Hecht brings to bear the perspective of both historical concepts and contemporary physics. While the text covers the standard range of material from kinematics to quantum physics, Hecht has carefully limited the math required to basic calculus and very basic vector analysis. He omits obscure, high-

level topics while focusing on helping students understand the fundamental concepts of modern-day physics. Calculus and vector analysis are both painstakingly developed as tools, and then used only insofar as they illuminate the physics. Hecht deliberately paces comfortably, justifies where each topic is going, stops to take stock of where the students have been, and points out the marvelous unity of the discourse. Informed by a 20th century perspective and a commitment to providing a conceptual overview of the discipline, Hecht's *CALCULUS 2/e* keeps students involved and focused. Wildside Press LLC

"It is beautiful to look at, hard to reach, and terribly difficult to climb. Winds of 200 kilometres per hour or more scream

across it day and night, while the temperature falls to -20°C or lower. Every year, some who try to climb the highest mountain in the world do not return. But for a century people have been coming to climb Everest - some alone, some in groups, but all with a dream of going to the highest place in the world. This is their story"--Back cover.

Flight/ground Instructor FAA Written Exam Brooks/Cole Publishing Company Christened “charming” and “winning” by the Washington Post and “touching” by Publishers Weekly, celebrated author Monica Holloway’s deeply moving memoir shares the unforgettable story of an extraordinary little boy and the irresistible puppy who transformed his life. The day Monica Holloway learns that her lovable, brilliant three-year-old son has autism spectrum disorder, she takes him to buy an aquarium. But what Wills

really wants is a puppy, and from the moment Cowboy Carol Lawrence, an overeager and affectionate golden retriever, joins the family, Monica watches as her cautious son steps a little farther into the world. With his new “sister” Cowboy by his side, Wills finds the courage to invite kids over for playdates, conquer his debilitating fear of water, and finally sleep in his own bed with the puppy’s paws draped across his small chest. And when Cowboy turns out to need her new family as much as they need her, they discover just how much she has taught them about devotion, loyalty, and never giving up. Sometimes it’s what you don’t know to hope for that saves you. For Monica and Wills, salvation came in the form of a puppy with pale blond fur, chocolate brown

eyes, a fondness for chewing the crotch out of underpants, and a limitless capacity for love.
