Head Cases Farrar,

Straus and Giroux

A sizzling fan-favorite
 from USA TODAY

bestselling author Victoria
 Dahl, previously published
 in 2012. Grace Barrett
 never expected to find

herself living with her aunt in Jackson Hole, Wyoming. She figures she'll spend a little time in the sticks to figure out her life, and then move somewhere exciting to live out her dreams. But she wasn't counting on meeting Cole Rawlins. Cole is a rugged Wyoming cowboy born and bred. Yet he can't help but be drawn to the fascinating big-city girl who moves in across from him. But as they discover a sizzling attraction, it becomes harder for him to keep his demons at bay—and

those fires from long ago may burn them both. They'll need more than scorching-hot passion to make this opposites-attract affair work. But if they can learn to trust one another enough to reveal their secrets, they just might have a chance at forever. Originally published in 2012. VNR AG Stone Barrington gets a taste of New York City's devious upper crust in this "sleek and engaging"* mystery in the #1 New York Times bestselling series. Hired to prove

infidelity in an heiress's marriage, Stone Barrington goes undercover. But the work turns dirty—and catastrophic—when the errant husband is found dead and the other woman disappears without a trace. Now, Stone must clear his own good name and find a killer hiding among the glitterati of New York's high society.

The David Story: A Translation with Commentary of 1 and 2 Samuel Penguin Presents the Chicano

experience of living within, between, and sometimes outside two cultures, exploring the damnation, salvation, and celebration of it all.

Dirty Work W. W. Norton & Company

Head Cases takes us into the dark side of the brain in an astonishing sequence of stories, at once true and strange, from the world of brain damage. Michael Paul Mason is one of an elite group of experts who coordinate care in the complicated aftermath of tragic injuries that can

last a lifetime. On the road with Mason, we encounter survivors of brain injuries as they struggle to map and make sense of the new worlds they inhabit. Underlying each of these survivors' stories is an exploration of the brain and its mysteries. When injured, the brain must figure out how to heal itself, reorganizing its physiology in order to do the job. Mason gives us a series of vivid glimpses into brain science, the last frontier of medicine, and we come away in awe of

the miracles of the brain's workings and astonished at the fragility of the brain and the sense of self, life, and order that resides there. Head Cases "[achieves] through sympathy and curiosity insight like that which pulses through genuine literature" (The New York Sun); it is at once illuminating and deeply affecting.

Stories of Brain Injury and Its Aftermath HQN Books

"A masterpiece of contemporary Bible translation and commentary."—Los

Angeles Times Book Review, Best Books of 1999 Acclaimed for its masterful new translation and insightful commentary, The David Story is a fresh, vivid rendition of one of the great works in Western literature. Robert Alter's brilliant translation gives us David, the beautiful, musical hero who slays Goliath and, through his struggles with Saul, advances to the kingship of Israel. But this David is also fully human: an ambitious, calculating man who navigates his

life's course with a flawed moral vision. The consequences for him, his family, and his nation are tragic and bloody. Historical personage and full-blooded imagining, David is the creation of a literary artist comparable to the Shakespeare of the history plays.

Chicanismo

This is an illustrated technical guide to the Boeing 737 aircraft. Containing extensive explanatory notes, facts, tips and points of interest on all aspects of this hugely successful airliner

and showing its technical evolution from its early design in the 1960s through to the latest advances in the MAX. The book provides detailed descriptions of systems, internal and external components, their locations and functions, together with pilots notes and technical specifications. It is illustrated with over 500 photographs, diagrams and schematics. Chris Brady has written this book after many years developing the highly successful and

informative Boeing 737
Technical Site, known
throughout the world by
pilots, trainers and

engineers as the most
authoritative open source
of information freely
available about the 737.
