When Mike Hardy and Bentley Britt left North Carolina they thought they would have a fresh start. However, it isn't long before the troubles they left on the east coast find them. The Coven is used to being feared, but soon they find themselves in a vulnerable situation. Cronus is facing old enemies and those grudges spanning centuries can only be paid in blood. Werewolves are disappearing and the Blood Moon Pack is hunting for those responsible. Will they find the answers they seek? Will that knowledge bring them closure or will they find that the truth they have been searching for is far more gruesome than they ever imagined? What will they do when they find this terror wears an all too familiar face? Welcome to Dark Harvest

Dark Moon Mysteries Penguin UK

As a lone wolf, I avoid imprinting on a mate like my life depends on it. Because it does. My brother gave his life to help me escape the pack. Now, after being in hiding for the last few years, I'm seeing shifters outside of their normal territory, and they're getting closer to my little patch of wolf-free paradise. If they find out I'm still alive, they'll haul me back and mate me to some random wolf, keeping me as a breeding machine to perpetuate our species. Forced imprinting is supposed to be forbidden, but if I know my pack, that won't stop them from getting what they want. With danger lurking around every corner and the chance of me being caught getting ever higher, I'm on the verge of descending into hopelessness. Until I meet Roman. But what if he's just the lure to chain me to a different pack? As badly as I want to be free from the obligations of a pack, that freedom just might cost me the guy. But as it turns out, my feelings for Roman are only half my trouble...

One woman on the run. Four dangerously sexy bodyguards. And a war brewing that will change the shifter world forever... I'm living on borrowed time, fighting for survival against a deadly new virus that has no cure and a cult doing its best to brainwash me. But when a mysterious note shows up on my windowsill one night, its chilling message--Run, Wren--launches me out of the frying pan and into the fire. Within hours, everything I thought I knew about my life, my family, and my origins is obliterated, and I'm racking up enemies at an alarming rate. Between the cult I've just escaped, a violent shifter faction out for my blood, and an ancient evil who eats "chosen ones" like me for breakfast, my last hope is to join forces with four dangerous-looking men who claim they were sent to guard my life. Luke, a werewolf with a rap sheet. Creedence, a lynx shifter who never met a mark he couldn't con. Kite, a bear kin with a mean right hook and heart of gold. And Dust, my childhood best friend and dude voted least likely to be a secret shape-shifting griffin. But are these men really what they seem? Or are my alpha guardians hiding a secret agenda of their own? I'm not sure, but one thing is for certain--choosing the right allies will mean the difference between life and death. For me, and everyone I love. UNLEASHED is book one in the Dark Moon Shifter's series. It is a true reverse harem featuring one woman and her four mates.

Book One ("Red Moon") and Book Two ("Red Moon Rising") should be read first in order to have a better understanding of both the characters and the world they live in. This book contains some violence and some hot and sweaty sex scenes, and is intended for adults only. As well, please note that this book ends on a cliffhanger (I do love a good cliffhanger!).

It was said that the eyes of moon elves glowed with the light of their gods both during the day and the night. This was a blessing for the moon elves. However, Karuk's eyes did not glow, for they were as black as night, and the elders had believed his heart would be just as dark. He was born bigger and stronger and with light-colored hair. The elders debated whether or not to take this young elf to the woods and leave him to die. This way the darkness within him would die with him. However, fate had its own plans, and the elves decided to raise the child within the camp in hopes that the darkness would fade from him and the blessing of the elves would fall on him before he became a man. That same night, Jimni and Dawgknight were born. Jimni's cub was a gray saber-toothed wolf with eyes that glowed green. He named the cub Emerald. Dawgknight's cub was a saber-toothed tiger with fur as black as the darkest night and eyes that glowed light blue. He named his cub Soul. After they and their pets were trained, they began their brotherly competitions with each other. They competed so much that they even had a bet that the loser would have to name his firstborn son after the one who was knighted first.
