RICHARD CAROLYN

[More Myself](#) Simon and Schuster

Now including a foreword by Bill Buford and photographs of Gellhorn with Hemingway, Dorothy Parker, Madame Chiang Kai-shek, Gary Cooper, and others, this new edition rediscovers the voice of an extraordinary woman and brings back into print an irresistibly entertaining classic. "Martha Gellhorn was so fearless in a male way, and yet utterly capable of making men melt," writes New Yorker literary editor Bill Buford. As a journalist, Gellhorn covered every military conflict from the Spanish Civil War to Vietnam and Nicaragua. She also bewitched Eleanor Roosevelt's secret love and enraptured Ernest Hemingway with her courage as they dodged shell fire together. Hemingway is, of course, the unnamed "other" in the title of this tart memoir, first published in 1979, in which Gellhorn describes her globe-spanning adventures, both accompanied and alone. With razor-sharp humor and exceptional insight into place and character, she tells of a tense week spent among dissidents in Moscow; long days whiled away in a disused water tank with hippies clustered at Eilat on the Red Sea; and her journeys by sampan and horse to the interior of China during the Sino-Japanese War.

NEW YORK TIMES BEST SELLER • A Best Book of 2021: Entertainment Weekly, Good Morning America, Wall Street Journal, and more From the indie rockstar of Japanese Breakfast fame, and author of the viral 2018 New Yorker essay that shares the title of this book, an unflinching, powerful memoir about growing up Korean American, losing her mother, and forging her own identity. In this exquisite story of family, food, grief, and endurance, Michelle Zauner proves herself far more than a dazzling singer, songwriter, and guitarist. With humor and heart, she tells of growing up one of the few Asian American kids at her school in Eugene, Oregon; of struggling with her mother's particular, high expectations of her; of a painful adolescence; of treasured months spent in her grandmother's tiny apartment in Seoul, where she and her mother would bond, late at night, over heaping plates of food. As she grew up, moving to the East Coast for college, finding work in the restaurant industry, and performing gigs with her fledgling band—and meeting the man who would become her husband—her Koreanness began to feel ever more distant, even as she found the life she wanted to live. It was her mother's diagnosis of terminal cancer, when Michelle was twenty-five, that forced a reckoning with her identity and brought her to reclaim the gifts of taste, language, and history her mother had given her. Vivacious and plainspoken, lyrical and honest, Zauner's voice is as radiantly alive on the page as it is onstage. Rich with intimate anecdotes that will resonate widely, and complete with family photos, *Crying in H Mart* is a book to cherish, share, and reread.

An intimate and light-hearted memoir by viral sensation and three-time Emmy-nominated musical comedian Randy Rainbow that takes readers through his life—the highs, the lows, the lipstick, the pink glasses, and the show tunes. Randy Rainbow, the man who conquered the Internet with a stylish pair of pink glasses, an inexhaustible knowledge of Broadway musicals, and the most gimlet-eyed view of American politics this side of Mark Twain finally tells all in *Playing with Myself*, a memoir sure to cause more than a few readers to begin singing one of his greatest hits like "A Spoonful of Clorox" or "Cover Your Freakin' Face." As Randy has said, "There's so much fake news out there about me. I can't wait to set the record straight and finally give people a peek behind the green screen." And set the record straight he does. *Playing with Myself* is a first-hand account of the journey that led Randy Rainbow from his childhood as the over-imaginative, often misunderstood little boy who carried a purse in the second grade to his first job on Broadway as the host at Hooters and on to the creation of his trademark comedy character. In chapters titled "Pajama Bottoms" (a look back at the days when he wore pajama bottoms on his head to pretend he was Dorothy in *The*

Wizard of Oz), "Yes, It's My Real Name, Shut Up!" (no explanation necessary...) and "Pink Glasses" (a rose-colored homage to his favorite accessory), *Playing with Myself* is a memoir that answers the question "Can an introverted musical theatre nerd with a MacBook and a dream save the world, one show tune at a time?"

From the USA TODAY bestselling author of *Sweet Thing* and *Nowhere But Here* comes a love story about a Craigslist "missed connection" post that gives two people a second chance at love fifteen years after they were separated in New York City. To the Green-eyed Lovebird: We met fifteen years ago, almost to the day, when I moved my stuff into the NYU dorm room next to yours at Senior House. You called us fast friends. I like to think it was more. We lived on nothing but the excitement of finding ourselves through music (you were obsessed with Jeff Buckley), photography (I couldn't stop taking pictures of you), hanging out in Washington Square Park, and all the weird things we did to make money. I learned more about myself that year than any other. Yet, somehow, it all fell apart. We lost touch the summer after graduation when I went to South America to work for National Geographic. When I came back, you were gone. A part of me still wonders if I pushed you too hard after the wedding... I didn't see you again until a month ago. It was a Wednesday. You were rocking back on your heels, balancing on that thick yellow line that runs along the subway platform, waiting for the F train. I didn't know it was you until it was too late, and then you were gone. Again. You said my name; I saw it on your lips. I tried to will the train to stop, just so I could say hello. After seeing you, all of the youthful feelings and memories came flooding back to me, and now I've spent the better part of a month wondering what your life is like. I might be totally out of my mind, but would you like to get a drink with me and catch up on the last decade and a half? M

A heart-wrenching, funny and fresh debut about human connection and the power of friendship Struggling to cope with a tragic loss, Denis Murphy has, for the past seven years, learned to live differently. His friends are used to his strict routines, like ironing his socks and lighting his fireplace every Sunday (even in the summer). His forlorn mother puts up with his strange "no touching" antics, even though all she wants is a hug from her son. Really, the only problem is the four monsters he has for roommates. This ragtag bunch run his life, determined to create chaos in his orderly world. Then Rebecca, Denis's enigmatic ex-girlfriend from his former life, returns to town. Shocked to meet the new Denis—a broken man, unable to manage even the most basic social interactions—she becomes fixated on bringing back the funny, charismatic man she once loved. As Denis begins to emerge from his sheltered existence and rediscover the person he used to be, the monsters declare all-out war. Denis is finally forced to confront the demons that share his house, and his head. By turns heartbreaking and heartwarming, *Me, Myself and Them* deftly explores mental illness with compassion and in entirely original terms. Meet Ari, a young person who doesn't like to be called by their birth name Edward: "When I think of the name Edward, I imagine old kings who snore a lot." Throughout this beautiful and engaging picture book, we watch Ari grow up before our very eyes as they navigate the ins and outs of their gender identity; we see how, as a child, they prefer dolls and princess movies, and want to grow out their hair, though their father insists on cutting it short, "because that's what boys look like." At nine, they play hockey but wish they could try on their mother's dresses; at fifteen, they shave their face, hoping to have smooth skin like girls. At sixteen, they want to run away, especially from their father who insists, "You're a boy, so you have to act like one." Who will Ari become? Moving from age six to adolescence, *The Name I Call Myself* touchingly depicts Edward's tender, solitary gender journey to Ari: a new life distinguished and made meaningful by self-acceptance and unconditional love. Ages 5 to 12.

First appearing in 1899 *The Awakening* is regarded as work presaging both feminist fiction and literary modernism. The author's clear vision of a woman's internal and external conflicts continue to demand engagement and response from readers. *The Awakening* follows Edna Pontellier as she recognizes and attempts to deal with her confining lot as a woman and mother in the 19th century American South. Torn between traditional roles and an inchoate desire for independence and a more passionate life, she faces more than one difficult choice, leading to a grim reckoning. Initially receiving a mixed critical reception, including much condemnation for its frank depiction of adultery, the novel has gone on to be recognized as both a classic piece of fiction and a groundbreaking work of women's realism. The poignant portrayal of the protagonist attempting to determine her true feminine identity makes this one of the first novels willing to openly confront women's issues, to make clear that traditional roles could be limiting and to legitimize an emotional life that transcended society's boundaries. With an eye-catching new cover, and professionally typeset manuscript, this edition of *The Awakening* is both modern and readable.

Being Myself is a contemplative exploration of the essential nature of our self. Everyone has the sense of 'being myself,' but not everyone knows their self clearly. In most cases, our sense of self is mixed up with the content of experience and, as a result, its natural condition of peace and happiness is veiled. Through investigation and analogy, the meditations in this collection take us back to our true nature again and again, until we begin to find our self naturally and effortlessly established there, as that. In time, experience loses its capacity to veil our being, and its innate peace and joy emerge from the background of experience. * * * *The Essence of Meditation Series* presents meditations on the essential, non-dual understanding that lies at the heart of all the great religious and spiritual traditions, compiled from contemplations led by Rupert Spira at his meetings and retreats. This simple, contemplative approach, which encourages a clear seeing of one's experience rather than any kind of effort or discipline, leads the reader to an experiential understanding of their own essential being and the peace and fulfillment that are inherent within it.
