An unexpected love story from Marc Levy, international bestselling author of *The Last of the Stanfields*, and the most widely read French author in the world. It's been five years since fate upended resilient Chloe Bronstein's world. While

she may be living with her father, and her acting career has taken a decidedly unexpected turn, she's alive. And she's intrigued by Sanji, the charming new elevator operator in her quaint Manhattan apartment building. There's just something about the Mumbai-born, Oxford-educated, thoroughly modern elevator man that doesn't quite add up. Sanji is dazzled by Chloe. They have so much in common: Both defiant. Both independent. Both determined to live by their own rules. But there's one thing about Sanji that Chloe doesn't know. Yet. However hesitant Chloe and Sanji's burgeoning romance is--complicated by family, friends, neighbors, and the past--it also awakens them to life's limitless possibilities.

In 2975, the orphan Yatima is grown from a randomly mutated digital mind seed in the conceptory of Konishi polis. Yatima explores the Coalition of Polises, the network of computers where most life in the solar system now resides, and joins a friend, Inoshiro, to borrow an abandoned robot body and meet a thriving community of "fleshers" in the enclave of Atlanta. Twenty-one years later, news arrives from a lunar observatory: gravitational waves from

Lac G-1, a nearby pair of neutron stars, show that the Earth is about to be bathed in a gamma-ray flash created by the stars' collision — an event that was not expected to take place for seven million years. Yatima and Inoshiro return to Atlanta to try to warn the fleshers, but meet suspicion and disbelief. Some lives are saved, but the Earth is ravaged. In the aftermath of the disaster, the survivors resolve to discover the cause of the neutron stars' premature collision, and they launch a thousand polises into interstellar space in search of answers. This diaspora eventually reaches a planet subtly transformed to encode a message from an older group of travellers: a greater danger than Lac G-1 is imminent, and the only escape route leads beyond the visible universe.

In this third novel in her acclaimed Tears of Artamon saga, Sarah Ash once again transports readers to a realm where sorcery collides with political intrigue . . . and where one man haunted by a dark legacy is locked in a fierce struggle between the forces of good and evil battling for supremacy within him. . . . Gavril Nagarian is believed dead—perished in the heat of battle. But the Lord Drakhaon of Azhkendir lives on. Now he is entrusted with a sacred mission: to rescue the aged Magus, who has been kidnapped and in whose possession are the five priceless rubies that compose the fabled Tears of Artamon. Ancient law decrees that whoever possesses the coveted stones

has the power to impose his rule over the five princedoms in the Empire of New Rossiya. But the task exacts a cost. The Drakhaoul that destroyed his forebears has penetrated Gavril's psyche and is gaining power over his soul. With the dark forces inside him seeking immortality, Gavril must feed on the blood of innocents—or die. Toppled by the loss of the Tears of Artamon, Emperor Eugene of Tielen is tormented by his own daemon. Now he must defend his lands against King Enguerrand of Francia, who claims ownership of the Tears. But both men share a common goal: to destroy Gavril Nagarian and the Drakhaoul that lives within him once and for all. Ingenious and unforgettable, *Children of the Serpent Gate* delivers a thrilling

conclusion to the epic trials of a man of honor in a world run amok—a calamity that can be laid to rest only by an Emperor's Tears.

NOW A MAJOR MOTION PICTURE • Set in the near-future, *Into the Forest* is a powerfully imagined novel that focuses on the relationship between two teenage sisters living alone in their Northern California forest home. Over 30 miles from the nearest town, and several miles away from their nearest neighbor, Nell and Eva struggle to survive as society begins to decay and collapse around them. No single event precedes society's fall. There is talk of a war overseas and upheaval in Congress, but it still comes

as a shock when the electricity runs out and gas is nowhere to be found. The sisters consume the resources left in the house, waiting for the power to return. Their arrival into adulthood, however, forces them to reexamine their place in the world and their relationship to the land and each other. Reminiscent of Margaret Atwood's *A Handmaid's Tale*, *Into the Forest* is a mesmerizing and thought-provoking novel of hope and despair set in a frighteningly plausible near-future America. Praise for *Into the Forest* “[A] beautifully written and often profoundly moving novel.”—San Francisco Chronicle “A work of extraordinary power, insight and lyricism, *Into the Forest* is both an urgent warning and a passionate celebration of life and love.”—Riane Eisler, author of

The Chalice and the Blade “From the first page, the sense of crisis and the lucid, honest voice of the . . . narrator pull the reader in. . . . A truly admirable addition to a genre defined by the very high standards of George Orwell's 1984.”—Publishers Weekly (starred review) “Beautifully written.”—Kirkus Reviews “This beautifully written story captures the essential nature of the sister bond: the fierce struggle to be true to one’s own self, only to learn that true strength comes from what they are able to share together.”—Carol Saline, co-author of *Sisters* “Jean Hegland’s sense of character is firm, warm, and wise. . . . [A] fine first novel.”—John Keeble, author of *Yellowfish*

Park Wan-suh is a best-selling and award-winning writer whose work has been widely translated and published throughout the world. *Who Ate Up All the Shinga?* is an extraordinary account of her experiences growing up during the Japanese occupation of Korea and the Korean War, a time of great oppression, deprivation, and social and political instability. Park Wan-suh was born in 1931 in a small village near Kaesong, a protected hamlet of no more than twenty families. Park was raised believing that "no matter how many hills

and brooks you crossed, the whole world was Korea and everyone in it was Korean." But then the tendrils of the Japanese occupation, which had already worked their way through much of Korean society before her birth, began to encroach on Park's idyll, complicating her day-to-day life. With acerbic wit and brilliant insight, Park describes the characters and events that came to shape her young life, portraying the pervasive ways in which collaboration, assimilation, and resistance intertwined within the Korean social fabric before the outbreak of war. Most absorbing is Park's portrait of her mother, a sharp and resourceful widow who both resisted and conformed to stricture, becoming an enigmatic role model for her struggling daughter. Balancing period detail with

universal themes, Park weaves a captivating tale that charms, moves, and wholly engrosses.

The young scribe Iker has finally realised that, in pursuing Pharaoh Senusret with his hatred, he chose the wrong target. The real enemy, the one who is attacking the Tree of Life at Abydos, is in fact the Herald, that baleful individual who is rallying troops on the border in order to invade Egypt and annihilate her. Now Senusret has entrusted Iker with a particularly dangerous mission: to enter Canaan and discover the Herald's lair ... Who can save Egypt now? Senusret - constantly faced with savage assassination attempts? Iker - fighting on a thousand fronts to prevent the traitor from succeeding? Or the beautiful

priestess Isis who perhaps - deep in her heart - will find the means to pacify the spirit of the Nile?

2011 Reprint of 1940 Edition. Full facsimile of the original edition, not reproduced with Optical Recognition Software. Werber's books are recommended for those seeking closeness with the inner self, the Christ within, the true self, and the font of power. This is the power (the one and only power) of the laws of manifestation, the power that brings peace, the power

of love. Her books consist of short topics, or 'lessons' which can be read one each day as meditations, or at leisure, slowly and deeply, and as valuable sources of knowledge, which have been imparted to the author by the divine within. They are written as intimate conversations from the Master (the great self, or christ if you like) within to the author. The information imparted in the books is universal. They are given to bring about a release from fear, doubt and lack, through the understanding of trust and oneness.

This is a most unusual book. For several decades Xi Xi has been widely known for her award-winning poetry and fiction. This time, she has chosen to write about

the teddy bears she began making in 2005, after treatment for cancer, in order to improve the mobility of her right hand. She made the bears herself from scratch, choosing some of her favourite characters from history and legend such as the Taoist philosopher Master Zhuang, the Mongol ruler Genghis Khan, and Beauty and the Beast. She also created exquisite items of clothing for them and wove a series of delightfully witty essays around them, giving her readers fascinating insights into Chinese culture, and into the ways in which Chinese clothing and fashion have evolved through the ages. This is a book for all who love literature and teddy bears.

Children of the Serpent Gate Yen On
The Homeland actress's "recollections of

her unconventional youth in war-torn Beirut are heartbreaking yet humorous . . . in this unique” memoir (Publishers Weekly). Raised in 1970s Lebanon on Charles Baudelaire, *A Clockwork Orange*, and fine Bordeaux, Darina Al-Joundi was encouraged by her unconventional father to defy all taboos. She spent her adolescence defying death in Beirut nightclubs as bombs fell across the city. The more oppressive the country became, the more drugs and anonymous sex she had, fueling the resentment directed at her daily by the same men who would spend the night with her. As the war dies down, she begins to incur the consequences of her lifestyle. On his deathbed, her father’s last wish is for his favorite song, “Sinnerman” by Nina Simone, to be played at his funeral

instead of the traditional suras of the Koran. When she does just that, the final act of defiance elicits a catastrophic response from her surviving family members. In this dramatic true story, Darina Al-Joundi is defiantly passionate about living her life as a liberated woman, even if it means leaving everyone and everything behind in this “beautifully taut and relentlessly unemotional” memoir (Kirkus). *Myanmar-English dictionary* Sphere The sensational US debut of a major French writer—an intense, delicious meringue of a novella In a large country house shut off from the world by a gated garden, three young governesses responsible for the education of a group of little boys are preparing a party. The governesses, however, seem to spend

more time running around in a state of frenzied desire than attending to the children's education. One of their main activities is lying in wait for any passing stranger, and then throwing themselves on him like drunken Maenads. The rest of the time they drift about in a kind of sated, melancholy calm, spied upon by an old man in the house opposite, who watches their goings-on through a telescope. As they hang paper lanterns and prepare for the ball in their own honor, and in honor of the little boys rolling hoops on the lawn, much is mysterious: one reviewer wrote of the book's "deceptively simple words and phrasing, the transparency of which works like a mirror reflecting back on the reader." Written with the elegance of old French fables, the dark sensuality of

Djuna Barnes and the subtle comedy of Robert Walser, this semi-deranged erotic fairy tale introduces American readers to the marvelous Anne Serre.

Newly arrived in New York in 1882 from Tsarist Russia, the sixteen-year-old Bernard Weinstein discovered an America in which unionism, socialism, and anarchism were very much in the air. He found a home in the tenements of New York and for the next fifty years he devoted his life to the struggles of fellow Jewish workers. The Jewish Unions in America blends memoir and history to chronicle this time. It describes how Weinstein led countless strikes, held the unions together in the face of retaliation from the bosses, investigated sweatshops and factories with the aid of

reformers, and faced down schisms by various factions, including Anarchists and Communists. He co-founded the United Hebrew Trades and wrote speeches, articles and books advancing the cause of the labor movement. From the pages of this book emerges a vivid picture of workers' organizations at the beginning of the twentieth century and a capitalist system that bred exploitation, poverty, and inequality. Although workers' rights have made great progress in the decades since, Weinstein's descriptions of workers with jobs pitted against those without, and American workers against workers abroad, still carry echoes today. The Jewish Unions in America is a testament to the struggles of working people a hundred years ago. But it is also a

reminder that workers must still battle to live decent lives in the free market. For the first time, Maurice Wolfthal's readable translation makes Weinstein's Yiddish text available to English readers. It is essential reading for students and scholars of labor history, Jewish history, and the history of American immigration. Nobody Is Perfick Corwin Press

Jimmy has never performed comedy, or anything, before. Ever. How did he get here? After convincing a naive journalist that he is the latest comedy phenomenon, the under-achieving Jimmy bluffs and stumbles his way up the celebrity ladder, discovering as he goes that in their desperation to be associated with the next big thing, nobody has bothered to check his credentials. This hilarious, colorful portrait of a sex worker navigating life in modern Morocco introduces a promising new literary voice. Thirty-four-year-old prostitute Jmiaa reflects on the bustling world around her with a brutal honesty, but also a quick wit that cuts through the drudgery. Like many of the women in her working-class Casablanca neighborhood, Jmiaa struggles to earn enough money to support herself and her family—often including the deadbeat husband who walked out on her and their young daughter. While she doesn't despair about her profession like her roommate, Halima, who reads the Quran between clients, she still has to maintain a delicate balance between her reality and the “respectable” one she paints for

her own more conservative mother. This daily grind is interrupted by the arrival of an aspiring young director, Chadlia, whom Jmiaa takes to calling “Horse Mouth.” Chadlia enlists Jmiaa’s help on a film project, initially just to make sure the plot and dialogue are authentic. But when she’s unable to find an actress who’s right for the starring role, she turns again to Jmiaa, giving the latter an incredible opportunity for a better life. In her breakout debut novel, Meryem Alaoui creates a vibrant picture of the day-to-day challenges faced by working people in Casablanca, which they meet head-on with resourcefulness and resilience.
