With the wounds of childhood trauma reopened, his world plunges into darkness until a beautiful pilot sets his heart afire. Riley Sinclair isn't afraid to fly against the wind. While the spunky helicopter pilot's cattle

herding business ruffles the feathers of most men, the handsome Noah seems different. But as demand for her skills grows, she worries that giving into passion could keep her dreams grounded. As their chemistry soars, an unexpected tragedy throws their lives and their budding romance into a tailspin. Can Noah and Riley leave their baggage behind to let love fly free? **THE LEGACIES OF BRIGADIER STATION** Can Lachie be the father Hannah needs? And the man Abbie deserves? Lachie McGuire is trying to make a fresh start. He's sobered up and is making amends for all the people he has hurt and the pain he has caused. But some of his past actions have consequences. Even if he doesn't remember them. Needing her independence, single-mum Abbie Forsyth accepted a nursing position in the small outback town of Julia Creek and uprooted her daughter, Hannah from the only life she had ever known. Now, in the dusty, sun burned land they are creating a life together, just the two of them. When Lachie is injured and needs medical assistance, Abbie is there for him. She's by his side every step of the way, including letting him stay with them while he recovers from surgery. But Abbie knows how volatile life with an addict can be and she has to think about her daughter's safety above her own growing affection for the handsome grazier. Then tragedy strikes the small rural town and secrets begin to unravel...

One of the greatest crimes of this generation of Christians is its neglect of the gospel, and it is from this neglect that all our other maladies spring forth. Absent from too many pulpits are the essential themes which make up the very core of the gospel—the justice of God, the radical depravity of man, the blood atonement. In *The Gospel's Power and Message*, Paul Washer addresses these essential elements of Christ's good news and provides a guide to help us rediscover the gospel in all its beauty, scandal, and saving power. May such a rediscovery transform your life, strengthen your proclamation, and bring the greatest glory to God.

Beautiful in God's Eyes O diário de Marisea vida real de uma garota de programa A life told in one book. What am I writing for? Dear reader, I need to vent, the thoughts flow in a raw way, with no time for embellishments, and no filter for the sordid details. I need to warn you that my story will start innocently. However, do not fool yourself: it'll get worse every chapter, and so, there will be certainly many sordid details. I anticipate that: "In the controversial search for success, I draw my failure reaching for victories". Confusing, right? Accept to know me and you will understand!

To love and be loved, what could be more important?The craving to be loved is our deepest emotional need. Each of us feels loved when others speak our primary love language. We are drawn to that person because he or she is meeting our basic need to feel loved. The love languages in human relationships are a reflection of divine love. If man is indeed made in the image of God, then we would expect to find all five love languages (and more ) expressed in the character and nature of God. Dr. Chapman's goal for readers is that they may be led to explore the possibility of speaking different love languages to God and thus expanding their own understanding of God and others.

*Secret Letters Never Sent* Entangled: Teen For fans of Everything Is F\*cked and Against Purity: Living Ethically in Compromised Times, a book about facing the multiple crises of modernity--and hospicing modernity--with maturity, humility, and integrity. This book is not easy: it contains no quick-fix plan for a better, brighter tomorrow, and gives no ready-made answers. Instead, Vanessa Machado de Oliveira presents us with a challenge: to grow up, step up, and show up for ourselves, our communities, and the living Earth, and to interrupt the modern behavior patterns that are killing the planet we're part of. Driven by expansion, colonialism, and resource extraction and

propelled by neoliberalism and rabid consumption, our world is profoundly out of balance. We take more than we give; we inoculate ourselves in positive self-regard while continuing to make harmful choices; we wreak irreparable havoc on the ecosystems, habitats, and beings with whom we share our planet. But instead of drowning in hopelessness, how can we learn to face our reality with humility and accountability? Machado de Oliveira breaks down archetypes of cognitive dissonance--the do-gooder who does "good enough," then retreats to business as usual; the incognito capitalist who, at first glance, may seem like a radical change-maker--and asks us to dig deeper and exist differently. She explains how our habits, behaviors, and belief systems hold us back...and why it's time now to gradually disinvest. Including exercises used with teachers, NGO practitioners, and global changemakers, she offers us thought experiments that ask us to:

- Reimagine how we learn, unlearn, and respond to crisis
- Better assess our surroundings and interact with difference, uncertainty, complexity, and failure
- Expand our capacity to hold personal and collective space for difficult and painful things
- Understand the "5 modern-colonial e's": Entitlements, Exceptionalism, Exaltation, Emancipation, and Enmeshment in low-intensity struggle activism
- Interrupt our satisfaction with modern-colonial desires that cause harm
- Create space for change driven neither by desperate hope nor a fear of desolate hopelessness

For fans of adrienne maree brown, Sherri Mitchell, and Charles Eisenstein, *Hospicing Modernity* challenges our assumptions and dares to ask more of us, for the sake of us all.

"Cultures are like chemical elements. You can mix two of them, and you might get something useful like water or table salt. But you might also blow up the kitchen." —Thomas Armstrong from *Multiple Intelligences Around the World* Multiple intelligences (MI) theory has been introduced and implemented successfully in numerous countries around the world. This is the first collection to review, synthesize, and reflect on this unique cross-cultural and educational phenomenon. Through this synthesis and reflection, the book's authors provide a fresh and fuller understanding of MI theory. In addition, they develop more specific knowledge about why MI theory has been welcomed in so many countries, how its use can be appropriate in diverse cultures, and what has supported and fueled travel of the MI meme.
