet no one will believe her. Then one night, when she comes face to face with Matthew in a dark parking lot, she realizes that he knows she's been watching him, that she's really on to him. And that this is the beginning of a horrifying nightmare she may not live to escape. . .
