### GIANCARLO MCCULLOUGH

Comarca sin fronteras Editorial Norma

La propiedad intelectual es cada vez más importante en el mundo globalizado, que ha estructurado un nuevo orden en el que los Estados pierden soberanía para poder formular políticas públicas que protejan a sus ciudadanos A partir de un enfoque crítico dual (compuesto por el análisis político, económico e internacional y los estudios sobre salud pública y administración de salud) esta investigación intenta explicar las causas por las cuales las relaciones de poder global, vigentes en el mundo actual, han generado una barrera estructural para que los países en desarrollo accedan a medicamentos esenciales y a la tecnología biomédica El presente libro busca facilitar la comprensión de problemas contemporáneos de la salud global relacionados con la transferencia internacional de riesgos para la salud Además, está especialmente dirigido a los responsables del análisis y la formulación de las políticas públicas comerciales y de salud, y a todos aquellos actores que intervienen en la prestación de los servicios asistenciales, pues la dinámica global afecta su cotidianidad, incluso la nuestra, sin que muchas veces seamos conscientes de ello

**Como vencer los obstaculos hacia un mundo globalizado sin fronteras? Argumentos en favor de la globalizacion (Spanish)** VINTAGE ESPAÑOL

El mundo hispanohablante en textos / Reading the Spanish-Speaking World es un libro de texto para estudiantes de español de nivel intermedio y

avanzado. Recoge textos auténticos que acercarán al estudiante al mundo hispanohablante y le permitirán desarrollar su dominio de la lengua española y reflexionar críticamente sobre temas de actualidad. Cada capítulo gira en torno a un texto escrito por un autor contemporáneo. Las actividades fomentan la reflexión sobre el tema abordado, así como el desarrollo de las destrezas receptivas y de producción del estudiante, ampliando en el proceso su vocabulario y conocimientos gramaticales. El estudiante podrá observar y trabajar con diversos registros y estilos de escritura; a través de las actividades, se le invita a investigar y responder a temas políticos, culturales y sociales, muchos de los cuales son específicos al mundo hispanohablante. Se incluyen además un extenso glosario de palabras, así como explicaciones detalladas de aspectos gramaticales; estos recursos proporcionan un valioso material de referencia. Este es el libro ideal para cualquier curso de lengua española de niveles B2 y C1. Se puede usar dentro y fuera del aula. El mundo hispanohablante en textos / Reading the Spanish-Speaking World is a content-based textbook written in Spanish, which aims to develop command of the Spanish language and critical thinking skills through response to a series of texts originating from a number of different Spanish-speaking countries. The nineteen chapters, all including texts by contemporary authors, cover a range of themes of up-to-date interest. Users are encouraged to engage with these topical works through a selection of activities which will develop reading, writing and speaking skills together with a wider command of vocabulary and grammatical structures. Users will also learn about different styles and registers of writing and be able to respond to a variety of contemporary political, cultural and social issues, most of which are specific to the Spanish-speaking world. Additionally, the inclusion of an extensive word glossary and detailed explanations of grammatical points provides valuable reference material for users. This is the ideal textbook to accompany any course in Spanish language at B2 and C1 level, and can be used both within and

outside the classroom.

**Hybridity in Spanish Culture** Oxford University Press

With its focus on recent detective series featuring female investigators, this collection analyzes the authors' treatment of current social, political and economic problems in Spain and beyond, in addition to exploring interrelations between gender, globalization, the environment and technology. The contributions here reveal the varied ways in which the use of a series allows for a deeper consideration of such issues, in addition to permitting the more extensive development of the protagonist investigator and her reactions to, and methods of, dealing with personal and professional challenges of the twenty-first century. In these stories, the authors employ strategies that break with long-standing conventions, developing crime fiction in unexpected ways, incorporating elements of science fiction, the supernatural, and the historical novel, as well as varied geographical settings (small towns, provincial cities, and rural communities) beyond the urban environment, all of which contributes to the reinvigoration of the genre.

Kein anderes Thema hat die europäische Politik in den letzten Jahren so beeinflusst wie die Debatte um Geflüchtete, Asyl und Migration. Dabei wird die Diskussion dominiert von Schlagworten, falschen Tatsachenbehauptungen und Scheinlösungen. Gerald Knaus erklärt in seinem Buch, worum es tatsächlich geht, und zeigt, dass humane Grenzen möglich sind. Der Migrationsexperte, dessen Analysen Regierungen in ganz Europa beeinflusst haben, erklärt, welche Grundsatzprobleme wir dafür lösen müssten und warum seine Ideen mehrheitsfähig und umsetzbar sind.

*Creating Spaniards* Routledge

La integración de España en las Comunidades Europeas supuso su implicación plena en esa *¿unión de los pueblos de Europa¿* explicitada en los Tratados Fundacionales. Los veinte años de presencia española en las instituciones europeas han supuesto grandes cambios para nuestro país, y lo han hecho en un doble sentido. Por un lado, la impronta comunitaria ha rebasado el ámbito económico y legislativo para sentar las bases de una auténtica ciudadanía europea. Por otro, la influencia española ha sido decisiva al trasladar a la agenda europea asuntos de interés nacional de primer orden. El libro recoge las distintas reflexiones sobre algunos de los temas políticos, culturales y económicos más relevantes de estas dos décadas de participación plena de España en la Unión Europea.

**Arco GED en Espanol - GED in Spanish** Univ of California Press

Galician culture has experienced an unprecedented period of growth since the re-establishment of democracy and the development of its political autonomy. Audio/visual production (music and cinema in particular) has provided some of the privileged channels through which modern Galician cultural identities have been imagined, constructed, and consumed at home and abroad. Some of these include innovative animation features in the leading edge of international production, avant-garde non-fiction films winning accolades around the world, videos widely distributed through the Internet, Movidá groups emerging from the periphery, and folk artists merging into the pan-Celtic music movement globally. This creative explosion has occurred in a productive dialogue with the global currents at large and with considerable projection beyond the geopolitical boundaries of the nation and the state, but these seismic changes are only beginning to be the subject of attention of cultural and media studies. This book aims to explore some of the dramatic changes which have taken place in the Galician cultural landscape and argues for a perspectival shift towards a postnational and interdisciplinary cultural studies approach based on a deterritorialization of the Galician cultural map. Book jacket.

**Ideas sin fronteras en los límites de las ideas** HarperCollins Espanol

This book builds upon Irina Carlota [Lotti] Silber's nearly 25 years of ethnographic research centered in Chalatenango, El Salvador, to follow the trajectories—geographic, temporal, storied—of several extended Salvadoran families. Traveling back and forth in time and across borders, Silber narrates the everyday unfolding of diasporic lives rich with acts of labor, love, and renewed calls for memory, truth, and accountability in El Salvador's long postwar. Through a retrospective and intimate ethnographic method that examines archives of memories and troubles the categories that have come to stand for "El Salvador" such as alarming violent numbers, Silber considers the lives of young Salvadorans who were brought up in an everyday radical politics and then migrated to the United States after more than a decade of peace and democracy. She reflects on this generation of migrants—the 1.5 insurgent generation born to forgotten former rank-and-file militants—as well as their intergenerational, transnational families to unpack the assumptions and typical ways of knowing in postwar ethnography. As the 1.5 generation sustains their radical political project across borders, circulates the products of their migrant labor through remittances, and engages in collective social care for the debilitated bodies of their loved ones, they transform and depart from expectations of the wounded postwar that offer us hope for the making of more just global futures.

**Comunicación y promoción de la Salud en la era digital.** Liverpool University Press

The Spanish course book and Study Guide have been written specifically for the Languages B programme which will be taught from September 2011 with first assessment from May 2013. These two components are suitable for both Higher and Standard level students. These two components provide plenty of guidance and information about topics that students need to deal with the themes, text types and assessment required for the new

Languages B Diploma programme. The course book covers all the core and optional topics and has a separate unit on literature. Students are given a wide variety of text types and assessment-style questions and are encouraged to think and reflect in an IB-inspired way. Further links are made throughout to Theory of Knowledge and Creativity, Action, Service. The most comprehensive and written specifically for the most recent Language B syllabus, including all the options Authentic and current Spanish texts resonate with learners and drive discussion, strengthening critical thought

**Peripheral Visions/global Sounds** John Wiley & Sons

En este libro, titulado Comunicación y promoción de la salud en la era digital, y coordinado por tres reputados especialistas en la comunicación de la salud en España, se presta particular atención a la propagación de la pseudociencia y de bulos de tratamientos médicos, tanto por Twitter como otras redes sociales. También se analiza el uso de Instagram por los enfermos de cáncer en el momento de hablar de sus tratamientos y su relación con los médicos. Asimismo, se popularizan y discuten términos como "pacientes digitales", "comunicación de anticipación", "salud digital", "empresa saludable", "e-Health, eSalud o tele-salud". Todo ello aporta una muy interesante y actualizada revisión al estado de la cuestión de la comunicación de la salud en España, con complementos también muy valiosos centrados en Hispanoamérica, que abren vías de análisis a futuros trabajos de investigación.

**Medicamentos esenciales y propiedad intelectual** Dykinson

Hispanic Marketing: Connecting with the New Latino Consumer is about using cultural insights to connect with Latino consumers. It's about marketing strategies that tap into the passion of Hispanic consumers so that marketers and service providers can establish the deep connections they need for a successful campaign. This book provides an understanding of the Latino consumer that goes beyond simplistic recipes. This highly revised and expanded edition comes on the heels of new US Census figures: Hispanics now account for 53% of the US population growth since 2000, soaring to over 16% of the total population. Corporations are now realizing that they must incorporate Hispanic cultural values into their products, services, and communications. This edition reflects and responds to the profound changes the Latino market has experienced since the first edition. It considers the way in which changes in cultural identity, immigration, economics, and market synergies need to be addressed in a new relationship with Hispanic consumers. Twenty-five new industry case studies illustrate the chapters. These case studies show how brands from diverse categories have developed a cultural understanding of their Latino target and created campaigns that established strong bonds.

The #1 guide to the Spanish-language version of the GED This steady bestseller provides everything Spanish speakers need to succeed on the high school equivalency test, including three full-length Spanish-language GED tests with explanatory answers, in-depth review of all subjects tested, updated and expanded coverage of GED science topics, practice for the English proficiency test required in Puerto Rico and certain states, and study tips for adult learners.

**Calderón sin fronteras** Scarecrow Press

Whether used for the development and support of an existing collection or for the creation of a new collection serving Spanish-speaking young readers, this outstanding resource is an essential tool. Following the same format as the highly praised 1996-1999 edition, Schon presents critical annotations for 1300 books published between 2000 and 2004, including reference, nonfiction, and fiction. One section is devoted to publishers' series, and an appendix lists dealers who carry books in Spanish. Includes author, title, and subject indexes.

**AP Spanish Language and Culture Premium** Oxford University Press - Children

"This timely and humane book redirects our attention from headlines that frame issues of ethnicity and religion as divisive and conflict-ridden to the quiet and unswerving work of persons of faith who promote understanding and compassion. As such, this book not only opens our eyes to the work of religious activists, it also provides insight into ourselves. It is an excellent study that offers much to scholars interested in immigration, religion, and social movements, and I certainly hope it will inspire policy makers and public officials as well."—Cecilia Menjivar, author of *Framed Ties: Salvadoran Immigrant Networks in America* "In this enlightening book, Pierrette Hondagneu-Sotelo explores the surprising ways in which diverse Muslim, Jewish, and Christian activists have engaged in projects of inclusion—from the workplaces of Los Angeles and Orange County to the San Diego-Tijuana border. In the process, rather than imposing new layers of monotheistic religious separatism, they advance the democratic ideals of American pluralism."—Rubén G. Rumbaut, co-author of *Immigrant America and Legacies: The Story of the Immigrant Second Generation*. "Three of the most persistent themes in American history are immigration, race, and religious devotion. Pierrette Hondagneu-Sotelo brilliantly examines their interaction in recent U.S. politics. How to protect and nurture new immigrants is perhaps our nation's most morally urgent problem right now, even while mainstream politicians seem obsessed instead with 'protecting' our borders. This book shows how a small number of brave people, taking their religion seriously, are grappling with these fundamental issues."—James M. Jasper, City University of New York "A much-needed corrective to our often skewed understanding of the role of religion in public life. With unusual sensitivity and perceptiveness, Hondagneu-Sotelo tells the compelling stories of activists from a variety of religious traditions who are guided by their faith to work for immigrant rights and social justice. They provide the rest of us with a 'moral blueprint' for living in an increasingly global world."—Peggy Levitt, author of *Transnational Villagers* "God's Heart Has No Borders makes vital contributions to current policy and scholarly debates about immigration. It will elevate the national conversation, providing a much-needed antidote to facile and polarizing readings of this complex phenomenon. Hondagneu-Sotelo's judicious and rigorous-yet-sensitive approach allows the voices, values, and experiences of religious activists working for immigrant rights to emerge with full moral force. At the scholarly level, she offers rich and fresh insights into the unique ways in which religion can contribute to transformative social action and civil public discourse."—Manuel A. Vásquez, co-editor of *Immigrant Faiths: Transforming Religious Life in America*

**The Dialectics of Exile** Simon and Schuster

Landscape, Nature, and the Body Politic explores the origins and lasting influences of two contesting but intertwined discourses that persist today when we use the words landscape, country, scenery, nature, national. In the first sense, the land is a physical and bounded body of terrain upon which the nation state is constructed (e.g., the purple mountain majesties above the fruited plain, from sea to shining sea). In the second, the country is constituted through its people and established through time and precedence (e.g., land where our fathers died, land of the Pilgrims pride). Kenneth

Robert Olwig's extended exploration of these discourses is a masterful work of scholarship both broad and deep, which opens up new avenues of thinking in the areas of geography, literature, theater, history, political science, law, and environmental studies. Olwig tracks these ideas through Anglo-American history, starting with seventeenth-century conflicts between the Stuart kings and the English Parliament, and the Stuart dream of uniting Scotland with England and Wales into one nation on the island of Britain. He uses a royal production of a Ben Jonson masque, with stage sets by architect Inigo Jones, as a touchstone for exploring how the notion of "landscape" expands from artful stage scenery to a geopolitical ideal. Olwig pursues these contested concepts of the body politic from Europe to America and to global politics, illuminating a host of topics, from national parks and environmental planning to theories of polity and virulent nationalistic movements. "

*God's Heart Has No Borders* Cambridge Scholars Publishing

¿Cuáles de nuestras creencias acerca de Dios afectan la relación con Él? ¿Realmente nuestras acciones pueden cambiar su amor hacia nosotros? Con su apasionante estilo humano, William Paul Young nos transmite un mensaje que ha cambiado vidas en todo el mundo y nos hace reflexionar sobre temas tan profundos como el error de la «recompensa» y el «castigo», la religión y el infierno, para ayudarnos a aceptar plenamente el inmenso amor de Dios y alimentar la llama de nuestra fe. Hace algunos años este autor tocó el corazón de miles de lectores con *La Cabaña*, la entrañable historia llevada al cine en 2017. Ahora, en plena madurez espiritual, plantea grandes interrogantes para derribar falsas creencias acerca del Creador, como «Dios está decepcionado de mí», «Dios me ama, pero no le caigo bien», «A Dios no le importa lo que a mí me apasiona», entre otras. Mentiras que creemos sobre Dios marcará la vida de quien lo lea.

McGraw-Hill Education

L2 Spanish Pragmatics is a comprehensive, state-of-the-art overview of current research into pragmatics and Spanish language teaching. It presents

the research on the teaching of pragmatics and Spanish language as a multifaceted discipline. Written by an international cohort of scholars, the breadth of topics includes innovative topics in the teaching of Spanish, such as genre analysis, discourse markers, politeness and impoliteness, nonverbal communication, irony, and humor, as well as web-based pragmatics resources. Key features: An overview of new trends in Spanish pragmatics research and the growing need for instruction in intercultural communication; Insights derived from important theoretical and empirical works that may contribute to integrate pragmatics in the teaching of the language; Explanations with great clarity, plenty of examples and references, as well as connections to language teaching and learning; Tasks and activities that can help teachers move from a traditional curricular approach to a more innovative and engaging one; Descriptions of numerous activities or guidelines for the classroom, supplemented with additional materials; A bilingual glossary of terms in pragmatics that will help teachers in their implementation of activities to teach L2 Spanish pragmatics. L2 Spanish Pragmatics constitutes a reference book on current research on learning and teaching Spanish pragmatics. It will be of interest to university lecturers, researchers, and graduate students. It will also be an excellent resource for language educators and K-16 teachers willing to expand their knowledge and apply the teaching of pragmatics as an integral component in the teaching of the Spanish language.
