Marilyn Monroe - The Complete Life Story and Biography of Marilyn Monroe Marilyn Monroe was an American actress, comedian, singer, and model. She became one of the world's most enduring iconic figures and is remembered both for her winsome embodiment of the Hollywood sex symbol and her tragic personal and professional struggles within the film

industry. Her life and death are still the subjects of much controversy and speculation. She was born Norma Jeane Mortenson at the Los Angeles County Hospital on June 1, 1926. Her mother Gladys Pearl Baker was a film-cutter at Consolidated Film Industries. Marilyn's father's identity was never known. Because Gladys was mentally and financially unable to care for young Marilyn, Gladys placed her in the care of a foster family, The Bolenders. Although the Bolender family wanted to adopt Marilyn, Gladys was eventually able to stabilize her lifestyle and took Marilyn back in her care

when Marilyn was 7 years old. However, shortly after regaining custody of Marilyn, Gladys had a complete mental breakdown and was diagnosed as a paranoid schizophrenic and was committed to a state mental hospital. Gladys spent the rest of her life going in and out of hospitals and rarely had contact with young Marilyn. To be continued... Following a number of sensationalist biographies of Marilyn Monroe in recent years, this comprehensive, meticulously researched volume brings an important fresh perspective on the many controversies in her life. It is essential reading for anyone interested in Marilyn Monroe and the Golden Age of Hollywood. This new edition of Marilyn Monroe: Private and Undisclosed has been thoroughly revised and expanded to include an additional 60,000 words. It reveals a very different Marilyn from the celluloid invention. For the first volume, Michelle Morgan interviewed approximately 100 people who knew or were related to Marilyn in some way, including key figures in her life - family and friends, as well as work colleagues, and more casual acquaintances. This new edition includes information gleaned from many more interviews, as well as additional family background and many new stories. Marilyn Monroe: Private and Undisclosed is the most comprehensive Monroe biography yet. It covers her trip to England in great detail and gives the true story behind the making of The Prince and

the Showgirl. Praise for the 2007 hardback illustrated edition of Marilyn Monroe, Private and Undisclosed: 'A gorgeous collection offering a fascinating insight into Monroe's personal life.' Woman & Home 'A touching portrayal of the star in her more private moments.' Empire 'This candid and often surprising study of the screen legend provides another view of her.' Red Litres

Very few people were willing to accept the Los Angeles County Coroner ruling of "Probable Suicide" in the death of Marilyn Monroe. The cover-up was so painfully obvious that it begged the public to ask more questions. Investigative Journalists of every variety, family and friends of Marilyn's, distant colleagues and even some fans have researched the life and death of Marilyn Monroe. Three separate lineages of Angela Jean Heffner point to her past life as Marilyn Monroe. Using the details found in her family heritage, Angela replaces the deliberately told lie that Marilyn's mother (Gladys) allowed to be recorded on Norma Jeane's birth certificate regarding her biological father and also the lies recorded on Marilyn Monroe's death certificate (regarding the

date and cause of death) with irrefutable truth. The soul that was Marilyn Monroe received a new life which not only includes past life memories and the physical likeness of Marilyn, but also tamper-proof details like common ancestry. Angela's mother is half-Gifford. (Norma Jeane/Marilyn's biological father's name was C. Stanley Gifford) Angela was born with the last name of the man who says he wants to spend eternity interred next to Marilyn Monroe (Hugh Hefner) and a third family lineage indirectly points back to the man who strategized the death of Marilyn Monroe. Angela begins her book by explaining how a certain event in 2013 drove her to finally tell her story. She writes candidly in her memoir of growing up with Marilyn Monroe's thoughts still active inside her and how it created an abundance of havoc as she tried to suppress her knowledge for the sake of her own privacy. Ultimately fate brought Angela to the understanding that "this information lived on inside me for a reason and I need to respect it and treat it as a gift." Once she was clear about how to proceed with writing this book, Angela poured her heart out for you, her readers,

to examine. Angela dedicates the final three chapters of her book to reassembling factual information into a distinctive and logical explanation regarding the murder of Marilyn Monroe and the coverup that ensued from inside every level of our government. Aside from assembling important details about Marilyn Monroe into an easily digestible fact filled story, this book gives readers genuine reasons to think seriously about the Laws of Attraction, the power of mind-over-matter, a living/interactive Godforce and reincarnation.

'Genius' The New York Times In 1973, Norman Mailer published Marilyn, his celebrated in-depth account of the life of Marilyn Monroe, as a glossy, fully illustrated coffee-table tome. His work was immediately acclaimed - and an enduring bestseller, rumoured to have sold more copies than any of his other works except *The Naked and the Dead*. Yet, until now, it has never been made available in an accessible mass-market paperback edition. This is one of America's greatest writers taking on the legend of one of Hollywood's greatest stars.

This explosive and historic must-have book will change the entire way readers view the life and death of Marilyn Monroe. Written by relatives of Marilyn Monroe, the authors painstakingly unravel the myths that have suffocated her legacy for over 50 years. These myths have been regurgitated in biography after biography, depicting Marilyn as an orphan girl and leaving her expansive lineage out of the equation. The facts support that Marilyn was surrounded with family, and many members were upstanding citizens who contributed greatly to their communities. However, Hollywood, Marilyn's New York "friends," and her therapists insulated Marilyn in order to profit off of the ultimate "Cinderella Story." That story was the myth of Marilyn Monroe, which was created to suffocate the truth behind Norma Jeane Mortenson and her family history. It was eventually this forged fairy-tale path and this cast of characters that squeezed funds out of Marilyn Monroe, as well as the final breaths out of the legendary star. The heirs of the opportunists who fleeced Marilyn of both her life and earnings still garner monies

through her name today.

From New York Times bestselling author J. Randy Taraborrelli comes the definitive biography of the most enduring icon in popular American culture. When Marilyn Monroe became famous in the 1950s, the world was told that her mother was either dead or simply not a part of her life. However, that was not true. In fact, her mentally ill mother was very much present in Marilyn's world and the complex family dynamic that unfolded behind the scenes is a story that has never before been told...until now. In this groundbreaking book, Taraborrelli draws complex and sympathetic portraits of the women so influential in the actress' life, including her mother, her foster mother, and her legal guardian. He also reveals, for the first

time, the shocking scope of Marilyn's own mental illness, the identity of Marilyn's father and the half-brother she never knew, and new information about her relationship with the Kennedy's-Bobby, Jack, and Pat Kennedy Lawford. Explosive, revelatory, and surprisingly moving, this is the final word on the life of one of the most fascinating and elusive icons of the 20th Century.
