RANDALL BURKE

OutBoise Magazine Routledge
New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from

politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

Texas Monthly Guest House - Adult Magazines for Men

Los Angeles magazine is a regional magazine of national stature. Our combination of award-winning feature writing, investigative reporting, service journalism, and design covers the people, lifestyle, culture, entertainment, fashion, art and architecture, and news that define Southern California. Started in the spring

of 1961, Los Angeles magazine has been addressing the needs and interests of our region for 48 years. The magazine continues to be the definitive resource for an affluent population that is intensely interested in a lifestyle that is uniquely Southern Californian.

Guest House - Adult Magazines for Men Profile Books

The male market is exploding. Thanks to emerging social and cultural trends, men are becoming consumers to reckon with. In 1990 only 4% of men claimed to regularly use a skin care product. By 2015 the figure will have risen to 50%. Branded Male discusses the evolution of the male consumer and the desire of marketers to tap into the still underdeveloped male market. Crammed with facts and anecdotes, it analyzes how to effectively brand products and services for the male market. Using a typical modern male's weekday as a template and examining all the influences affecting him, Branded Male considers his exposure to brands and the ways marketers can exploit these channels, taking you through popular strategies for marketing to men. In his trademark style, Mark Tungate paints a

portrait of the male consumer. From razor blades to beer, from aftershave to hotels, he finds out which marketing messages have the most impact on male wallets. Men's bank balances may never be the same again.

The 2017 winner of the Robert and Vineta Colby Scholarly Book Prize Providing a comprehensive, interdisciplinary examination of scholarship on nineteenth-century British periodicals, this volume surveys the current state of research and offers researchers an in-depth examination of contemporary methodologies. The impact of digital media and archives on the field informs all discussions of the print archive. Contributors illustrate their arguments with examples and contextualize their topics within broader areas of study, while also reflecting on how the study of periodicals may evolve in the future. The Handbook will serve as a valuable resource for scholars and students of nineteenth-century culture who are interested in issues of cultural formation, transformation, and transmission in a developing industrial and globalizing age, as well as those whose research focuses on the bibliographical and the micro case study. In addition to rendering a comprehensive review and critique of current research on nineteenth-century British periodicals, the Handbook suggests new avenues for research in the twenty-

first century. "This volume's 30 chapters deal with practically every aspect of periodical research and with the specific topics and audiences the 19th-century periodical press addressed. It also covers matters such as digitization that did not exist or were in early development a generation ago. In addition to the essays, readers will find 50 illustrations, 54 pages of bibliography, and a chronology of the periodical press. This book gives seemingly endless insights into the ways periodicals and newspapers influenced and reflected 19th-century culture. It not only makes readers aware of problems involved in interpreting the history of the press but also offers suggestions for ways of untangling them and points the direction for future research. It will be a valuable resource for readers with interests in almost any aspect of 19th-century Britain. Summing Up: Highly recommended" - J. D. Vann, University of North Texas in CHOICE

For almost forty years, Paul Raymond was one Britain's most scandalous celebrities. Best known as the owner of the world famous Raymond Revuebar, he was a successful theatre impresario, property magnate and porn baron. With his pencil moustache, gold jewellery and taste for showgirls, Raymond was both the brash personification of nouveau riche vulgarity and exemplar of the entrepreneurial spirit that enabled a poor boy from Liverpool to become Britain's richest man. 'Like 24 Hour Party People, we want to capture the life of an extraordinary man living in extraordinary times' Steve Coogan [New York Magazine](#) Oxford University Press on Demand

Although the different contributions to this book range over a wide spectrum of substantive issues, they share a common interest. This is a concern to explore the ways in which notions of the relations between theory and practice, between belief and action, can be used to develop three kinds of sensitivity in the sociology of education. A sensitivity towards how school systems are created, maintained and made to function; towards developing

a more refined, critical and constructive awareness of the reliability and validity of descriptions, analyses and explanations offered in this field of study; and a sensitivity towards the ways in which changes take place within the education system and how the insights and realisations generated in the discipline might be used to control such occurrences.

PC Mag Kogan Page Publishers

The first comprehensive study of how images of male beauty are projected onto society, *Behold the Man: The Hype and Selling of Male Beauty in Media and Culture* examines the role media and society play in creating the image of the idealized male. This book explores how these images are interpreted by all genders and sexual orientations in order to investigate the phenomenon's effect on the self-esteem of adolescent and adult males. *Behold the Man* provides you with research and examples that identify this problem from many angles to help you realize that being a man is more than merely possessing muscles and good looks. Discussing examples in which both attractive men and women are idealized

as "the norm," *Behold the Man* argues that men are experiencing the same injustices as women--splashed on the covers of magazines and in advertisements, based on their sex appeal, sometimes to promote nothing more than their looks. Within *Behold the Man*, you'll find topics that relate to the reasons for and effects of male beauty standards, such as: aspects of male beauty, from Ancient Greek ideals to how it is visualized throughout history in art the vision of "the ideal male," along with sexual connotations, in advertisements for clothing, cologne, sunglasses, automobiles, and shaving products the emphasis of strong, well-built males and their bodies in movies, music videos, and literature how men alter their bodies by dieting and cosmetic surgery to achieve the look found in advertisements today's growing numbers of male eating disorders caused by the notion that only good-looking, muscular men are acceptable reasons behind the exploitation of the male body and the double standards for male beauty found within gay male communities how advertisers and authors faithfully follow the "bigger is better" theory--from

pectoral and bicep muscles to penis size. Recognizing how society has created and changed the appearance of the ideal male, this text explains to you the danger men of all ages face who feel they need to be physically handsome to be desirable. From *Behold the Man*, you'll learn about the real messages of advertising and media, the problems they cause, and that true self-worth cannot be measured by physical attributes.

The business of pornography is a surprisingly elusive subject, and debates on the subject can cause emotions to run high. Tarrant answers the most-asked questions about the performers, the viewers, the dangers and the economic impact of the porn industry. She sorts myths from reality, and the result allows readers to explore these provocative issues and make their own decisions.

This multi-authored scholarly volume explores the divide between men and women in their consumption of news media, looking at how the sexes read and use news, historically and currently, how they use technology to access their news, and how today's news pertains to and is used by women. The volume also addresses diversity issues among women's use of news, considering racial, ethnic, international and feminist perspectives. The volume is intended to help readers understand adult news use behavior--a critical and timely issue considering the state of newspapers and television news in today's multi-media news environment.
