Social Marketing: Changing Behaviors for Good - Nancy R ... Social marketing can help achieve sustainable behaviour change. Taking a consumer-centred approach through using social marketing to communicate sustainability helps you understand people and their ... Social marketing can help achieve sustainable behaviour change. Social marketing—using marketing tools and techniques to facilitate behavior change—is a proven approach that's been used for decades in programs addressing public health, social and environmental issues, and international development. It's not just about creating clever ads, conducting focus groups or leveraging social media. Using Social Marketing for Behavior Change This type of initiative provides a platform for change agents, opinion leaders or "Connectors" to make the case for the behavior change and engage in a meaningful dialogue with the target audience. Regardless of how change agents emerge, they can play powerful roles in community building and social change. The challenge for behavior change initiatives is to identify and empower change agents to lead. Barriers and Benefits: Changing Behavior Through Social ... Good Communication is not always the key to any behaviour change program. Good communication is certainly important but there is more to social marketing than communications. The most successful behavior change initiatives focus on removing barriers to desired behaviors. This takes more than a good communications campaign. 10 Tips for Changing People's Behaviours through Social ... Behavior change marketing, also known as social marketing, is the term public health professionals use to refer to marketing that builds awareness about a social issue, like wear your seatbelt, don't smoke, get a mammogram and recycle. But social marketing is more than just building awareness. 8 strategies to motivate behavior change: social marketing ... Social marketing : behavior
