DIVDIVA secret that
could destroy two
legendary families

threatens to change
the course of true love
in Caroline B. Cooney's
mesmerizing
novel/divDIV Annabel
Jayquith and Daniel
Ransom meet at a
party. They fall
instantly in love,
unaware that their
lives are inextricably

bound together by the crime that shocked a nation./divDIV Daniel is the high-profile son of a slain US senator who had presidential ambitions. Annabel is the daughter of a billionaire businessman. Like Daniel, Annabel is haunted by the discovery of her family history—a past she never knew existed./divDIV Annabel is rich and beautiful, but eighteen-year-old Jade O’Keeffe is poor and alone. She hates her mother, the fabulously successful TV talk-show host Theodora Jayquith, for giving her up for adoption. But most of all, she hates Annabel, Theodora’s spoiled, much-loved niece. And Jade is going to make them all pay./divDIV As Daniel’s search for the

truth about his father’s unsolved murder puts him in the crosshairs of Jade’s revenge, a killer slips from the shadows. Now a secret that could bury two powerful families could also destroy Annabel and Daniel’s growing love. /div/div

Der Orden des geheimen Baumes - Die Magierin History Books

«Eine neue Geschichte der Welt» - dieses Buch verdient den Titel voll und ganz.» Peter Frankopan lehrt uns, die Geschichte neu zu sehen - indem er nicht Europa, sondern den Nahen und Mittleren Osten zum Ausgangspunkt macht. Hier entstanden die ersten Hochkulturen und alle drei monotheistischen Weltreligionen; ein Reichtum an Gütern,

Kultur und Wissen, der das Alte Europa seit jeher sehnsüchtig nach Osten blicken ließ. Frankopan erzählt von Alexander dem Großen, der Babylon zur Hauptstadt seines neuen Weltreichs machen wollte; von Seide, Porzellan und Techniken wie der Papierherstellung, die über die Handelswege der Region Verbreitung fanden; vom Sklavenhandel mit der islamischen Welt, der Venedig im Mittelalter zum Aufstieg verhalf; von islamischen Gelehrten, die das antike Kulturerbe pflegten, lange bevor Europa die Renaissance erlebte; von der Erschließung der Rohstoffe im 19. Jahrhundert bis hin zum Nahostkonflikt. Schließlich erklärt Frankopan, warum sich

die Weltpolitik noch heute in Staaten wie Syrien, Afghanistan und Irak entscheidet. Peter Frankopan schlägt einen weiten Bogen, und das nicht nur zeitlich: Er rückt zwei Welten zusammen, Orient und Okzident, die historisch viel enger miteinander verbunden sind, als wir glauben. Ein so fundiertes wie packend erzähltes Geschichtswerk, das wahrhaft die Augen öffnet.

Vladimir Birlinn Ltd
This book presents a map of the application of memory studies concepts to the study of translation. A range of types of memory from personal memory and electronic memory to national and transnational memory are discussed, and links with translation

are illustrated by detailed case studies. Routledge Sie ist Ende fünfzig, Literaturprofessorin an einem kleinen College an der amerikanischen Ostküste und beliebt bei ihren Studentinnen. Seit dreißig Jahren ist sie mit John verheiratet, der am selben College unterrichtet. Sie war immer stolz darauf, mit John eine offene Beziehung zu führen, intellektuell, finanziell und emotional unabhängig zu sein. Als John jedoch seine Suspendierung fürchten muss, weil eine der vielen Studentinnen, mit denen er im Laufe der Jahre eine Affäre hatte, ein Verfahren gegen ihn angestrengt hat, gerät das Wertesystem der Ich-Erzählerin ins Wanken: Ihre

Studentinnen und ihre Tochter fordern sie auf, sich zu trennen, die Fakultät möchte sie beurlauben. In dieser Situation trifft sie Vladimir Vladinski - ein 20 Jahre jüngerer Kollege und gefeierter Romanautor - und entwickelt für ihn eine folgenschwere Obsession.

The Forbidden History of the Americas: More Evidence of Ancient American Geography and the Advanced Civilizations of the First Americans Dewi Lewis Publishing
 For over 400 years, Taiwan has suffered at the hands of multiple colonial powers, but it has now entered the decade when its independence will be won or lost. At the heart of Taiwan's story is the curse of geography that placed the island on the strategic cusp between the Far East and Southeast Asia and made it the guardian of some of the world's most lucrative trade routes. It is the story of the dogged determination of a courageous people to overcome every

obstacle thrown in their path. Forbidden Nation tells the dramatic story of the island, its people, and what brought them to this moment when their future will be decided.

Das Dritte Reich des

Traums Routledge
"How effective are election campaign posters? Providing a unique political history, this book traces the impact that these posters - as well as broadsides, banners, and billboards - have had around the world over the last two centuries. It focuses on the use of this campaign material in the United States, as well as in France, Great Britain, Germany, South Africa, Japan, Mexico, and many other countries." "The book examines how

posters evolved and discusses their changing role in the twentieth century and thereafter; how technology, education, legislation, artistic movements, advertising, and political systems effected changes in election posters and other campaign media, and how they were employed around the world." "This comprehensive and original overview of this campaign material includes the first extensive review of the research literature on the topic. Posters, Propaganda, and Persuasion will be useful to scholars and students interested in communications, politics, history, advertising and marketing, art history, and graphic design."--

BOOK JACKET.
Britische Geschichte für Dummies Karl Blessing Verlag
 Einzigartig und fesselnd erzählt der renommierte Oxford-Historiker Nicholas Stargardt in ›Der Deutsche Krieg‹ aus der Nahtsicht, wie die Deutschen – Soldaten, Lehrer, Krankenschwestern, Nationalsozialisten, Christen und Juden – den Zweiten Weltkrieg durchlebten. Tag für Tag erleben wir mit, worauf sie hofften, was sie schockierte, worüber sie schwiegen und wie sich ihre Sicht auf den Krieg allmählich wandelte. Gestützt auf zahlreiche Tagebücher und Briefe, unter anderem von Heinrich Böll und Victor Klemperer, Wilm Hosenfeld und Konrad Jarausch, gelingt

Nicholas Stargardt ein Blick in die Köpfe der Menschen, der deutlich macht, warum so viele Deutsche noch an die nationale Sache glaubten, als der Krieg längst verloren war und die Gewissheit wuchs, an einem Völkermord teilzuhaben. Ein verstörendes Kaleidoskop der Jahre 1939 bis 1945 im nationalsozialistischen Deutschland. »Ein Meisterwerk der Geschichtsschreibung, das die ›Vogelperspektive‹ nahtlos mit einer Mikrogeschichte dieser verhängnisvollen Periode des 20. Jahrhunderts verbindet.« Jan T. Gross »Erstmals wird die Chronologie der Stimmung, der Hoffnungen und Befürchtungen (...) der

deutschen Bevölkerung während des Krieges wirklich sichtbar. Eine eindrucksvolle, fesselnde Darstellung.«
 Mark Roseman
 »Hervorragend geschrieben und in seiner Argumentation überzeugend, ist dieses Buch ein Muss.«
 Saul Friedländer
The History of the Life and Times of Edward the Third M.E. Sharpe
 Mein Kampf ist eine politisch-ideologische Programmschrift Adolf Hitlers. Sie erschien in zwei Teilen. Hitler stellte darin seinen Werdegang zum Politiker und seine Weltanschauung dar. Das Buch enthält Hitlers Autobiografie, ist in der Hauptsache aber eine Kampf- und Propagandaschrift, die zum Neuaufbau der NSDAP als zentral gelenkter Partei unter

Hitlers Führung dienen sollte. Der erste Band entstand nach dem gescheiterten Putsch am 9. November 1923 gegen die Weimarer Republik während der folgenden Festungshaft Hitlers 1924 und wurde erstmals am 18. Juli 1925, der zweite am 11. Dezember 1926 veröffentlicht.[1] Vor allem der erste Band wurde bis 1932 zu einem viel diskutierten Bestseller.

 Die Studentin Lazi liebt Frauen. Das ist unerhört im Taiwan der 1980er-Jahre: Eine queere Szene erwacht, und das an der Elite-Uni in Taipeh! Nun, wo das Kriegsrecht aufgehoben ist, bricht die Jugend auf. Aber wie geht Freiheit? Lazi Liebe zu der älteren Shui Ling wird zur

Obsession. Als Grenzen überschritten sind, flüchtet sich Lazi in eine Clique schillernder Außenseiter, doch auch die kämpfen mit sich und dem Leben. Und dann ist da noch ein Krokodil, das sich als Mensch tarnt ... Dieser leidenschaftliche, mit literarischen Formen wie Tagebuchnotizen, Aphorismen, allegorischen Einschüben sowie (Genre-)Grenzen spielende Roman ist voller Scharfsinn und skurrilem Witz, erzählt aber auch ganz offen vom Schmerz ihrer Zeit.

Taipeh Open Road Media

Since the time of the Italian explorer Christopher Columbus the man credited for the discovery of the new world, the new comers to the world

have observed and documented the things which they seen, heard and experienced. The new comers to this world saw the ruins of what appeared as intricately built ancient cities, observed strange yet familiar habits of the indigenous. It wasn't until the mid 19th century that archaeology was even taken serious in this land, yet it would seem as though it was not for the purpose of documentation and understanding of those of the past. 100 years or so earlier Sir Richard Colt Hoare coined the motto for Antiquarianism in Europe, We Speak from Facts not Theory and it would seem here in the Americas, John W Powell and Ephraim George Squire after the

creation of the Smithsonian Institution, together reconstructed and change the purpose of the existence of Smithsonian with what would seem to be their motto, We Speak from Theory not from Facts. Since the days Smithsonian took a new path due to the influences of men such as Powell and Squire, thousands if not tens of thousands of artifacts and ruins have been dusted under the rug and or buried in the depths of Smithsonian, with a system of control and a constant threat of taking away their funding exist to this day over the heads of the Museums of this Nation. A threat of mockery and stripping of ones title, destroying the ability of making a living in

the archaeological world, hangs over the heads of many archaeologist today. The dictatorship of archaeology was now set up, the new religion of Atheism with its Bible of Manifest Destiny and Evolution, but what was the motive? Why would a group of men want to hide the history of this land? What was it that could have motivated the two sons of Methodist Ministers in Palmyra New York in 1830? I just can't put my finger on it. To this day thousands of unusual artifacts remain hidden in the basements of Museums across this land with no explanation as to why they cannot display them without the threat of loosing their funding. It would seem that of every claim of

who came to this land first, all seem to forget that when they pushed their way onto the beaches of this new world, someone was peering at them from the bushes. Although not the first to come to this land, Europeans, Hebrew or Jewish and or Roman Jewish people, have been coming to this land as early as possibly 900 BC, and even then, someone was already here. Columbus knew this and so did all the others who followed him and preceded him, and those who funded the expeditions. Who were these people and how did they get here? Is there a written history of these people? It is my desire, not having this threat hanging over my head, to show you even a small portion of the

amazing untold history of this land through photographic, archaeological, geographic, and scriptural evidence, legends, documentation of the past told by those who witnessed it, and just plain common sense. It is not my position that because an artifact find was not an "Official" archaeological excavation that we need disregard completely the evidence. Honesty and trust in a find is not inherent in the field of archaeology inclusively, it is within the men who make the find, and tell the story as it occurred. Just because it was not under the dictatorship of Smithsonian, does not make it any less credible, not in the slightest. The field of

archaeology has come a long way since the days of the two sons of Methodist Ministers from Palmyra New York, and it seems to have stooped to a new low many would not have ever thought. Many archaeologist of today are fed up and disgusted with the muzzle that is forced upon them with a threat of loosing their livelihood should they stray from the curriculum and the seeming untold oath to it. It is what seems to be, an effort to destroy the concept of God in the mind of the people for the sake of the religion of Evolution. British History for Dummies S. Fischer Verlag Shortlisted for the Orwell Prize 2023 As seen in The Times, Sunday Times,

Spectator, and on Tonight with Andrew Marr (LBC) Under President Xi Jinping, China's global ambitions have taken a dangerous new turn. Bullying and intimidation have replaced diplomacy, and trade, investment, even big-spending tourists and students have been weaponised. Beijing has strengthened its alliance with Vladimir Putin, supporting Russia's aggression in Ukraine, and brooks no criticism of its own flagrant human rights violations against the Uyghur population in western China. Western leaders say they don't want a cold war with China, but it's a little too late for that. Beijing is already waging a more complex, broader and

more dangerous cold war than the old one with the Soviet Union. And it is intensifying. This thought-provoking and alarming book examines this new cold war's many fronts – from Taiwan and the South China Sea to the Indian frontier, the Arctic and cyberspace. In doing so it proclaims the clear and sobering message that we must open our eyes to the reality of China's rise and its ruthless bid for global dominance.

Wer die Nachtigall stört

... Forbidden Nation
Claws of the Panda
tells the story of
Canada's failure to
construct a workable

policy towards the People's Republic of China. In particular the book tells of Ottawa's failure to recognize and confront the efforts by the Chinese Communist Party to infiltrate and influence Canadian politics, academia, and media, and to exert control over Canadians of Chinese heritage. Claws of the Panda gives a detailed description of the CCP's campaign to embed agents of influence in Canadian business, politics, media and academia. The party's aims are to be able to turn Canadian public policy to China's advantage, to acquire useful technology and intellectual property, to influence Canada's international diplomacy, and, most

important, to be able to monitor and intimidate Chinese Canadians and others it considers dissidents. The book traces the evolution of the Canada-China relationship over nearly 150 years. It shows how Canadian leaders have constantly misjudged the reality and potential of the relationship while the CCP and its agents have benefited from Canadian naivete. *Ukraine's Forbidden History* John Wiley & Sons

China has become accessible to the west in the last twenty years in a way that was not possible in the previous thirty. The number of westerners travelling to China to study, for business or for tourism has

increased dramatically and there has been a corresponding increase in interest in Chinese culture, society and economy and increasing coverage of contemporary China in the media. Our understanding of China's history has also been evolving. The study of history in the People's Republic of China during the Mao Zedong period was strictly regulated and primary sources were rarely available to westerners or even to most Chinese historians. Now that the Chinese archives are open to researchers, there is a growing body of academic expertise on history in China that is open to western analysis and historical methods. This has in many ways changed

the way that Chinese history, particularly the modern period, is viewed. The Encyclopedia of Chinese History covers the entire span of Chinese history from the period known primarily through archaeology to the present day. Treating Chinese history in the broadest sense, the Encyclopedia includes coverage of the frontier regions of Manchuria, Mongolia, Xinjiang and Tibet that have played such an important role in the history of China Proper and will also include material on Taiwan, and on the Chinese diaspora. In A-Z format with entries written by experts in the field of Chinese Studies, the Encyclopedia will be an invaluable resource for students of Chinese

history, politics and culture.

Neunzehnhundertvierundachtzig Dumont Buchverlag

“This global affairs veteran has carved out a solid, mature path, including for ‘flawed democracies’ like the U.S. We’d all be wise to follow.” — Vancouver Sun From the author of the Globe and Mail bestseller, *Claws of the Panda*, comes a book quite literally for our times. *Restoring Democracy in an Age of Populists and Pestilence* is a thoughtful account of how we can save democracies from the despots and populists who provide easy answers to complicated situations, dumbing political discourse down to sandbox antics. Manthorpe argues that

democracy is more resilient than it appears, and is capable of overcoming the attacks from within and without that have sapped its vigour since the end of the Cold War. He begins with a description of the events of 1989, one of the seminal years in modern history. This saw the end of the Cold War, and the apparent conclusive victory of democracy and its civic values. But the view of these changes as a triumph of democracy — as summed up in Francis Fukuyama's essay "The End of History" — was short-lived. Russia, shorn of its Soviet empire, and the Chinese Communist Party, re-examining its survival after the Tiananmen Square Massacre, began

devising ways to counter-attack the West's triumphalism and these met with considerable success. Internal pressures and contradictions — wealth disparity being chief among them — threaten the survival of many democratic systems. Abandoned industrial workers turn to the repeated platitudes designed to appeal to those left behind without actually offering them the ways and means to catch up. Immigrants, refugees, and the reformist fixations of isolated liberal elites have provided ammunition for would-be despots. Adding to the pressures building on the political norms of our democracies, the COVID-19 pandemic has brought economic and social stand-still

for which no country is prepared.

Posters, Propaganda, and Persuasion in Election Campaigns

Around the World and Through History

The Capitol Net Inc

"Nineteen Eighty-Four" revealed George Orwell as one of the twentieth century's greatest

mythmakers. While the totalitarian system that provoked him into writing it has since passed into oblivion, his harrowing cautionary tale of a man trapped in a political nightmare has had the opposite fate: its relevance and power to disturb our complacency seem to grow decade by decade. In Winston Smith's desperate struggle to free himself from an all-encompassing, malevolent state,

Orwell zeroed in on tendencies apparent in every modern society, and made vivid the universal predicament of the individual.

A Critical Essay on Why Blacks Use the "N" Word and Whites are Forbidden

Cormorant Books

A history of Taiwan and its strained relations with China explains how the country is compromised by its geographical location at the mouth of some of the world's most lucrative trade routes, tracing 400 years of colonial exploitation and other challenges while predicting the region's imminent fight for independence.

Der deutsche Krieg

Harvard University Press

Until 1991 Ukraine was the largest nation in

the world without independence. Long fought over by neighbouring Poles, Germans, Russians and eumanians, its recent history has been marked by extreme violence and over a quarter of its population were killed between 1930 and 1945 through famine, execution and war.

This new work combines oral history, archive and contemporary photographs to tell the horrifying story of the country and its people and their struggle for freedom. Includes 96 duotone plates.

Geschichte

Jugoslawiens Golkonda Verlag

This one-volume handbook explores the history of Taiwan, from its prehistory to its Japanese colonization

to its tumultuous relationship with China in the 21st century. This addition to the Greenwood Histories of the Modern Nations series focuses on significant events in the history of Taiwan, from ancient history to the present. Following the general series format, the book opens with the series foreword and a chronology of key events in Taiwan's history. Eleven chapters follow, with half of the book focusing on the modern historic events that occurred post-World War II. Chapters examine topics and eras including Pre-history and Early Civilization to 1100; Formosa: The Dutch Colony, 1622-1662; Cold War Island: Conflicts and

Control, 1950–1972; and Democratization and Independence Movement, 1996–2004. A glossary of terms and annotated bibliography rounds out the work, making it an ideal resource for high school and undergraduate students as well as general readers who are looking for an introduction to Taiwan's history.
