DAISY RORY

The Age of Augustus Manchester University Press
During the two centuries before the birth of Christ, all the lands around the Mediterranean came under the control of the Romans. Their power extended into Europe as far as the Rhine and the Danube and into Asia as far as the Euphrates. Some use was made of coined money over the whole of that area before the Romans came; there were diverse currencies, based on a number of different systems. By the middle of the first century A.D. Roman gold and silver had taken the place of almost all other value currencies, and in much of the area Roman bronze and copper had taken the place of other kinds of small change. So

much is clear, but much else remains far from clear. What purposes had the Roman government, and other authorities, in mind in deciding whether and when to issue currency, and in what quantities and denominations? Was Roman currency deliberately imposed, other currencies being deliberately suppressed? Was there an increase in demand for coined money during this period, whether as a result of Roman conquest or for other reasons? Was demand satisfied? Was currency being exported from the Roman world in sufficiently large quantities to cause a shortage already in the first half of the first century A.D.? -- pg. [1].

Augustan Papers Cambridge University Press

In the early Roman Empire, women's domestic roles were given new public prominence. Through an examination of early imperial representations of women's activities and responsibilities within

the household, Kristina Milnor argues that this emphasis on private morality is actually a new way of understanding the nature of political life.

The Romans and Theirs Gods in the Age of Augustus Georg Olms Verlag

In this updated edition of his concise biography, Werner Eck tells the extraordinary story of Augustus, Rome's first monarch. Incorporates literary, archaeological, and legal sources to provide a vivid narrative of Augustus' brutal rise to power Written by one of the world's leading experts on the Roman empire Traces the history of the Roman revolution and Rome's transformation from a republic to an empire Includes a new chapter on legislation, further information on the monuments of the Augustan period, more maps and illustrations, and a stemma of Augustus' family Thorough, straightforward, and organized chronologically, this is an ideal resource for anyone approaching the subject for the first time

Poetry and Politics in the Age of Augustus John Wiley & Sons Captures the dynamics and richness of this era by examining important aspects of the period.

The Cambridge History of Classical Literature: Volume 2, Latin Literature, Part 3, The Age of Augustus Wentworth Press

An jenem Tag, da Augustus bestattet wurde, kamen alle öffentlichen und privaten Geschäfte zum Stillstand. Ganz Rom und Hunderttausende von Menschen aus ganz Italien beteiligten sich an den Trauerfeierlichkeiten. Die Leiche wurde in einem Sarg auf den Scheiterhaufen gesetzt. Über dem Sarg ruhte, für alle sichtbar, ein aus Wachs gefertigtes Abbild des Toten. Als das Feuer aufloderte, stieg ein Adler in den Himmel - ein Zeichen

dafür, daß der Verstorbene zu den Göttern erhoben worden war. Ein Senator bestätigte später unter Eid, er habe die Seele des Verstorbenen zu den Göttern auffahren sehen. Livia, die Witwe des toten Augustus, belohnte den Zeugen mit einer Million Sesterzen. Wer war dieser Mensch, der damals unter die Götter aufgenommen worden sein soll? Ein Willkürherrscher? Ein Friedensfürst? Ein Neugestalter von Staat, Heer, Gesellschaft und Kultus, kurzum - der Neugestalter der römischen Welt? Werner Eck bietet in seiner fesselnden Biographie Antworten auf diese und viele weitere Fragen zur Machtpolitik des Augustus.

The Crisis of Masculinity in the Age of Augustus Oxford University Press, USA

Describes the politics, culture, religion, and society of Rome during the reign of the Emperor Augustus.

[Augustus Caesar in Augustan England](#) BRILL

During his long reign of near-absolute power, Caesar Augustus established the Pax Romana, which gave Rome two hundred years of peace and social stability, and established an empire that would endure for five centuries and transform the history of Europe and the Mediterranean. Ronald Mellor offers a collection of primary sources featuring multiple viewpoints of the rise, achievements, and legacy of Augustus and his empire. His cogent introduction to the history of the Age of Augustus encourages students to examine such subjects as the military in war and peacetime, the social and cultural context of political change, the reform of administration, and the personality of the emperor himself. Document headnotes, a list of contemporary literary sources, a glossary of Greek and Latin terms, a chronology, questions for consideration, and a selected bibliography offer

additional pedagogical support.

Law and Love in Ovid Cambridge University Press

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

The Golden Age of Augustus Vintage

The Power of Images in the Age of Augustus University of Michigan Press

Augustus und seine Zeit Wiley-Blackwell

Howard D. Weinbrot challenges the view that the period 1660-1800 is correctly regarded as the "Augustan" age of English literature, a time in which classical Augustan ideals provided a main source of inspiration. Scholars have held that British writers of the Restoration and eighteenth century considered Augustus

Caesar to be the model of the wise ruler who enabled political, literary, and moral wisdom to flourish. This book shows on the contrary that classical standards, though often invoked, were often rejected by many informed citizens and writers of the day. Anti-Augustan sentiment consolidated by the 1730s, when both Whig and Tory, court and country, viewed Augustus as the enemy of the mixed and balanced constitution that was responsible for British liberty. Professor Weinbrot focuses in particular on literature and its classical backgrounds, reinterpreting major works by Pope and Gibbon. Originally published in 1978. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

The Age of Augustus Oxford University Press, USA

Examines the imperial mythology that was reflected by Roman art and architecture during the rule of Augustus Caesar

Augustus and the Creation of the Roman Empire Macmillan Higher Education

This volume in the LACTOR Sourcebooks in Ancient History series features primary texts on the Age of Augustus (31 BC-AD 14), with accompanying maps, illustrations, glossary and introductory notes. It provides for the needs of students at schools and universities who are studying ancient history in English

translation and has been written and reviewed by experienced teachers. The texts selected include extracts from the important literary sources but also numerous inscriptions, coin legends and extracts from legal texts, some of which were previously difficult for students to access.

Chang'an 26 BCE Cambridge University Press

"This is a work of the first importance. It addresses a major epoch of ancient history, and its methodology has been rarely practiced by anyone. . . . It's the most impressive scholarly debut I have seen in a generation."--G. W. Bowersock, author of "Fiction as History"

The Idea of Universal History in Greece University of Michigan Press

This anthology is a compilation of primary sources in translation, covering Roman politics, art, literature, social history and philosophy. The sources have been carefully selected to provide the primary evidence for a detailed study of Rome and Augustus, founder of the Empire. Also included are sources for a more wide-ranging study of the development of Principate to Empire under Augustus' successors and for the development of Roman rule in the provinces of Gaul, Germany, Britain and Judaea.

Gender, Domesticity, and the Age of Augustus The Power of Images in the Age of Augustus

The princeps Augustus (63 BCE - 14 CE), recognized as the first of the Roman emperors, looms large in the teaching and writing of Roman history. Major political, literary, and artistic developments alike are attributed to him. This book deliberately and provocatively shifts the focus off Augustus while still looking at events of his time. Contributors uncover the perspectives and

contributions of a range of individuals other than the princeps. Not all thought they were living in the "Augustan Age." Not all took their cues from Augustus. In their self-display or ideas for reform, some anticipated Augustus. Others found ways to oppose him that also helped to shape the future of their community. The volume challenges the very idea of an "Augustan Age" by breaking down traditional turning points and showing the continuous experimentation and development of these years to be in continuity with earlier Roman culture. In showcasing absences of Augustus and giving other figures their due, the papers here make a seemingly familiar period startlingly new. Rome, the Augustan Age University of Wisconsin Pres

"The author makes it possible for the modern reader to appreciate the real feeling behind the seemingly conventional and formalistic imprecations and appeals to the gods of Roman literature, and to understand the faith which sustained many of Rome's most distinguished citizens. He makes wide use of original material (all of which is quoted in translation) to give a picture of religious life at Rome between 80 B.C. and A.D. 69. He tells us how the Romans prayed; what happened at a sacrifice; what sort of gods they believed in and how seriously they took their religion." [Back cover].

The Power of Images in the Age of Augustus C.H.Beck

Der vorliegende Band markiert den zweitausendsten Todestag des princeps mit einer Reihe von Studien, die neue Zugänge zum römischen Herrscher Augustus und seiner Regentschaft bieten. Die thematisch weit gefächerten Beiträge fokussieren zentrale Themen der Augustusforschung aus der Sicht des 21. Jahrhunderts. Der Band bietet Studien aus archäologischer,

philologischer und althistorischer Perspektive, die auf der Tagung ‚XIV A.D. SAECVLVM AVGVSTVM. The Age of Augustus‘ im September 2014 in Lissabon präsentiert und diskutiert wurden. Mit dem Titel, *Augustan Papers*, wird an das 80. Jubiläum der Publikation *Roman Papers* (1939) von Ronald Syme erinnert.

***** The present volume marks the bimillennium of the death of the princeps with a selection of essays that offer new approaches to the Emperor Augustus and his reign. The essays cover a variety of subjects related to Augustan scholarship from a twenty-first century perspective. The studies brought together in this volume are based on papers delivered and discussed by archaeologists, philologists, and historians of ancient Rome at the conference on ‚XIV A.D. SAECVLVM AVGVSTVM. The Age of Augustus‘ held in Lisbon (the Roman Olisipo) in September 2014. The title, *Augustan Papers*, is intended to commemorate the eightieth anniversary of the publication of Ronald Syme’s *Roman Papers* (1939).

Roman Poetry and Propaganda in the Age of Augustus Cambridge University Press

The sixty years between 43 BC, when Cicero was assassinated, and AD 17, when Ovid died in exile and disgrace, saw an unexampled explosion of literary creativity in Rome. Fresh ground was broken in almost every existing genre, and a new kind of specifically Roman poetry, the personal love-elegy, was born, flourished, and succumbed to its own success. Latin literature now became, in the familiar modern sense of the word, classical: a balanced fusion of what was best and most stimulating in earlier Greek and Roman writing, charged with new and original life by the individual genius of, most particularly,

Virgil, Horace and Ovid. Augustan literature, conventionally viewed as the expression in writing of the age itself - political and social stability reflected in artistic equilibrium - turns out on a close and critical reading to have been subject to the same stresses and strains as the society in and for which it was produced. In appraising the monumental literary achievements of the age the underlying tensions and contradictions are not ignored. The critical discussions in this volume do full justice to the complexity and subtlety of the literature itself.

The Romans and Their Gods in the Age of Augustus Nitya Publications

This is an expanded version of a lecture given in the Departments of History and Classics at Harvard in 1998. Starting from a methodological point of view, this book shows the evolution of the idea of world history through the works of Herodotus, Thucydides, Xenophon, Ctesias, Ephorus, Polybius and others up to the historians of the Augustan epoch.

Augustan Papers Oxford University Press, USA

In this concise biography, Professor Werner Eck, one of the world's leading experts on the Roman empire, tells the extraordinary story of Augustus, Rome's first emperor. A concise and gripping account of Augustus and his age. Written by one of the world's foremost experts on the Roman Empire. Examines the transformation of Rome from a republic to a monarchy. Covers domestic and foreign policy, constitutional developments, and cultural achievements. Compares Augustus' own account of his life to other historical narratives and archaeological records. Includes a new translation of Augustus' *Res Gestae* with a short introduction and a substantial bibliography to aid further study.
