MCKENZIE SANAI

A Reference for Learners of Tagalog HarperCollins
 New York Times bestselling author Shauna Niequist invites you to look at the landscape of your own life, consider what it might look like to leave behind the pressure to be perfect, and begin the life-changing practice of simply being present in the middle of the mess and the ordinariness of life. A few years ago, Shauna found herself exhausted and isolated, her soul and body sick. She was tired of being tired and burned out on busy. It seemed like almost everyone she talked to was in the same boat: longing for connection, meaning, and depth, but settling for busy. But then something changed: she learned a new way to live. She decided to trade the hustle and bustle for grace, love, stillness, and play, and it changed everything. Shauna offers an honest account of what led her to begin this journey and a compelling vision for an entirely new way to live: soaked in rest, silence, simplicity, prayer, and connection with the people who matter most to us. As you witness Shauna's journey, you'll be inspired to embark on

one of your own. She gives you the encouragement you need to: Put an end to people-pleasing tendencies Embrace moments of simplicity, quiet, and stillness Accept that you are worthy of love, belonging, and joy Written in Shauna's warm and vulnerable style, this collection of essays focuses on the most important transformation in her life, and maybe yours too: leaving behind busyness and frantic living and rediscovering the person you were made to be. Present Over Perfect is a hand reaching out, pulling you free from the constant pressure to perform faster, push harder, and produce more while maintaining an exhausting image of perfection. Join the over 500,000 others who have already started walking this new path away from frantic pushing and proving and toward their true selves.

Present Over Perfect HarperCollins Leadership
 Filipino national hero Jose Rizal wrote The Social Cancer in Berlin in 1887. Upon his return to his country, he was summoned to the palace by the Governor General because of the subversive ideas his book had inspired in the nation. Rizal wrote of his consequent persecution by the church: "My book made a lot of noise; everywhere, I am asked about it. They wanted to anathematize me ['to excommunicate me'] because of it ... I am considered a

German spy, an agent of Bismarck, they say I am a Protestant, a freemason, a sorcerer, a damned soul and evil. It is whispered that I want to draw plans, that I have a foreign passport and that I wander through the streets by night ..."

The team behind *How Google Works* returns with management lessons from legendary coach and business executive, Bill Campbell, whose mentoring of some of our most successful modern entrepreneurs has helped create well over a trillion dollars in market value. Bill Campbell played an instrumental role in the growth of several prominent companies, such as Google, Apple, and Intuit, fostering deep relationships with Silicon Valley visionaries, including Steve Jobs, Larry Page, and Eric Schmidt. In addition, this business genius mentored dozens of other important leaders on both coasts, from entrepreneurs to venture capitalists to educators to football players, leaving behind a legacy of growing companies, successful people, respect, friendship, and love after his death in 2016. Leaders at Google for over a decade, Eric Schmidt, Jonathan Rosenberg, and Alan Eagle experienced firsthand how the man fondly known as Coach Bill built trusting relationships, fostered personal growth—even in those at the pinnacle of their careers—inspired courage, and identified and resolved simmering tensions that inevitably arise in fast-moving environments. To honor their mentor and inspire and teach future generations, they have codified his wisdom in this essential guide. Based on interviews with over eighty people who knew and loved Bill Campbell, *Trillion Dollar Coach* explains the Coach's principles and illustrates them with stories from the many great people and companies with which he worked. The result is a blueprint for forward-thinking business leaders and managers that will help them create higher performing and faster moving cultures, teams, and companies.

Never Split the Difference Quezon City, University of the Philippines

Joining the ranks of *The Life-Changing Magic of Not Giving a F*ck*, *The Subtle Art of Not Giving a F*ck*, *You Are a Badass**, and *F*ck Feelings* comes this refreshing, BS-free, self-empowerment guide that offers an honest, no-nonsense, tough-love approach to help you move past self-imposed limitations. Are you tired of feeling fu*ked up? If you are, Gary John Bishop has the answer. In this straightforward handbook, he gives you the tools and advice you need to demolish the slag weighing you down and become the truly unfu*ked version of yourself. "Wake up to the miracle you are," he directs. "Here's what you've forgotten: You're a fu*king miracle of being." It isn't other people that are standing in your way, it isn't even your circumstances that are blocking your ability to thrive, it's yourself and the negative self-talk you keep telling yourself. In *Unfu*k Yourself*, Bishop leads you through a series of seven assertions: I am willing. I am wired to win. I got this. I embrace the uncertainty. I am not my thoughts; I am what I do. I am relentless. I expect nothing and accept everything. Lead the life you were meant to have—*Unfu*k Yourself*.

Boundaries is the book that's helped over 4 million people learn

when to say yes and know how to say no in order to take control of their lives. Does your life feel like it's out of control? Perhaps you feel like you have to say yes to everyone's requests. Maybe you find yourself readily taking responsibility for others' feelings and problems. Or perhaps you focus so much on being loving and unselfish that you've forgotten your own limits and limitations. Or maybe it's all of the above. In the New York Times bestseller, *Boundaries*, Drs. Henry Cloud and John Townsend help you learn when to say yes and know how to say no in order to take control of your life and set healthy, biblical boundaries with your spouse, children, friends, parents, co-workers, and even yourself. Now updated and expanded for the digital age, this book continues to help millions of people around the world answer these tough questions: Can I set limits and still be a loving person? What are legitimate boundaries? How do I effectively manage my digital life so that it doesn't control me? What if someone is upset or hurt by my boundaries? How do I answer someone who wants my time, love, energy, or money? Why do I feel guilty or afraid when I consider setting boundaries? How do boundaries relate to mutual submission within marriage? Aren't boundaries selfish? You don't have to let your life spiral out of control. Discover how boundaries make life better today! Plus, check out *Boundaries* family collection of books dedicated to key areas of life - dating, marriage, raising kids, parenting teens, and leadership. Workbooks and Spanish editions are also available.

Finding Our Way to Joy, Love, and Freedom HarperCollins

The Golden Ass is the only Ancient Roman novel in Latin to survive in its entirety. The protagonist of the novel is called Lucius, like the author. At the end of the novel, he is revealed to be from Madaurus, the hometown of Apuleius himself. The plot revolves around the protagonist's curiosity (*curiositas*) and insatiable desire to see and practice magic. While trying to perform a spell to transform into a bird, he is accidentally transformed into an ass. This leads to a long journey, literal and metaphorical, filled with in-set tales. He finally finds salvation through the intervention of the goddess Isis, whose cult he joins.

Of Human Bondage Good Press

This harrowing mystery, winner of the Philippine National Book Award, follows two Catholic priests on the hunt through Manila for a brutal serial killer Payatas, a 50-acre dump northeast of Manila's Quezon City, is home to thousands of people who live off of what they can scavenge there. It is one of the poorest neighborhoods in a city whose law enforcement is already stretched thin, devoid of forensic resources and rife with corruption. So when the eviscerated bodies of preteen boys begin to appear in the dump heaps, there is no one to seek justice on their behalf. In the rainy summer of 1997, two Jesuit priests take the matter of protecting their flock into their own hands. Father Gus Saenz is a respected forensic anthropologist, one of the few in the Philippines, and has been tapped by the Director of the National Bureau of Investigations as a backup for police efforts. Together with his protégé, Father Jerome Lucero, a psychologist, Saenz dedicates himself to tracking down the monster preying on these impoverished boys. *Smaller and Smaller Circles*, widely regarded as the first Filipino crime novel, is a poetic masterpiece of literary noir, a sensitive depiction of a time and place, and a fascinating story about the Catholic Church and its place in its devotees' lives.

From the creator of *The Good Place* and the cocreator of *Parks and Recreation*, a hilarious, thought-provoking guide to living an ethical life, drawing on 2,400 years of deep thinking from around

the world. Most people think of themselves as “good,” but it’s not always easy to determine what’s “good” or “bad”—especially in a world filled with complicated choices and pitfalls and booby traps and bad advice. Fortunately, many smart philosophers have been pondering this conundrum for millennia and they have guidance for us. With bright wit and deep insight, *How to Be Perfect* explains concepts like deontology, utilitarianism, existentialism, ubuntu, and more so we can sound cool at parties and become better people. Schur starts off with easy ethical questions like “Should I punch my friend in the face for no reason?” (No.) and works his way up to the most complex moral issues we all face. Such as: Can I still enjoy great art if it was created by terrible people? How much money should I give to charity? Why bother being good at all when there are no consequences for being bad? And much more. By the time the book is done, we’ll know exactly how to act in every conceivable situation, so as to produce a verifiably maximal amount of moral good. We will be perfect, and all our friends will be jealous. OK, not quite. Instead, we’ll gain fresh, funny, inspiring wisdom on the toughest issues we face every day.

The Correct Answer to Every Moral Question Pearson Prentice Hall

From the author of the international mega-bestseller *The Subtle Art of Not Giving a F*ck* comes a counterintuitive guide to the problems of hope. We live in an interesting time. Materially, everything is the best it’s ever been—we are freer, healthier and wealthier than any people in human history. Yet, somehow everything seems to be irreparably and horribly f*cked—the planet is warming, governments are failing, economies are collapsing, and everyone is perpetually offended on Twitter. At this moment in history, when we have access to technology, education and communication our ancestors couldn’t even dream of, so many of us come back to an overriding feeling of hopelessness. What’s going on? If anyone can put a name to our current malaise and help fix it, it’s Mark Manson. In 2016, Manson published *The Subtle Art of Not Giving a F*ck*, a book that brilliantly gave shape to the ever-present, low-level hum of anxiety that permeates modern living. He showed us that technology had made it too easy to care about the wrong things, that our culture had convinced us that the world owed us something when it didn’t—and worst of all, that our modern and maddening urge to always find happiness only served to make us unhappier. Instead, the “subtle art” of that title turned out to be a bold challenge: to choose your struggle; to narrow and focus and find the pain you want to sustain. The result was a book that became an international phenomenon, selling millions of copies worldwide while becoming the #1 bestseller in 13 different countries. Now, in *Everything Is F*cked*, Manson turns his gaze from the inevitable flaws within each individual self to the endless calamities taking place in the world around us. Drawing from the pool of psychological research on these topics, as well as the timeless wisdom of philosophers such as Plato, Nietzsche, and Tom Waits, he dissects religion and politics and the uncomfortable ways they have come to resemble one another. He looks at our relationships with money, entertainment and the internet, and how too much of a good thing can psychologically eat us alive. He openly defies our definitions of faith, happiness, freedom—and even of hope itself. With his usual mix of erudition and where-the-f*ck-did-that-come-from humor, Manson takes us by the collar and challenges us to be more honest with ourselves and connected with the world in ways we probably haven’t considered before. It’s another counterintuitive romp through the pain in our hearts and the stress of our soul. One of the great modern writers has produced another book that will set the agenda for years to come.

#1 NEW YORK TIMES BESTSELLER – OVER 3 MILLION COPIES SOLD

Do you ever suspect that everyone else has life figured out and you don’t have a clue? If so, Rachel Hollis has something to tell you: that’s a lie. If you have ever said any of these things to yourself . . . Something else will make me happy. I’m not a good mom. I will never get past this. I am defined by my weight. I should be further along by now. . . . then you could benefit from the unflinching faith and rock-hard tenacity Rachel Hollis has in store for you. In this challenging but conversational book, Rachel exposes the twenty lies and misconceptions that too often hold us back from living joyfully and productively, lies we’ve told ourselves so often we don’t even hear them anymore. Rachel is real and talks about real issues. More than that, she reveals the specific practical strategies that helped her move past them. In the process, she encourages, entertains, and even kicks a little butt, all to convince you to do whatever it takes to get real and become the joyous, confident woman you were meant to be. Because you really can live with passion and hustle – and give yourself grace without giving up.

Isa Sa Dalawang Dakilang Gantimpala ; 1983-84 Learning Tagalog

Why do some people break through and make an impact while others get stuck going through the motions? In every organization there are Impact Players—those indispensable colleagues who can be counted on in critical situations and who consistently receive high-profile assignments and new opportunities. Whether they are on center stage or behind the scenes, managers know who these top players are, understand their worth, and want more of them on their team. While their impact is obvious, it’s not always clear what actually makes these professionals different from their peers. In *Impact Players*, New York Times bestselling author and researcher Liz Wiseman reveals the secrets of these stellar professionals who play the game at a higher level. Drawing on insights from leaders at top companies, Wiseman explains what the most influential players are doing differently, how small and seemingly insignificant differences in how we think and act can make an enormous impact, and why—with a little coaching—this mindset is available to everyone who wants to contribute at their highest level. Based on a study of 170 top contributors, Wiseman identifies the mindsets that prevent otherwise smart, capable people from contributing to their full potential and the five practices that differentiate Impact Players: While others do their job, Impact

Players figure out the real job to be done. While others wait for direction, Impact Players step up and lead. While others escalate problems, Impact Players move things across the finish line. While others attempt to minimize change, Impact Players are learning and adapting to change. While others add to the load, the Impact Players make heavy demands feel lighter. Wiseman makes clear that these practices—and the right mindset—can help any employee contribute at their fullest and shows leaders how they can raise the level of play for everyone on the team. Impact Players is your playbook for the new workplace.

A former international hostage negotiator for the FBI offers a new, field-tested approach to high-stakes negotiations—whether in the boardroom or at home. After a stint policing the rough streets of Kansas City, Missouri, Chris Voss joined the FBI, where his career as a hostage negotiator brought him face-to-face with a range of criminals, including bank robbers and terrorists. Reaching the pinnacle of his profession, he became the FBI's lead international kidnapping negotiator. Never Split the Difference takes you inside the world of high-stakes negotiations and into Voss's head, revealing the skills that helped him and his colleagues succeed where it mattered most: saving lives. In this practical guide, he shares the nine effective principles—counterintuitive tactics and strategies—you too can use to become more persuasive in both your professional and personal life. Life is a series of negotiations you should be prepared for: buying a car, negotiating a salary, buying a home, renegotiating rent, deliberating with your partner. Taking emotional intelligence and intuition to the next level, Never Split the Difference gives you the competitive edge in any discussion.
