Being an Earth Angel  
on Earth can be  
difficult, especially  
when it doesn't feel  
like home, and when  
there's a deep longing  
for a realm or  
dimension where you  
feel you belong.

Finding a Twin Flame,  
is like coming home.  
Losing one, can be  
devastating. Adrift,  
lonely, isolated... an  
Earth Angel would be  
forgiven for preferring  
to go home, than to  
stay here without their  
Flame. But if they can  
find the strength to  
stay, to follow their  
mission to Awaken the  
world, and fulfil their  
original purpose, they  
will find they can be  
happy here. Even

We hear the distant echoes of piercing screams. Once, these screams rang through the flames. Now, they vibrate across burnt remnants, growing gradually softer in the smoke-fogged air. From the ashes, four survivors rise — Dutch, Jin, Aletta, Aysi. The chosen ones, but not the only ones. Meanwhile, pure evil has come to Earth, hell-bent on destroying all who remain. What was once the world we called our home has

become a sickening, frightening purgatory, its surfaces crawling with red-eyed creatures of sheer darkness. The human survivors find themselves lost, both in body and in soul. Where are they to go now, seeing as their home is not their own? And even if they manage to survive, can hope survive, as well? Amid all the despair, our four heroes hear a distant calling, a voice both soft and welcoming: "Angel Falls." They are to go there. And perhaps, upon completing their treacherous journey, they will at last encounter some needed answers...

When Head of the Earth Angel Training Academy, Velvet, receives a call from an Elder on the first day of term, she knows that the new class will be unlike any other she has taught. While experiencing the most tumultuous time of her very long existence, Velvet must remember

her buried past, and open her eyes to the future so that she can prepare the Earth Angel trainees for the toughest missions of their existence - to Awaken the humans before the world ends. Time is running out... The is the second edition. Review: "The Earth Angel Training Academy packs wonderful and ancient truth into an imaginatively original tale that both delights and enlightens. The result: a read that is both fun and inspiring." - Neale Donald Walsch "I enjoyed the escapism of this book. A number of books I have read recently (especially Kindle or e-books) have been poorly proofread and not well written - this was definitely an exception, which

meant I could immerse myself in the story without being distracted or irritated by bad grammar and mis-spelling. I could easily visualise the characters and their surroundings from the description provided and have to say I wished I was there!" "Dived straight into the sequel on finishing this one as I couldn't wait to find out what happened!" - crystal dragon

Angel's first book A Spring in the Desert

has been very successful, many readers have reported finding strength in the truth of her words. In

Flame, Angel delves into the human condition; powerful spirit confined in the flesh and the tension, friction, and passion that can ignite. It is a collection, seeking to illustrate that which is oftentimes so difficult to express, and that which in this technology driven world filled with distractions and false connections we can oftentimes forget, that we are spiritual beings having a human experience.

In An Angel in the Flame, C. Gene Wilkes moves between the stories of Samson and Jesus to explore and illuminate two models of leadership for readers to consider in thinking about their own lives. Jesus's and Samson's lives both began with divine messages, both were set apart for God, and both were destined to save their people. Yet Samson was careening and rebellious, always larger-than-life if not

always the best thinker, while Jesus was vibrant and spiritually adventurous, celebrating life with others instead of at their expense. By setting up a series of parallels comparing the two men at prayer, with women, and at death, among other things Wilkes remembers with readers some of the beloved stories of our Christian heritage and also considers what truly counts as success in answering God's call to join the life of faith.

This is a gripping tale of two saviors. Two men whom God chose to rescue his people. Two men anyone familiar with history would call heroes among their people. Two men who represent the best and worst the human experience have to offer. One was the Arnold Schwarzenegger of his day. The other was a humble carpenter who led no army or held no office, yet in his death

caused a cosmic ripple that touches the edges of our universe today. Both are part of God's story to capture the hearts of men and women with his love, but only one lived out God's ultimate purpose for his life. This tale is about Samson and Jesus.
