## GLORIA CROSS

*The House of Tongues* Simon and Schuster

When the doors of the lift crank open the only thing Thomas remembers is his first name. But he's not alone. He's surrounded by boys who welcome him to the Glade — a walled encampment at the centre of a bizarre and terrible stone maze. Like Thomas, the Gladers don't know how or why they came to be there — or what's happened to the world outside. All they know is that every morning when the walls slide back they will risk everything — even the Grievors; half-machine, half-animal horrors that patrol its corridors — to try to find the way out.

From James Dashner, author of the #1 New York Times bestselling Maze Runner series, comes the paperback of *The Rule of Thoughts*, the second book in the Mortality Doctrine series and the exciting companion to *The Eye of Minds* and *The Game of Lives*. Look for *The Maze Runner* movie in stores now! And get ready for the movie adaptation of book two in the bestselling series, *The Scorch Trials*, which will hit theaters on September 18, 2015! Michael completed the Path, and the truth he discovered about Kaine is more complex—and more terrifying—than anyone at VirtNet Security could have anticipated. Kaine is a Tangent, a computer program that has become sentient. And Michael's completing the Path was the first stage in turning Kaine's master plan, the Mortality Doctrine, into a reality. The Mortality Doctrine will populate Earth

entirely with human bodies harboring Tangent minds. Any gamer who sinks into the VirtNet risks coming out with a Tangent intelligence in control of their body. The VNS would rather pretend the world is perfectly safe, but Michael and his friends know that the takeover has already begun. And if they don't stop Kaine soon, it will be game over for humanity.
