SHANNON KEITH

English File 4E Elementary Student Book
Cambridge University Press
American English File Second Edition
retains the popular methodology
developed by world-renowned authors
Christina Latham-Koenig and Clive
Oxenden: language + motivation =
opportunity. With grammar, vocabulary,
and pronunciation practice in every lesson,
students are equipped with a solid

foundation for successful speaking. Plus -
an array of digital resources provides even
more choice and flexibility. Students can
learn in the classroom or on the move with
Online Practice. language assessment. The
first goal is to explore the difference
between fairness and justice in language
assessment. The authors distinguish
internal and external dimensions of the
equitable and just treatment of individuals
taking language tests which are used as
gatekeeping devices to determine access
to education and employment, immigrant
status, citizenship, and other rights. The
second goal is to show how the extent of

test fairness can be demonstrated and
improved using the tools of psychometrics,
in particular the models collectively known
as Rasch measurement. "This book will
have an enormous impact on the field of
language assessment. Using Rasch
analysis models to explore and identify
sources of unfairness, the authors make a
compelling case for fairness in the design
and implementation of language
assessment instruments and for justice in
the interpretation and use of test results.
A real strength of the book is that it guides
readers through analytical techniques in
an accessible way." Dan Douglas,

Professor Emeritus, Applied Linguistics Program, Iowa State University.

American English File: Starter: Workbook OXFORD

English File's unique, lively and enjoyable lessons are renowned for getting students talking. In fact, 90% of English File teachers we surveyed in our impact study found that the course improves students' speaking skills. communication and language practice than ever before, helping students develop relevant

communication skills they can use immediately in the workplace.

American English File: Level 1a: Multi-pack Pack OXFORD

American English in Mind is an integrated, four-skills course for beginner to advanced teenage learners of American English. American English in Mind Level 3 Student's Book with DVD-ROM features 16 units. Thought-provoking reading, listening, speaking, and writing topics motivate teenage students of American English. Content-rich photostories and dialogues present contemporary spoken American English in realistic contexts. 'Culture in mind' sections give insight into different aspects of English-speaking life. 'Check your progress' sections help students monitor their learning. The DVD-ROM features stimulating grammar exercises, games, video, unit tests, Workbook audio, and selected Student's Book audio. The videos feature the photostory characters and include 'Videoke,' which allows students to record and hear their voices in portions of the video dialogues.
