Society at large tends to marginalize homosexuality even though men who have sex with men have always existed within it. This book is a significant contribution in the endeavour to understand this segment of society and its concerns. Employing a blend of

qualitative and quantitative methods, Sherry Joseph analyses the extensive data collected through formal networks of such people in Kolkata, and places them in a socio-ecological perspective. He shows how the lives of men who have sex with men are very stressful in their efforts to fit into an environment that is predominantly homophobic, heterosexist, heterocentrist and where heterosexuality is the prescribed norm. The book argues that understanding the stress that men who have sex with men experience and their coping strategies will assist sympathetic groups and professionals to work with this community.

Ben Franklin saved the American Revolution by seducing French Women. A gay love affair between President James Buchanan and Senator William King aided the secession movement. Woodrow Wilson's girlfriend dictated his letters to the German Kaiser. And lesbian relationships inspired Eleanor Roosevelt to become a revolutionary crusader for equal rights. The colorful sex lives of America's most powerful leaders have influenced social movements, government policies, elections and even wars, yet they are so whitewashed by historians that people think Thomas Jefferson and Abe Lincoln were made of marble, not flesh and blood. But the truth is about to come out. In *One Nation Under Sex*, free speech activist and notorious *Hustler* magazine publisher Larry Flynt teams up with Columbia University history professor David Eisenbach to peek behind the White House bedroom curtains and document how hidden passions have shaped public life. They unpack salacious rumors and outright scandals, showing how private affairs have driven pivotal decisions—often with horrific consequences. Along the way, they explore the origins of America's fascination with sex scandals and explain how we can put aside out political moralism and begin focusing on the real problems that threaten our nation.

Of course Ben's mind was really whirling by now, so captivated by lustful desire he could barely think. When this luscious, helpless creature indicated she was broke with no place to stay, he'd given her a one hundred dollar bill and told her not to tell anyone.

"This'll be the first secret we share together," he'd said, slipping the money in her direction. As he hoped, this little doll had been quite impressed with his 'donation'. Leaning toward him, with enticing devilment dancing in her eyes, she'd said it, "If yours was our first secret," discretely flashing the folded green, "I've got an even better one for you." She'd smiled her little girl charm and whispered a very exciting promise into his ear. "A girl would be willing to share some very naughty secrets with a man as generous as you are to his lady in need." Was it just his imagination, the way 'Sweet Thing's' hand brushed his leg, and then lingered so suspiciously near his lap? Fate had taken him away from one situation, one nearly landing him in jail, and now given him this? A man couldn't be so lucky, could he? Still, with all the chips falling into place, he'd better play it cool. No matter how much a man wished for more, if he was to trigger a terrified reaction from some young girl over something she hadn't intended at all, God, he couldn't even imagine the deep shit he'd be in. "That 'donation' is just a little something to help you get by for a while, Allie. I feel sorry for a gorgeous little thing like you out in this ugly world with no one to look out for you." Of course he didn't make excuses about his erection, how he'd like to help Allie get rid of that yearning she had for her mother's boyfriend. Just like his daughter, she was too young and he was too old. But she did promise she knew how to keep secrets, what other possible meaning could a girl have than what was implied? And all that talk about her former sex life, nothing shy and inhibited about little Allie, she practically came right out and said what she'd be willing, anxious even, to do. No doubt about this one and the plight she was in. Homeless, only the clothes in that backpack, if he played his cards right she was as good as his. The girl was broke, alone, and with no place to go. How old did she say she was? "It's my gift to a sweet little girl who reminds me of my daughter, go ahead and take it. It'd be better keeping the 'donation' our secret, though. Some nosy person might get the idea I'm trying to do something inappropriate with an attractive, desirable young woman like you." "Thank you so much, Mr. Abloz, Ben, I mean. I feel so safe with a nice man like you helping me. Of course No one else has to know a thing about our relationship, no matter what it is."

This book brings together over 50 artists, scholars and critics to address a broad range of issues in photography and sexuality. Among the issues addressed by the contributors is the use and abuse of photographs in political campaigns and direct activism. [A Demographically Oriented Tale-type Index](#) Xlibris Corporation 'The River' is the first offering of 'The Blood Brother Chronicles', a dramatic series loosely based on family folklore that has been passed down through countless generations in the author's family. Many of these legends, reaching as far back as 1919, are about two (2) half brothers born in and around the turn of the century, 'Slick' and 'Skeeter'. Not much is known about the two brothers that were said to have disappeared either in New York City or on their way up North in 1927, except that they were contract killers with kind hearts that helped the poor. After an extensive two (2) year family history search, speaking with several older relatives, the author was inspired to write 'The River'. Slick and Benjamin (Skeeter) are half brothers, one white, the other creole, both growing up poor on a tobacco plantation in the late 1800's. Now grown men in the Roaring 1920's, the brothers work as contract killers for the highest bidder, often the first option for wealthy white men, the last option for the poor. Always with ears to the the underworld, the boys soon learn of white and black lynchings, bullying, land grabbing and resource stealing by big corporation. Usually killing bigots and hate-mongers for sport, stakes are raised when large multinational companies stomp into South Carolina with steel toed boots and not much of a care whom they step on, intimidating poor white, black and native American farmers for their hard earned land. Coming up with a small well thought out plan after finally locating the legal documents, Slick and Benjamin discover that the parchments have been burned in the middle of the sheriff's office after a midnight raid. This only deepens the men's suspicions as well as the mystery of whom or what owns vast amounts of land all around the Carolinas, land certain well heeled men are willing to kill whole families for. As the men travel through the dark under belly of corrupt South and North Carolina local government and the highest echelons of wealth and society, their investigation is complicated when twelve (12) young prostitutes are discovered dismembered, their body parts discovered in several Carolina rivers. Each dead girl had one thing in common; they all once worked for the infamous Madame Lolly, owner of the most exclusive 'skin-hustling' business in all of the Deep South. Rustling up clues and discovering the truth behind an investigation that will eventually take them all over the world, the killers-turn- investigators call upon a complicated cast of characters, many of which lie as easily as they tell truths, protecting wealth, heritage, family and their own lives. Slick and Benjamin have embarked on a journey they could have never imagined in darkest, wildest dreams; supernatural gods and powers, vast wealth, dark international brother hoods, all while trying to stay safe as their enemies grow more and more powerful.
