"The apocalyptic beach
read that everyone
needs." - Alix E. Harrow,
Hugo Award-winning
author on Not Your

Average Hot Guy In The
Date from Hell, the sequel
to Not Your Average Hot
Guy, New York Times
bestselling author
Gwenda Bond brings the
journey of Callie, Luke,
and their friends to a
wonderful close. This is
another laugh out loud,
action-packed romantic
adventure you won't want
to miss. After saving the
world and stopping the

apocalypse, Callie and
Luke are looking forward
to a quiet, romantic
weekend together. When
you're human and dating
the Prince of Hell, quiet
moments are hard to
come by. But their
romantic weekend in Hell
takes a turn when Lucifer
tasks Callie and Luke with
chasing a wayward soul
around the world. If they
can prove it's possible to

redeem a soul, Lucifer will allow the two of them to make some changes in Hell. But this wayward soul, Sean, doesn't have any interest in being redeemed. Instead, now that he's back on Earth, he's decided to take a leaf out of Callie and Luke's book and wants to find the Holy Grail. Now Callie, Luke, and their friends—and enemies—must race Sean around the globe on a Grail quest and bring peace between Heaven and Hell before they can finally (maybe) get around

to that date.

The rise of collective violence and genocide is the twentieth century's most terrible legacy.

Martha Minow, a Harvard law professor and one of our most brilliant and humane legal minds, offers a landmark book on our attempts to heal after such large-scale tragedy. Writing with informed, searching prose of the extraordinary drama of the truth commissions in Argentina, East Germany,

and most notably South Africa; war-crime prosecutions in Nuremberg and Bosnia; and reparations in America, Minow looks at the strategies and results of these riveting national experiments in justice and healing. From the Trade Paperback edition. *Chasing the Flame* Knopf "The present volume comprises representative 'moments' from the more than 150 analyses of Darfur I have written since Fall 2003. Through scholarly analyses and eye-witness testimony, *Century of Genocide* discusses the causes, results, and ramifications of the genocides perpetrated in the 20th century, including, for example, the following: the Armenians in the Ottoman Empire; the Jews, Romani and mentally and physically handicapped

during the Holocaust; and such post-Holocaust genocides as those in East Timor, Bangladesh, Cambodia, Iraq, Cambodia and Rwanda. The second edition has been fully updated and features new chapters on the ethnic cleansing and genocide in the former Yugoslavia and the mass killing of the Kurds in Iraq, as well as a chapter on the question of whether or not the situation in Kosovo constituted genocide. It concludes with an essay outlining methods of intervention and

prevention of future genocides.

A NEW YORK TIMES, WALL STREET JOURNAL, AND USA TODAY BESTSELLER
An intimate, powerful, and galvanizing memoir by Pulitzer Prize winner, human rights advocate, and former US Ambassador to the UN Samantha Power. Named one of the best books of the year: The New York Times • National Public Radio • Time • The Economist • The

Washington Post • Vanity Fair • Christian Science Monitor • Publishers Weekly • Audible “Her highly personal and reflective memoir . . . is a must-read for anyone who cares about our role in a changing world.”—President Barack Obama Includes an updated afterword Tracing her distinctly American journey from immigrant to war correspondent to presidential Cabinet official, Samantha Power’s acclaimed memoir is a unique blend of

suspenseful storytelling, vivid character portraits, and shrewd political insight. After her critiques of US foreign policy caught the eye of Senator Barack Obama, he invited her to work with him on Capitol Hill and then on his presidential campaign. When Obama won the presidency, Power went from being an activist outsider to serving as his human rights adviser and, in 2013, becoming the youngest-ever US Ambassador to the United Nations. Power transports us from her childhood in

Dublin to the streets of war-torn Bosnia to the White House Situation Room and the world of high-stakes diplomacy, offering a compelling and deeply honest look at navigating the halls of power while trying to put one’s ideals into practice. Along the way, she lays bare the searing battles and defining moments of her life, shows how she juggled the demands of a 24/7 national security job with raising two young children, and makes the case for how we each can advance the cause of

human dignity. This is an unforgettable account of the power of idealism—and of one person’s fierce determination to make a difference. “This is a wonderful book. [...] The interweaving of Power’s personal story, family story, diplomatic history and moral arguments is executed seamlessly and with unblinking honesty.”—THOMAS L. FRIEDMAN, The New York Times Book Review “Truly engrossing...A pleasure to read.”—RACHEL MADDOW “A beautiful memoir about

the times we’re living in and the questions we must ask ourselves...I honestly couldn’t put it down.” —CHERYL STRAYED, author of *Wild* “Power’s compelling memoir provides critically important insights we should all understand as we face some of the most vexing issues of our time.” —BRYAN STEVENSON, author of *Just Mercy* *Why Children, Adults, and Groups Help and Harm Others* Basic Books A searching meditation on our all-too-human

capacity for inhumanity, Evil Men confronts atrocity head-on—how it looks and feels, what motivates it, how it can be stopped. James Dawes’s unflinchingly honest account, drawing on firsthand interviews, is not just about the things Japanese war criminals did, but about what it means to befriend them. *The Failure of Humanity in Rwanda* "A "A Problem From Hell""America and the Age of Genocide A thought-provoking and penetrating account of the post-Cold war follies

and delusions that culminated in the age of Donald Trump from the bestselling author of *The Limits of Power*. When the Cold War ended with the fall of the Berlin Wall, the Washington establishment felt it had prevailed in a world-historical struggle. Our side had won, a verdict that was both decisive and irreversible. For the world's "indispensable nation," its "sole superpower," the future looked very bright. History, having brought the United States to the very summit of power and

prestige, had validated American-style liberal democratic capitalism as universally applicable. In the decades to come, Americans would put that claim to the test. They would embrace the promise of globalization as a source of unprecedented wealth while embarking on wide-ranging military campaigns to suppress disorder and enforce American values abroad, confident in the ability of U.S. forces to defeat any foe. Meanwhile, they placed all their bets on

the White House to deliver on the promise of their Cold War triumph: unequalled prosperity, lasting peace, and absolute freedom. In *The Age of Illusions*, bestselling author Andrew Bacevich takes us from that moment of seemingly ultimate victory to the age of Trump, telling an epic tale of folly and delusion. Writing with his usual eloquence and vast knowledge, he explains how, within a quarter of a century, the United States ended up with gaping inequality, permanent

war, moral confusion, and an increasingly angry and alienated population, as well, of course, as the strangest president in American history.

A World History SAGE

On the tenth anniversary of the date that UN peacekeepers landed in Rwanda, Random House Canada is proud to publish the unforgettable first-hand account of the genocide by the man who led the UN mission. Digging deep into shattering memories, General Dallaire has written a powerful story of

betrayal, naïveté, racism and international politics. His message is simple and undeniable: "Never again." When Lt-Gen. Roméo Dallaire received the call to serve as force commander of the UN intervention in Rwanda in 1993, he thought he was heading off on a modest and straightforward peacekeeping mission. Thirteen months later he flew home from Africa, broken, disillusioned and suicidal, having witnessed the slaughter of 800,000 Rwandans in only a hundred days. In Shake

Hands with the Devil, he takes the reader with him on a return voyage into the hell of Rwanda, vividly recreating the events the international community turned its back on. This book is an unsparring eyewitness account of the failure by humanity to stop the genocide, despite timely warnings. Woven through the story of this disastrous mission is Dallaire's own journey from confident Cold Warrior, to devastated UN commander, to retired general engaged in a painful struggle to find a

measure of peace, reconciliation and hope. This book is General Dallaire's personal account of his conversion from a man certain of his worth and secure in his assumptions to a man conscious of his own weaknesses and failures and critical of the institutions he'd relied on. It might not sit easily with standard ideas of military leadership, but understanding what happened to General Dallaire and his mission to Rwanda is crucial to understanding the moral

minefields our peacekeepers are forced to negotiate when we ask them to step into the world's dirty wars. Excerpt from Shake Hands with the Devil My story is not a strictly military account nor a clinical, academic study of the breakdown of Rwanda. It is not a simplistic indictment of the many failures of the UN as a force for peace in the world. It is not a story of heroes and villains, although such a work could easily be written. This book is a cri de coeur for the slaughtered

thousands, a tribute to the souls hacked apart by machetes because of their supposed difference from those who sought to hang on to power. . . . This book is the account of a few humans who were entrusted with the role of helping others taste the fruits of peace. Instead, we watched as the devil took control of paradise on earth and fed on the blood of the people we were supposed to protect. [America and the Age of Genocide](#) Dial Press Trade Paperback

The Anthropology of Turquoise Routledge

A special fiftieth anniversary edition of Kurt Vonnegut's masterpiece, "a desperate, painfully honest attempt to confront the monstrous crimes of the twentieth century" (Time), featuring a new introduction by Kevin Powers, author of the National Book Award finalist *The Yellow Birds* Selected by the Modern Library as one of the 100 best novels of all time

Slaughterhouse-Five, an American classic, is one of the world's great antiwar books. Centering on the infamous World War II firebombing of Dresden, the novel is the result of what Kurt Vonnegut described as a twenty-three-year struggle to write a book about what he had witnessed as an American prisoner of war. It combines historical fiction, science fiction, autobiography, and satire in an account of the life of Billy Pilgrim, a barber's son turned draftee turned optometrist turned alien

abductee. As Vonnegut had, Billy experiences the destruction of Dresden as a POW. Unlike Vonnegut, he experiences time travel, or coming "unstuck in time." An instant bestseller, *Slaughterhouse-Five* made Kurt Vonnegut a cult hero in American literature, a reputation that only strengthened over time, despite his being banned and censored by some libraries and schools for content and language. But it was precisely those elements of Vonnegut's

writing—the political edginess, the genre-bending inventiveness, the frank violence, the transgressive wit—that have inspired generations of readers not just to look differently at the world around them but to find the confidence to say something about it. Authors as wide-ranging as Norman Mailer, John Irving, Michael Crichton, Tim O’Brien, Margaret Atwood, Elizabeth Strout, David Sedaris, Jennifer Egan, and J. K. Rowling have all found inspiration in Vonnegut’s words.

Jonathan Safran Foer has described Vonnegut as “the kind of writer who made people—young people especially—want to write.” George Saunders has declared Vonnegut to be “the great, urgent, passionate American writer of our century, who offers us . . . a model of the kind of compassionate thinking that might yet save us from ourselves.” Fifty years after its initial publication at the height of the Vietnam War, Vonnegut’s portrayal of political disillusionment,

PTSD, and postwar anxiety feels as relevant, darkly humorous, and profoundly affecting as ever, an enduring beacon through our own era’s uncertainties. “Poignant and hilarious, threaded with compassion and, behind everything, the cataract of a thundering moral statement.”—The Boston Globe

 With more than three-quarters of a million copies sold since its first publication, The Craft of Research has helped

generations of researchers at every level—from first-year undergraduates to advanced graduate students to research reporters in business and government—learn how to conduct effective and meaningful research. Conceived by seasoned researchers and educators Wayne C. Booth, Gregory G. Colomb, and Joseph M. Williams, this fundamental work explains how to find and evaluate sources, anticipate and respond to reader reservations, and

integrate these pieces into an argument that stands up to reader critique. The fourth edition has been thoroughly but respectfully revised by Joseph Bizup and William T. FitzGerald. It retains the original five-part structure, as well as the sound advice of earlier editions, but reflects the way research and writing are taught and practiced today. Its chapters on finding and engaging sources now incorporate recent developments in library and Internet

research, emphasizing new techniques made possible by online databases and search engines. Bizup and FitzGerald provide fresh examples and standardized terminology to clarify concepts like argument, warrant, and problem. Following the same guiding principle as earlier editions—that the skills of doing and reporting research are not just for elite students but for everyone—this new edition retains the accessible voice and direct approach that have

made *The Craft of Research* a leader in the field of research reference. With updated examples and information on evaluation and using contemporary sources, this beloved classic is ready for the next generation of researchers.

Shake Hands With the Devil Basic Books

The United States has been the world's dominant power for more than a century. Now many analysts believe that other countries are rising and the United States is in decline. Is the unipolar moment over? Is America finished as a superpower? In this book, Michael Beckley argues that the United States has unique advantages over other nations that, if used wisely, will allow it to remain the world's sole superpower throughout

this century. We are not living in a transitional, post-Cold War era. Instead, we are in the midst of what he calls the unipolar era—a period as singular and important as any epoch in modern history. This era, Beckley contends, will endure because the US has a much larger economic and military lead over its closest rival, China, than most people think and the best prospects of any nation to amass wealth and power in the decades ahead. Deeply researched and brilliantly argued, this

book covers hundreds of years of great power politics and develops new methods for measuring power and predicting the rise and fall of nations. By documenting long-term trends in the global balance of power and explaining their implications for world politics, the book provides guidance for policymakers, businesspeople, and scholars alike.

"Richard Kadrey is a genius." —Holly Black
"Sandman Slim is my kind of hero." —Kim Harrison

All hail Sandman Slim, author Richard Kadrey's ultra-extreme anti-hero and recent escapee from Lucifer's overheated Underworld playground. Legendary author William Gibson (*Neuromancer*) called Kadrey's first

deliciously twisted Slim adventure "an addictively satisfying, deeply amusing, dirty-ass masterpiece," and in number three, Aloha from Hell, the ruthless avenger, a.k.a. Stark, finds himself trapped in the middle of a war between Heaven and Hell. With God on vacation, the Devil nosing around in Paradise, and an insane serial killer doing serious damage on Earth, Stark/Slim is ready to unleash some more adrenaline-surgingly edgy and violent supernatural mayhem—and even pay

another visit to Hell if necessary—which is great news for fans of Jim Butcher, Warren Ellis, Charlaine Harris, Kim Harrison, and Simon R. Green.

The Unquiet American
Public Affairs

"An angry, brilliant, fiercely useful, absolutely essential book." --The New Republic From the Armenian Genocide to the ethnic cleansings of Kosovo and Darfur, modern history is haunted by acts of brutal violence. Yet American leaders who vow "never again"

repeatedly fail to stop genocide. Winner of the Pulitzer Prize and the National Book Critics Circle Award, "A Problem from Hell" draws upon exclusive interviews with Washington's top policymakers, thousands of once classified documents, and accounts of reporting from the killing fields to show how decent Americans inside and outside government looked away from mass murder. Combining spellbinding history and seasoned political analysis, "A Problem from

Hell" allows readers to hear directly from American decision-makers and dissenters, as well as from victims of genocide, and reveals just what was known and what might have been done while millions perished.

 When World War I began,
 Karnig Panian was only

five years old, living
 among his fellow
 Armenians in the
 Anatolian village of Gurin.
 Four years later, American
 aid workers found him at
 an orphanage in Antoura,
 Lebanon. He was among
 nearly 1,000 Armenian
 and 400 Kurdish children
 who had been abandoned
 by the Turkish
 administrators, left to
 survive at the orphanage
 without adult care. This
 memoir offers the
 extraordinary story of
 what he endured in those
 years—as his people were
 deported from their

Armenian community, as
 his family died in a
 refugee camp in the
 deserts of Syria, as he
 survived hunger and
 mistreatment in the
 orphanage. The Antoura
 orphanage was another
 project of the Armenian
 genocide: its
 administrators, some
 benign and some cruel,
 sought to transform the
 children into Turks by
 changing their Armenian
 names, forcing them to
 speak Turkish, and
 erasing their history.
 Panian's memoir is a full-
 throated story of loss,

resistance, and survival, but told without bitterness or sentimentality. His story shows us how even young children recognize injustice and can organize against it, how they can form a sense of identity that they will fight to maintain. He paints a painfully rich and detailed picture of the lives and agency of Armenian orphans during the darkest days of World War I. Ultimately, Karnig Panian survived the Armenian genocide and the deprivations that followed. Goodbye,

Antoura assures us of how humanity, once denied, can be again reclaimed. *The Problems of Genocide* Cambridge University Press
In this invigorating mix of natural history and adventure, artist-naturalist Ellen Meloy uses turquoise—the color and the gem—to probe deeper into our profound human attachment to landscape. From the Sierra Nevada, the Mojave Desert, the Yucatan Peninsula, and the Bahamas to her home ground on the high

plateaus and deep canyons of the Southwest, we journey with Meloy through vistas of both great beauty and great desecration. Her keen vision makes us look anew at ancestral mountains, turquoise seas, and even motel swimming pools. She introduces us to Navajo “velvet grandmothers” whose attire and aesthetics absorb the vivid palette of their homeland, as well as to Persians who consider turquoise the life-saving equivalent of a bullet-

proof vest. Throughout, Meloy invites us to appreciate along with her the endless surprises in all of life and celebrates the seduction to be found in our visual surroundings.
