This book takes us on a journey. A journey that every human being must face. As Mark Twain put it: "The two most important days in a person's life are the day they were born and the day they discover why." Why are we here? Does God have a plan? Is 'church' all there is? Which religion is the right one? Do we need religion at all? This is a personal story. It is a unique journey that traverses diverse regions of the globe from the prosperous west to some of the darkest, most dangerous places on earth. You, too, have a unique journey... a journey to discover 'the why' you are

here. It's a journey that: -Challenges old mind-sets-Confronts us with complexities that require paradigm shifts in our long-held ways of seeing and doing things-Dares us to appreciate the multifaceted and interconnected relationships that God has created in his world -Challenges us to enter into the views, interests and power of God himself The why you are here is not some small, insignificant option. You are a vital part of God's plan to take back the nations. For this we need each other! Your special touch, your unique gift, personality, abilities - who you are in God's hands is 'the sound of a trumpet' - in his plan to 'turn the world upside down'!

If only she would have listened to her family a long time ago, she would have known that God was real. Instead, she's forced to deal with the Plagues of the 7 trumpets and the three empty beds where her children lay only nights before. She felt grateful to have Will by her side, even though he was the reason she was still standing there. With

a little bit of teamwork, a lot of prayer, and a few homecooked meals, Elise tries to fight for her survival all the while being plagued by God's wrath. The hail and blood were one thing, the locusts, that was an entirely different story. The sound and the fury... On a dark night in Pennsylvania, a jazz legend met his death. But now, in the heat and light of Las Vegas, the sound of Clifford Brown's soaring trumpet is coming back to life. Because a man named Evan Horne, who knows all about jazz and pain, is unraveling a puzzle that reaches back forty years to Brown's last hours—and that has already gotten one person killed. Horne was called to Las Vegas to authenticate some recordings purported to be the lost tapes of Clifford Brown. But when a murder interrupts his listening session, Horne becomes the key player in a dangerous duet. Carrying a worn old trumpet that may have belonged to Clifford Brown himself, Horne is pursuing the truth behind an audiotape that may be worth a fortune, may be a hoax, and may be just one haunting melody in a killer's murderous obsession...
