 - Management Control
 Systems: European ...A
 management control
 system is a system which

gathers and uses information to evaluate the performance of different organizational resources like human, physical, financial and also the organization as a whole in light of the organizational strategies pursued. Management control system influences the behavior of organizational resources to implement organizational strategies. Management control system might be formal or informal. Management control system - Wikipediaby. Robert N.

Anthony, Vijay Govindarajan. 3.98 · Rating details · 133 ratings · 11 reviews. Management Control Systems helps students to develop the insight and analytical skills required of today's managers. Students uncover how real-world managers design, implement, and use planning and control systems to implement business strategies. Management Control Systems by Robert N. Anthony A management control system is designed to

assist managers in planning and controlling the activities of the organization. A management control system is the means by which senior managers ensure that subordinate managers, efficiently and effectively, strive to attain the company's objectives. A management control system is a system which gathers and uses information to evaluate the performance of different organizational resources like human, physical, financial and also the organization as a

whole in light of the organizational strategies pursued. Management control system influences the behavior of organizational resources to implement organizational strategies. Management control system might be formal or informal.
