This article critically examines the creation of the dominant academic discourse of global citizenship education, ... identity and, only occasionally, human rights. The lack of .Power and place in the discourse of global citizenship ... This is due to the emancipative character of the global citizenship discourse, which makes reference to a global identity defined in positive terms. We can see the reflection of this egalitarianism in the discourse of the new global education project that is currently gaining traction within the development apparatus.
 Global Citizenship as Identity: Viable Alternative to ... national identity discourse (Osler, 2008: 22). It, therefore, becomes intriguing for our study to identify how the identity discourse in England is represented and problematised in state's citizenship education policy taken into account the influences of diversity, global immigration, and consequent societal change of the state of England.
 Constructing the National Identity Discourse in ... and the colonial versus postcolonial environment of identity and citizenship transformations. Therefore, the topic of postcoloniality appears to be combined with multiculturalism as part of the European answer to global-local collisions (cf. Jurgen Habermas, Christian Joppke, David Morley, Steven Vertovec, and Stephen Castles).
 Globalism, Localism and Postcolonial Discourse In their 2002 book Global Citizenship, Nigel Williams and John Dower define the global citizen as a member of the wider community of all humanity, or some whole that is wider than that of a nation-state. This membership involves a significant identity, loyalty, or commitment beyond the nation-state.
