In this, the 5th, Ed McAvoy Mystery, the ex-wife of a prominent U.S. Senator, her Country/Western singer lover, and the driver of the limousine in which they had been riding are all killed in a tragic traffic accident while trying to shake off a cadre of reporters and photographers. The sole survivor, the singer's bodyguard Darren Corbett, has been left with total amnesia about the crash and the events leading up to it. But Darren's memory is starting to return in disjointed bits and pieces, and attempts have been made on his life. Even when he visits his old Air Force buddy Porky Jarvis in Peekamoose Heights in an effort to escape from public view, the attempts continue. Now it's up to McAvoy to try and discover who wants Darren dead, and why.

Franklin, Jack, Marla, Thadius, and Caitlin... this unlikely group of assorted misfits are the Cemeterians, a group that will take on any job - no, really, we mean any bloody job (money's a bit tight right now)! Trudge through disgusting sewers to battle manatee-massacring mermaids and soggy cultists, creep through creepy, fog-littered cemeteries straight out of an ancient Hammer Film soundstage, confront undead lecherous lodgers and other assorted beasties, creepies, and ghoulies. It all comes down to whether an adolescent giant Automaton, a truly mad, Mad Scientist, a surly Necromancer, a Banshee's granddaughter, and a reluctant furry monster straight from under your little sister's bed can manage not to kill each other - or, at least, quit fighting over the tele-privilege-schedule long enough to get the job done! Not likely.

Reisen kann man planen. Manche tun dies so ausführlich, dass sie darüber das eigentliche Losfahren ganz vergessen. Andere hingegen packen ihr Auto und brechen auf. Einfach so. Zu dieser Gruppe gehört Christopher Many. Ohne große Vorplanung und mit wenig Geld ist er gestartet. Insgesamt mehr als acht Jahre lang ist er in seinem alten umgebauten Land Rover um die Welt gereist, voll Neugier auf Länder, Menschen und Abenteuer. Ein moderner Landstreicher, der nicht ruhen kann,

sondern für den Reisen Leben ist. Dieses Buch ist mehr als nur ein spannender Reisebericht, denn die Reise um die Welt ist auch die Reise zu sich selbst und zu den Menschen und Regimen, auf die Christopher Many unterwegs trifft. Es lohnt sich, diesen vagabundierenden Reisephilosophen der besonderen Art auf seinem Weg zu begleiten.

All Hope Cooper needed this year was to have the kind of Christmas her family always cherished. But with her parents gone and her only brother having to work, it doesn't look like it's going to work out for her. There's nothing she can do about her parents, but she most certainly can voice her annoyance at her brother's boss for making him work out of town all through the holidays. Beckett James hates the holidays and everything that goes with them. They were important at one time, but now the only thing that mattered was his company and its continued growth and anyone who worked for him better feel the same way. If not, they could find employment elsewhere and good

riddance. With a major expansion deal on the line, Beckett needs to focus. What he doesn't need is Hope to come barging into his mountain retreat demanding that her brother come home immediately due to an emergency. Suddenly it's two alone in a snowstorm. Two alone for Christmas. And two alone to fight an attraction that had been there all along. Hope soon begins to realize she may have misjudged Beckett while he comes to see that there really is something special and magical about Christmas. But once they leave their private winter wonderland and return to their normal lives, will the magic still be there? A modern-day Beauty and the Beast style Christmas. *Norwegian Antarctic Research Expedition (NARE) 2000/2001* American Motorcyclist magazine, the official journal of the American Motorcyclist Association, tells the stories of the people who make motorcycling the sport that it is.
