traces the history of
one of the core ideas
that animate and form

the highly influential and instrumental belief in the Hidden Imam, the central figure of Twelver Shī'ī messianic expectation.

The Muslim Conception of God and Human

Welfare C. HURST & CO. PUBLISHERS

Considered the most authoritative single-volume reference work on Islam in the contemporary world, the German-language *Der Islam in der Gegenwart*, currently in its fifth edition, offers a wealth of authoritative information on the religious, political, social, and cultural life of Islamic nations and of Islamic immigrant communities elsewhere. Now, Cornell University Press is making this invaluable resource accessible to English-

language readers.

More current than the latest German edition on which it is based, *Islam in the World Today* covers a comprehensive array of topics in concise essays by some of the world's leading experts on Islam, including: • the history of Islam from the earliest years through the twentieth century, with particular attention to Sunni and Shi'i Islam and Islamic revival movements during the last three centuries; • data on the advance of Islam along with current population statistics; • Muslim ideas on modern economics, on social order, and on attempts to modernize Islamic law (shari'a) and apply it in contemporary Muslim societies; • Islam in diaspora, especially the

situation in Europe and America; • secularism, democracy, and human rights; and • women in Islam Twenty-four essays are each devoted to a specific Muslim country or a country with significant Muslim minorities, spanning Asia, Africa, the Middle East, and the former Soviet Union. Additional essays illuminate Islamic culture, exploring local traditions; the languages and dialects of Muslim peoples; and art, architecture, and literature. Detailed bibliographies and indexes ensure the book's usefulness as a reference work.

Islam's Predicament with Modernity

Springer

Die Reihe

Islamkundliche

Untersuchungen wurde

1969 im Klaus Schwarz Verlag begründet und hat sich zu einem der wichtigsten

Publikationsorgane der Islamwissenschaft in Deutschland

entwickelt. Die über 330 Bände widmen sich der Geschichte,

Kultur und den Gesellschaften

Nordafrikas, des Nahen und Mittleren Ostens

sowie Zentral-, Süd- und Südost-Asiens.

Islam Between Culture and Politics Otto

 today.
Encyclopaedia of Islam
 Islam in Everyday
 Arabic Speech
 Linguaging Diversity:
 Identities, Genres,
 Discourses is a
 suggestive title for
 'another' book in the
 field of linguistics, but
 what does it actually
 mean? By choosing to
 speak of Linguaging
 Diversity and not just
 of difference,
 otherness, varieties,
 multiplicity, hybridity

or alterity, the editors
 cover the whole range
 of meanings in the
 entire field of diversity.
 They do not wish to
 limit themselves by
 using such specific
 words with increasingly
 specialised
 connotations as
 Alterity or Other, but
 rather to allow an
 eclectic range of
 perspectives and
 issues to come to the
 fore. This volume
 brings together some
 of the manifold
 discourses emerging as
 bearers of the values
 of alterity, by exploring
 the thorny relationship
 between Language and
 Diversity. Drawing on
 the crucial assumption
 that speakers'
 identities are
 dynamically negotiated
 as discourse unfolds,
 Linguaging Diversity
 explores the wide
 theme of identity in

discourse, an area of investigation which has become increasingly popular in recent years. A key theme in assembling this volume was that the relationship between diversity and identity cannot be alienated from the factual distribution of material resources in society. All contributions in the volume – carefully selected and peer reviewed – at least partially react to such critical scenery in order to explore the topics surrounding the modes in which diversity is linguistically articulated by and in discourse. The various studies deal with how individuals draw on linguistic resources to achieve, maintain or challenge representations pertaining to their

cultural, social, ethnic, sexual, gender, professional, or institutional identities. The volume comprises six sections: In the News; In Politics; Constructing Identities; Across Generations and Genders; Ethnicities; and Popularising Ideas. Each section reflects the choice of the various topics through the employment of a variety of methodologies and a variety of theoretical frameworks. As such, this volume is an innovative attempt to challenge the present-day underpinnings of diversity studies. *Languaging Diversity* Taylor & Francis The Encyclopedia of Islamic Civilization and Religion provides scholarly coverage of the religion, culture

and history of the Islamic world, at a time when that world is undergoing considerable change and is a focus of international study and debate. The non-Muslim world's perceptions of Islam have often tended to be dominated by unrepresentative radical extremist movements and media interpretations of events involving such movements, to the extent that many people are unaware of the depth and variety of Islamic thought. At the same time, many who have had a formal training in Islamic studies have tended to concentrate on the traditional, to the exclusion of the contemporary. The Encyclopedia of Islamic Civilization and

Religion covers the full range of Islamic thought, in historical depth, but it also provides substantial coverage of contemporary trends across the Muslim world. With well over a thousand entries on Islamic theology, history, arts, science, law and institutions, and coverage of Islam in individual countries and cities around the world, the Encyclopedia of Islamic Civilization and Religion provides an extremely rich resource for students and researchers in religious studies and Middle Eastern studies. Entries are cross-referenced and bibliographies are provided. There is a full index. Routledge published The Qura'n: An Encyclopedia in

2005, an excellent companion to the Encyclopedia of Islamic Civilization and Religion.

A Matter of Fate BRILL

Der erste Überblick in deutscher Sprache über das Arabische in seinem kulturellen und historischen Kontext Gut verständlich und zugleich wissenschaftlich fundiert. Konzeption: Der Band gibt erstmals in deutscher Sprache einen Überblick über das Arabische in seinem kulturellen und historischen Kontext. Er berücksichtigt sowohl das enge Verhältnis zwischen arabischer Sprache und muslimischer Religion als auch die Einbettung des Arabischen in die semitische Sprachfamilie. Im Kontrast zur modernen

westlichen Sichtweise wird auch die Sprachauffassung der traditionellen arabischen Gelehrten dargestellt. Ein besonderes Kapitel ist den Dialekten gewidmet. In allen Kapiteln wird Wert darauf gelegt, die Relevanz der historischen Entwicklungen für die Gegenwart aufzuzeigen. Weiterführende Lesetipps ergänzen jedes Thema. *Islam Between Culture and Politics* C.H.Beck Bassam Tibi offers a radical solution to the problems faced by Islam in a rapidly changing and globalizing world. He proposes a depoliticization of the faith and the introduction of reforms to embrace secular

democracy, pluralism, civil society and individual human rights. The alternative to this is the impasse of fundamentalism.

The pivotal argument is that Islam is being torn between the pressure for cultural innovation and a defensive move towards the politicization of its symbols for non-religious ends.

Encyclopedia of Islam

Otto Harrassowitz Verlag

Indeed, throughout this innovative work, Cohen-Mor exhibits a strong empathy for the Arab people as well as a close knowledge of Middle Eastern culture. Opening a new perspective on Arab thought, creative expression, and ways of life, *A Matter of Fate* is a significant

contribution to the fields of Middle Eastern studies, Arabic language and literature, Islamic studies, comparative literature, and comparative religion."--

Islam in the World Today

Routledge
The Arabic language possesses a unique language feature, the Allah Lexicon, a rich and varied body of religious expressions invoking the Almighty. Despite the pervasive

presence of Allah in the Arabic language, this linguistic phenomenon has been largely unexplored. This book investigates the impact of Islam on the Arabic language by examining key cultural concepts, the frequency of the word God in Arabic and other languages, and the philosophical and theological foundation of Allah expressions.

Buchbesprechung : Moshe Piamenta. The Muslim Concept of God and Human Welfare as Reflected in Everyday Arabic Speech BRILL

Bassam Tibi offers a radical solution to the problems faced by Islam in a rapidly changing and globalizing world. He proposes a depoliticization of the faith and the introduction of reforms to embrace secular

democracy, pluralism, civil society and individual human rights. The alternative to this is the impasse of fundamentalism. The pivotal argument is that Islam is being torn between the pressure for cultural innovation and a defensive move towards the politicization of its symbols for non-religious ends.

The Search for Arab Democracy Oxford University Press on Demand

This volume includes nine papers selected from the Fifteenth Annual Symposium on Arabic Linguistics. Four of the papers deal with the area of corpus linguistics (new for this series), including papers from both a computational and a variationist point of

view. The other papers deal with Syntax, and with various aspects of Arabic Sociolinguistics.

Lived Islam Helmut Buske Verlag

From the time of its birth in Mecca in the 7th century C.E., Islam and the Islamic world rapidly expanded outward, extending to Spain and West Africa in the west, and to Central Asia and the Indian Subcontinent in the east. An examination of the daily life in these Islamic regions provides insight into a civilized, powerful, and economically stable culture, where large metropolitan centers such as Damascus, Baghdad, and Cairo thrived in many areas, including intellectual and scientific inquiry. In contrast with medieval Europe, there

is little common knowledge in the West of the culture and history of this vibrant world, as different from our own in terms of the political, religious, and social values it possessed, as it is similar in terms of the underlying human situation that supports such values. This book provides an intimate look into the daily life of the medieval Islamic world, and is thus an invaluable resource for students and general readers alike interested in understanding this world, so different, and yet so connected, to our own. Chapters include discussions of: the major themes of medieval Islamic history; Arabia, the world of Islamic origins; warfare and politics; the major cities of

Damascus, Baghdad, and Cairo; religious rituals and worship; and a section on curious and entertaining information. Author James E. Lindsay further provides a focused look at the daily lives of urban Muslims during this time period, and of their interactions with Jews, Christians and other Muslims. Timelines, tables (including a calendar conversion to align the Islamic lunar and the Christian solar dates, and a dynastic table highlighting the major genealogies of the ancient ruling families), a bibliography, and a glossary of important dates and technical terms are also provided to assist the reader.

Encounters with the

Hidden Imam in Early and Pre-Modern Twelver Shī'ī Islam
BRILL

Linguistic taboo has been relegated for a long time to a peripheral position within Linguistics, due to its social stigmatization and inherent linguistic complexity. Recently, though, there has been a renewed interest in revisiting the phenomenon, especially from cognitive frameworks. This volume is the first collection of papers dealing with linguistic taboo from that perspective. The volume gathers 15 chapters, which provide novel insights into a broad range of taboo phenomena (euphemism, dysphemism, swearing, political correctness,

coprolalia, etc.) from the fields of sexuality, diseases, death, war, ageing or religion. With a special focus on lexical semantics, the authors in the volume work within Cognitive Linguistics frameworks such as conceptual metaphor and metonymy, cultural conceptualization or cognitive sociolinguistics, but also at the interface of pragmatics, discourse analysis, applied linguistics, cognitive science or psychiatry. This volume provides theoretical reflections and case studies based on new methods and data from varied languages (English, Spanish, Polish, Dutch, Persian, Gikūyū and Egyptian Arabic). As such, it moves towards a new generation of linguistic taboo

studies.

Linguistic Taboo Revisited Cambridge Scholars Publishing
 Warum ist eine moderne, in ihrem Selbstverständnis rationale Gesellschaft auf einen so okkult anmutenden Begriff wie den des Schicksals angewiesen? Franziska Rehlinghaus weist nach, dass der deutsche Schicksalsbegriff seit seiner Etablierung um 1650 ein zentraler Ausdruck epochenspezifischer Problemstellungen war, so dass man von der Neuzeit als einem fatalisierten Zeitalter sprechen kann. Dafür rekonstruiert sie erstmals den semantischen und den funktionalen Wandel sowie die Konjunkturen des Schicksalsbegriffs von der Aufklärung bis

zum Beginn des 20. Jahrhunderts.

Arabic, Islām, and the Allāh Lexicon Frank & Timme GmbH

An introduction to the Qur'an (Koran), a text that has guided the lives of millions.

Texts in Sinai Bedouin Law John Benjamins Publishing

This Liber Amicorum discusses topics on the history of Arabic grammar, Arabic linguistics, and Arabic dialects, domains in which Kees Versteegh plays a leading role.

The Semitic Languages ClearQuran

"Geschichtskonstrukt und Konfession" analysiert nicht die Werke professioneller Historiker. Vielmehr untersucht die vorliegende Studie in bewusstem Kontrast dazu die in den Köpfen herrschenden

Geschichtsbilder der Nicht-Historiker. Eine ausführliche historische Einleitung zu den Entstehungsgeschichten und kulturellen Grundlagen von Maroniten, Orthodoxen, Sunniten, Schiiten und Drusen ermöglicht sowohl Kennern als auch Nichtkennern des Libanon einen idealen Einstieg in die Untersuchung. Die der Arbeit zugrunde liegende Methodik der erinnerungskulturwissenschaftlichen Analyse wird ausführlich und einleuchtend im interdisziplinären Kontext erschlossen. Der Autor verbrachte von 2007 bis 2008 ein Jahr im Libanon zu Feldforschungszwecken. Hierbei konnte er mit mehr als fünfzig Repräsentanten aller

<p>grossen libanesischen Konfessionen aussagekräftige Interviews führen. Wissenschaftler, Parlamentsabgeordnete, Aktivisten von den Libanese Forces bis hin zur Hisbollah, Journalisten von Al-Jazeera bis MBC International, religiöse Wurdenträger, Bankiers und Regierungsberater gewahren dem Leser ungewöhnlich offene Einblicke in ihre zumeist hochkomplexen und kritischen Vorstellungen der</p>	<p>libanesischen Geschichte. Ihre Wahrnehmung der eigenen Gruppe und ihre Urteile über die historischen Rollen anderer Konfessionen führen auf geradezu intime Art und Weise in die Gefühlswelt und mannigfaltig schillernden Identitäten eines Landes ein, welches wie kein zweites die extremsten Widersprüche und nahezu alle Problemlagen des Mittleren Ostens wie in einem Mikrokosmos in sich vereint.</p>
