Jones, University of Southampton 'If this book did not exist, it would be necessary to invent it!' B. Cooper, University of Leeds 'I have always regarded Wilson's book as THE undergraduate textbook on graph theory, without a rival' 9780273728894: Introduction to Graph Theory (5th Edition) ... Graph theory normally receives little if any attention at school but is an interesting subject with a range of practical applications. This is an extremely lucid introduction, requiring very little previous mathematical knowledge - just elementary arithmetic - and is readily comprehensible to non-specialists. Thoroughly recommended. Introduction to Graph Theory (Dover Books on Mathematics ... R. J. Wilson, Introduction to Graph Theory, 5th edition, Prentice Hall, 2010. D.B. West, Introduction to Graph
