DREAM LOFTY DREAMS, AND AS YOU DREAM, SO YOU SHALL BECOME. *As We Think, So We Are*, the fifth book in the Library of Hidden Knowledge, invites readers to explore the pioneering teachings of James Allen, one of the first leaders of the self-help movement. Dr. Ruth Miller offers modern translations of three of Allen's most insightful essays. Using clear, concise language paired with practical applications, Miller creates an accessible

way to delve into and explore the fundamental processes that determine how we interact with—and understand—the world. Allen's seminal theories in metaphysics introduced millions in the last century to the Law of Attraction, one of the most transformative paths to fulfillment in the modern age. In *As We Think, So We Are*, we find Allen's writing to be as important and life changing today as it was a hundred years ago. As Allen put it, "All that we are is the result of what we have thought. It is founded in our thoughts; it is made up of our thoughts." *From Poverty to Power: The Realization of Prosperity and Peace* Createspace Independent Pub
All that we achieve and all that we fail to achieve is the direct result of our own thoughts. "Self-control is strength. Right thought is mastery. Calmness is power. " — James Allen, *As a Man Thinketh* "As a Man Thinketh" is a literary essay by James Allen, first published in 1902. In more than a century it has become an

inspirational classic, selling millions of copies worldwide and bringing faith, inspiration, and self healing to all who have encountered it. The title comes from the Bible: "As a man thinketh in his heart, so is he." -- Proverbs, chapter 23, verse 7. As himself Allen describes, "It shows how, in his own thought-world, each man holds the key to every condition, good or bad, that enters into his life, and that, by working patiently and intelligently upon his thoughts, he may remake his life, and transform his circumstances. ...and it can be carried in the pocket." Too many mortals strive to improve only their worldly position--and too few seek spiritual betterment. Such is the problem James Allen faced in his own time. The ideas he found in his inner-most heart after great searching guided him as they will guide you. A True Classic that Belongs on Every Bookshelf!

Thought is the seed for action. If you control the cause- you can control the effect. The main message of this succinct, yet powerful, book is: the quality of your thoughts determine your quality of life. If your thoughts are pure and good, your life will also be good; and vice versa. "Man's mind may be likened to a garden, which may be intelligently cultivated or allowed to run wild; but whether cultivated or neglected, it must, and will, bring forth. If no useful seeds are put into it, then an abundance of useless weed-seeds will fall therein, and will produce their kind." James Allen maintains: The man is the master of thought, the molder of character, and the maker and shaper of condition, environment, and destiny. He compares the human mind with a garden and the man with a gardener. Just like a gardener removes the weeds from his garden so must we discard the impure and useless thoughts from our mind and must concentrate on cultivating the useful and pure thoughts. By the right choice and true application of thoughts, man ascends

towards perfection.
