POLLARD CONRAD

Cambridge University Press
 Teachers, like other professionals, need to stay informed about new knowledge and technologies. Yet many express dissatisfaction with the professional development opportunities made available to them in schools and insist that the most effective development programs they have experienced have been self-initiated. *Enhancing Professional Development for Teachers* explores how the provision of professional development through online media has had a significant influence on the professional lives of an increasing number of teachers. Growing numbers of educators contend that online teacher professional development (OTPD) has the potential to enhance and even transform

teachers' effectiveness in their classrooms and over the course of their careers. They also acknowledge that it raises many challenging questions regarding costs, equity, access to technology, quality of materials, and other issues. *Enhancing Professional Development for Teachers* suggests that teachers be active participants in planning and implementation of any new technologies that enhance professional development. The book recommends that federal and state policy makers take on the responsibility of promoting equal access to technology while the federal government and foundations play an important role by supporting the development, evaluation, and revision of OTPD.

 In COLLEGE MATHEMATICS FOR THE MANAGERIAL, LIFE, AND SOCIAL SCIENCES, Soo T. Tan provides an accessible yet accurate presentation of mathematics combined with just the right balance of applications, pedagogy, and technology to help students succeed in the course. The new Sixth Edition includes highly interesting current applications and exercises to help stimulate student motivation. An exciting new array of

supplements provides students with extensive learning support so instructors will have more time to focus on teaching core concepts.

International Interdependence Pearson Higher Ed

An Incredibly Humorous Coloring book for Kids and Adults!

A High-Contrast Book Hong Kong University Press

Presents the artist's sketches, sumi paintings, and watercolors depicting the austerity, hardship, hope, and beauty he discovered in the internment camp, and includes a collection of his interviews and correspondence.

Buch Heyday

Is is the 9th Edition of the Substitute Teacher Handbook by STEDI.org

Joyful Mending Wizards of the Coast

The world's best-selling textbook on book-keeping and accounting, *Business Accounting Volume 1* continues to provide an indispensable introduction for students and professionals across the globe. It is renowned for clarity, with easy-to-understand language and a plethora of examples to aid your understanding. The 12th edition is updated to be fully compliant with International Financial Reporting Standards (IFRS). Other updates include new coverage of professional ethics, disaster recovery, and over 70 new examples to test your understanding. 'A benchmark for all accounting books.' Sarah Knight, former Finance Courses Coordinator, Huntingdonshire Regional College 'The writing style of the book is "spot-on" and just the right tone - well done! I consider all chapters to be at the appropriate level, very practical and structured in manageable "bite-sized" chunks.' Alison Fox, Lecturer, University of Dundee This title can be supported by MyAccountingLab, an online homework and tutorial system designed to test and build your students understanding. MyAccountingLab provides a personalised approach, with instant feedback and numerous additional resources to support their learning. For students · A personalised study plan · Worked solutions showing them how to solve difficult problems · An eText for quick reference · Case studies to help them apply what they've learned · Audio animations and videos Use the power of MyAccountingLab to accelerate your students learning. Tourism and Hospitality Studies Routledge *Joyful Mending* shows you how to fix old items of clothing, linens and household objects by turning tears and flaws into beautiful features. Simply by applying a few easy sewing, darning, felting, or crocheting techniques, as well as some

sashiko and other favorite embroidery stitches, you can repair your favorite pieces in a transformative way. These techniques don't just save you money, but make your life more joyful, fulfilling and sustainable in an age of disposable "fast fashion." Author Noriko Misumi teaches you her philosophy of mending and reusing items based on the age-old Japanese concepts of mindfulness and Wabi Sabi (an appreciation of old and imperfect things). In her book, she shows you how to: Repair any kind of fabric that is torn, ripped or stained—whether knitted or woven Work with damaged flat or curved surfaces to make them aesthetically pleasing again Create repairs that blend in, as well as bold or whimsical visible repairs Darn your handmade or expensive gloves, sweaters and socks to make them look great again The joy to be found in working with your hands and the personal artistry you discover within yourself lie at the heart of this book. While nothing lasts forever, there's pleasure, as well as purpose, in appreciating age and imperfection. *Joyful Mending* allows you to surround yourself with the things that truly give you joy, whether they were given to you by a loved one, picked up in your travels or simply have a special place in your heart.

An Anthology of Short Stories Zander Publishing Company

Ladybugs, snails, and butterflies! Oh my!

This charming introduction to ten garden bugs, paired with friendly text and bold, basic patterns, provides a great high-contrast experience for young developing eyes. Newborns cannot fully recognize colors, so the sharp contrast between black and white patterns and illustrations allows babies to follow along and make connections to the real world, an important building block for communication skills. Using simple greetings like "Hello, bumblebee" and "Good to see you, dragonfly" alongside black-and-white art by Julissa Mora, *Hello, Garden Bugs* is the perfect board book for babies just beginning to look around and learn about their world. Featured in *Omnivoracious*. Also available: *Hello, Baby Animals* and *Hello, Ocean Friends*. Coming soon: *Hello, My World*.

Professor Povey's Perplexing Problems

Pearson UK

A visually-striking and thought-provoking resource to support Visual Arts for the IB diploma. *Visual Arts for the IB Diploma* student book is tailored to the IB subject guide for first exam 2016. This student book covers each of the core areas of the Visual Arts course and links them to theoretical, art-making and curatorial

practices. It includes activities to give students practical ways to learn and reflect on their work, as well as a wealth of case studies and examples of students' work to aid understanding of visual arts in the real world.

Science Fiction by Scientists Harcourt College Pub

Pass with Distinction Physics (By Topic) is specially written for students who wish to score an excellent grade in their GCE O Level Physics examination. Based on the LATEST syllabus (5058), it contains many challenging questions that provide excellent revision material. These questions also help to reinforce students' understanding of concepts and their ability to apply them. The multiple choice questions (MCQs) and structured questions (SQs) have been carefully categorised into 22 topics. Answers are provided for all questions, with detailed solutions for the SQs. Full solutions, explanations and comments are also included for the more challenging MCQs. The new trend and challenging questions are marked with ⚡. It is hoped that every student will greatly benefit from the use of this book. We believe it will give students an edge and added confidence in their forthcoming examination.

Raw Blue Tuttle Publishing

On an especially creepy PTA night, zombies, werewolves, ghosts, tentacled creatures, and space aliens all converge upon the school.

Chiura Obata's Art of the Internment

Thomas Nelson

The new edition of this tried and trusted course has been updated to meet the requirements of the new Key Stage 3 curriculum, providing a range of blended resources to help support and develop independent learning and creativity. DSE (M2) Peter Lang D This book by the author of *Why Am I Afraid to Love?* contains insights on self-awareness, personal growth and communication with others. Why do people continually hide their real selves from the people around them? Why are so many so insecure and afraid to open up? The answer, explains John Powell, is that maturity is reached by communicating and interacting with others. This book considers the consequences our real self faces if no one else ever finds out what we are like. In this enduring classic, the companion to *Why Am I Afraid to Love?*, John Powell explains how to be more emotionally open, and shows how people adopt roles and play psychological games to protect their inner selves. The courage to be our real selves can be developed, and then we can begin to grow. Now newly

designed for a fresh audience, *Why Am I Afraid to Tell You Who I Am?* is as relevant as it has been for twenty years. With a proven track record, it continues to speak to the needs and aspirations of people today. It is best included in self help sections of general bookshops, but also has a religious appeal.

Substitute Teacher Handbook Oxford University Press

The Science Focus Second Edition is the complete science package for the teaching of the New South Wales Stage 4 and 5 Science Syllabus. The Science Focus Second Edition package retains the identified strengths of the highly successful First Edition and includes a number of new and exciting features, improvements and components. The innovative Teacher Edition with CD allows a teacher to approach the teaching and learning of Science with confidence as it includes pages from the student book with wrap around teacher notes including answers, hints, strategies and teaching and assessment advice.

BEC Vantage Testbuilder Longman
Award-winning novel by Kirsty Eagar, author of *Saltwater Vampires* and *Night Beach*. *Raw Blue* was awarded the 2010 Victorian Premier's Literary Awards Young Adult Fiction prize. Readers of Tim Winton's *Breath* will be drawn to *Raw Blue*, an achingly beautiful young adult novel set in Sydney's northern beaches. Winner of the 2010 Victorian Premier's Literary Awards, it is a haunting story about finding your passion in life. Carly has dropped out of uni to spend her days surfing and her nights working as a cook in a Manly cafe. Surfing is the one thing she loves doing ... and the only thing that helps her stop thinking about what happened two years ago. Then she meets Ryan and Carly has to decide. Will she let the past bury her? Or can she let go of her anger and shame, and find the courage to be happy? Check out Kirsty Eagar's website at www.kirstyeagar.com, and read her blog to find out about her thoughts on books, writing, music, surfing, and finding inspiration, or visit betweenthelines.com.au - the destination for Young Adult books. Praise for *Raw Blue*: 'Kirsty Eagar's fearless *Raw Blue*, a story of regeneration set on Sydney's

northern beaches, is much more than just a promising debut: this one delivers.' Australian Book Review Best Books of 2009: Critics' Choices 'Kirsty Eagar's first novel explores dark territory with skill and sensitivity.' The Age 'An emotionally rich and powerful first novel.' Canberra Times 'If you only read one book this year ... it should be Kirsty Eagar's *Raw Blue* one of those kept-me-up-all-night novels that stays in your bones and sings in your ears long after you've finished it. It wouldn't be out of place next to Tim Winton's *Breath*, except this is the ocean as healer, not as an object to be conquered, or the site of self-destruction, of risk. The images crackle, the lines are full of the poetry of observation, the story is searing, gutting, beautiful. This should be compulsory reading for all teenagers especially boys.' julialawrinson.livejournal.com 'This is a psychologically intense novel that involves even non-surfing readers in the release Carly feels when conquering the waves we empathise with her in the long battle between desire and fear on the path to self-acceptance.' *Maggies* 'I read this book feverishly, desperate for a happy ending, and afterwards found it difficult to get Carly and the men who ride into her life out of my mind.' Newcastle Herald '[a] very moving book It's dark subject matter, but Eagar makes it uplifting.' Sunday Territorian 'A memorable first book by a writer who gives an honest approach to what young adults face growing up and growing wiser.' Woman's Day Read of the Week

Tricolore Total 1 Zondervan

This book features five theme-based units on cross-disciplinary academic English skills, focusing on the needs of first-year undergraduate students. Each unit covers academic writing, reading and speaking skills. The units progressively take students through the steps needed to complete three common academic assignments: the essay, report and tutorial discussion. These steps include searching for sources, note-taking, establishing personal stance, synthesizing information from multiple sources and structuring academic texts. Each unit also includes opportunities for students to analyze texts, apply their critical thinking skills, try out what they have learnt in productive tasks,

as well as reflect upon their progress. It is aimed at first-time university students. Many of the readings in the book are related to China and the broader Asian context. As such, this textbook might appeal to first-year university students in Hong Kong, Mainland China and Taiwan. [Visible Repairs for the Perfectly Imperfect Things We Love!](#) Frank Wood's Business Accounting Volume 1

Before David Ponder ever visited Truman in *The Traveler's Gift*, Michael Holder began his journey as the last young traveler to receive the unique gifts of wisdom offered by historical greats. In his senior year of high school, Michael hits rock bottom. Having been caught in the wrong place at the wrong time, he has now been suspended from the track team and lost his college scholarship. His coach is angry, his parents are disappointed, and he's diving headfirst into a downward spiral. Facing the bleak future ahead, he sees no way out and wonders if life is really worth living. But with some divine intervention, he's given a second chance when he's offered a once-in-a-lifetime journey of discovery. Rewritten to engage the minds of teens and tweens, *The Young Traveler's Gift* is sure to encourage and enlighten young men and women as they prepare to face the journeys that lie ahead.

Hello, Garden Bugs Pearson

Amelia Kurt was different. And she knew it. That didn't stop her from loving her best friend, Annabelle Johnson. They spent an entire summer making love, and growing into what was promising to be the only relationship either ever knew. Then, one day, the unexpected happens. Anna disappears. No reason, no forwarding address, no number. She was simply gone. Eleven years later, Anna returns. Her truth is heartbreaking but it's only the beginning of their journey to recovery.

[Topaz Moon](#) duopress

This book discusses "tourism and hospitality" from different perspectives and disciplines. In addition, this book, considering the tourism and hotel management terminology, is expected to be a source book for the theoretical and practical scientific studies in the fields which is in close relationship such as gastronomy, recreation and marketing.
