Indian Defence Review Jul-Sep 2017 (32.3)
Hoover's
Issues for include Annual air transport progress issue.

F & S Index United States Annual Taylor & Francis

This book offers the first comprehensive study of defence offsets and its economic, security, political and theoretical implications. Originating in the second half of the 19th century, defence offsets - additional economic, industrial and

technological benefits to states for buying foreign weapons - have since been a key feature of the global arms trade and defence industry. And yet, offsets are an under-researched and under-theorised phenomenon. This book fills this gap in the literature by offering the first general theory of defence offsets, as well as the first systematic analysis of the offset phenomenon. By building on the insights of scholars of defence economics and drawing from the International Relations

liberal paradigm, as well as reviving and adapting Robert Putnam's two-level game framework, the book proposes a liberal-rationalist theory of defence offsets. It then proves the worth of such a theory through Qualitative Comparative Analysis (QCA) of fifty-four fighter aircraft transfers from 1992 to 2021 inclusive, and three in-depth case studies addressing offsets negotiated and agreed to as part of fighter aircraft competitions in Brazil, India, and South Korea.

This book will be of interest to students of defence studies, defence economics, security studies and international relations.

Indian Defence Review

Lancer Publishers

Ein Leadershipbuch, das alle anderen in den Schatten stellt! Basierend auf umfangreicher Forschung und Interviews mit Führungskräften auf allen Ebenen (öffentlicher und privater Unternehmen weltweit) befasst sich das Buch mit dem anhaltenden

Interesse an Leadership als kritischem Aspekt menschlicher Organisationen. Kouzes und Posner, die führenden Leadership-Experten unserer Zeit, zeigen, wie Führungskräfte mit Visionen Außergewöhnliches erreichen. Mit packenden Geschichten und tiefen Einsichten befassen sie sich eingehend mit den fundamentalen Aspekten von Leadership, um dem Leser dabei zu helfen, mit der sich stetig verändernden Welt Schritt zu halten. Die Autoren

ergreifen dabei die Gelegenheit zu unterstreichen, dass Leadership nicht nur jeden angeht, sondern, dass es sich dabei um eine Beziehung handelt: eine Beziehung zwischen der eigenen Weiterentwicklung und der Entwicklung derer, die geführt werden. 'Es hat mir nicht nur Spaß gemacht ... ständig ertappte ich mich dabei, zu nicken und zu mir selbst zu sagen: 'Das ist richtig! So wird es gemacht! So fühlt es sich an!' Die Autoren haben es

geschafft, die Quintessenz dessen, was ich für das Herzstück von sich verändernder Leadership halte, zu erfassen.' Robert D. Haas, Vorsitzender und CEO, Levi Strauss & Co. 'Leadershipbücher gibt es wie Sand am Meer und die meisten überdauern keine Woche, ganz zu schweigen von Jahren. The Leadership Challenge gibt es immer noch, weil es auf Forschung beruht, es praktisch ist und Herz besitzt. Glauben Sie mir, Jim Kouzes und Barry Posner haben harte Beweise für ein Thema,

das wir normalerweise als weich betrachten.' Tom Peters, Management-Guru, Gründer und Vorsitzender, Tom Peters Company '25 Jahr lang habe ich über Leadership geschrieben und darüber gelehrt. The Leadership Challenge ist eines der fünf besten Bücher, die ich jemals gelesen habe. Ich empfehle es fortlaufend anderen Menschen.' John C. Maxwell, Gründer von The INJOY Group, einem Unternehmen zur Beratung und Training von Führungskräften in

USA und Kanada 'Jim Kouzes und Barry Posner haben die praktischste, verständlichste und inspirierendste Forschung zum Thema Leadership verfasst, die ich je gelesen habe. Anstelle einer weiteren Version von 'Promi Leadership', hilft The Leadership Challenge dabei, praktische Weisheiten von realen Führungskräften aller Ebenen in unterschiedlichen Arten von Unternehmen zu erfahren. Jede Führungskraft kann sich auf das Wissen in diesem

Buch beziehen.' Marschall Goldsmith, Bestseller-Autor und bei Forbes als einer der 5 Top-Trainer für Führungskräfte genannt
