"A very good book. My life stopped for five hours!" - Vasily Mahanenko "Hugely motivating! A fast-paced, easy read which was worth the sleepless night. On to Book Two!" - Alexey Osadchuk "A Real-LitRPG author faces the challenging task of walking the tightrope, doing a balancing act between the drab normalcy of everyday routine and the hero's larger-than-life adventures which might prove too improbable to convince the skeptical reader. In this book, however, Sugralinov has successfully pulled off both!" - Michael Atamanov At thirty years old, Phil is an unemployed gamer who struggles to make ends

meet. His only source of income is freelance writing (when he feels inspired enough to add another article to his less-than-popular blog). His wife has just walked out on him, leaving him without money, purpose, or food in the fridge. On the day his wife dumps him, Phil receives a mysterious piece of wetware. A game interface seems to have been implanted in his brain which allows him to see the world through the eyes of an RPG player. Now that Phil discovers his real-life stats, he can see they're far below average. With 4 pt. Agility, 6 pt. Strength and 3 pt. Stamina, his most advanced life skill is predictably gaming. Luckily, real-life stats can be leveled up just like virtual ones. But will it help Phil get his wife back? Can he stop being such a couch potato? Would the new game help him become fitter? Or more successful? Can his gaming skills finally come in handy in real life? Last but not least, can he find out who could have uploaded the mysterious

game to his brain? And how is he supposed to deal with this unknown but apparently omnipotent force?

In his latest graphic novel, *Dragon Hoops*, New York Times bestselling author Gene Luen Yang turns the spotlight on his life,

his family, and the high school where he teaches. Gene understands stories—comic book stories, in particular. Big action. Bigger thrills. And the hero always wins. But Gene doesn't get sports. As a kid, his friends called him "Stick" and every basketball game he played ended in pain. He lost interest in basketball long ago, but at the high school where he now teaches, it's all anyone can talk about. The men's varsity team, the Dragons, is having a phenomenal season that's been decades in the making. Each victory brings them closer to their ultimate goal: the California State Championships. Once Gene gets to know these young all-stars, he realizes that their story is just as thrilling as anything he's seen on a comic book page. He knows he has to follow this epic to its end. What he doesn't know yet is that this season is not only going to change the Dragons's lives, but his own life as well.
