Settle in for a sweet treat with this classic Christmas story from #1 New York Times bestselling author Debbie Macomber.

Emma Collins has always believed that the world is divided into two kinds of people:

those who love fruitcake and those who don't. She's firmly in the second category, so it's ironic that her first major assignment for the Puyallup, Washington, Examiner is a series of articles about...fruitcake. At least it's a step up from writing obituaries. Her task is to interview the finalists in a fruitcake recipe contest, and that means traveling around the state. Actually...flying around the state. Local pilot Oliver Hamilton, who's starting an airfreight business, has agreed to take her wherever she needs to go, in exchange for free advertising.

Unfortunately Emma hates small planes—almost as much as she hates fruitcake. But in the weeks leading up to Christmas, Emma discovers Oliver is not quite the Scrooge he sometimes seems. It all reminds her that there's something about Christmas. Something special... Originally published in 2005

Since the frosty actress had earned plenty of enemies through her offstage dramatics, the cast of suspects is longer than Santa's "Naughty or Nice" list. Prop mistress Brandy Borne and her diva-turned-director mother, Vivian—assisted by their savvy shih tzu, Sushi—must solve this fruitcake fatality before it's curtains for anyone else. Includes A Tasty Recipe! As Christmas 1946 draws near, thirty-something marine officer-turned-homicide detective Lane Walker has his hands full. Three men with seemingly no relationship to each other have been murdered, including the powerful District Attorney. The only connection between the crimes? The weapons: twenty-year-old unopened fruitcake tins manufactured by a company that is no longer in business. While some foods may be to die for, fruitcake isn't one of them! This heaping helping of murder will be no easy task for Walker, and he certainly doesn't need the determined and feisty Tiffany Clayton, the political reporter for The Chicago Star, getting in the way. Employing witty dialogue and historical accuracy, *The Fruitcake Murders* offers equal parts murder, mystery, and mayhem in a perplexing whodunit set in the days just after World War II.

The place of religion in Australia has never been more contested than it is today. In this new and timely essay, Frank Brennan and Michael Casey draw on the Catholic tradition to explain why freedom of religion remains of vital importance for the way of life enjoyed in a secular liberal democracy such as Australia. Greg Craven complements Brennan and Casey's philosophical analysis with an essay discussing how freedom of religion is currently protected in Australia, and what reforms are necessary in order to ensure its protection in the decades ahead.
