NO MORE GAMES. IT'S TIME FOR THE TRUTH. Neil Strauss made a name for himself advocating freedom, sex and opportunity as the author of *The Game*. Then he met the woman who forced him to question everything. Neil's search for answers took him from Viagra-laden free-love orgies to sex addiction clinics, from cutting-edge science labs to modern-day harems, and, most terrifying of all, to his own mother. What he discovered changed everything he knew about love, sex, relationships and, ultimately, himself. *The Truth* may have the same effect on you.

The Truth About White Lies Harper Collins

Time is your most precious resource. You can't buy more. You can't make more. But you can make

the most of the time you already have. This book shows you how to take back control using five simple steps. It's not about doing more of being more productive. It's about respecting your time and teaching others to respect it too. Done right, *The Diary Detox®* will get you A DAY BACK EVERY WEEK. It will show you how to clear the noise from your diary - and your head - giving you much needed space to refocus on the things that actually matter in work and life. Ask yourself...WHAT ARE YOU DOING? You might complete this book and think, "Well, isn't that obvious?". If so, good! *Diary Detox®* was designed to be incredibly simple but it's not easy and will take determination and commitment to yield results; that part is up to you. And because time is of the essence, everything has been distilled down to just over 100 pages.

Penetrating the Secret Society of Pickup Artists Beacon Hill Press

Neil Strauss can uncover the naked truth like nobody else. With his groundbreaking book *The Game*, Strauss penetrated the secret society of pickup artists. Now, in *Everyone Loves You When You're Dead*, the *Rolling Stone* journalist collects the greatest moments from the most insane music interviews of all time. Join Neil Strauss, "The Mike Tyson of interviewers," (Dave Pirner, *Soul Asylum*), as he Makes Lady Gaga cry, tries to keep Mötley Crüe out of jail & is asked to smoke Kurt

Cobain's ashes by Courtney Love Shoots guns with Ludacris, takes a ride with Neil Young & goes to church with Tom Cruise and his mother Spends the night with Trent Reznor, reads the mind of Britney Spears & finds religion with Stephen Colbert Gets picked on by Led Zeppelin, threatened by the mafia & serenaded by Leonard Cohen Picks up psychic clues with the CIA, diapers with Snoop Dog & prison survival tips from Rick James Goes drinking with Bruce Springsteen, dining with Gwen Stefani & hot tubbing with Marilyn Manson Talks glam with David Bowie, drugs with Madonna, death with Johnny Cash & sex with Chuck Berry Gets molested by the Strokes, in trouble with Prince & in bed with . . . you'll find out who inside. Enjoy many, many more awkward moments and accidental adventures with the world's number one stars in *Everyone Love You When You're Dead*. *25 Lies* Random House

Winner of the 2003 Trillium Book Award "Stories are wondrous things," award-winning author and scholar Thomas King declares in his 2003 CBC Massey Lectures. "And they are dangerous." Beginning with a traditional Native oral story, King weaves his way through literature and history, religion and politics, popular culture and social protest, gracefully elucidating North America's relationship with its Native peoples. Native culture has deep ties to storytelling, and yet no other

North American culture has been the subject of more erroneous stories. The Indian of fact, as King says, bears little resemblance to the literary Indian, the dying Indian, the construct so powerfully and often destructively projected by White North America. With keen perception and wit, King illustrates that stories are the key to, and only hope for, human understanding. He compels us to listen well.

Former executive editor of The New York Times and one of our most eminent journalists Jill Abramson provides a “valuable and insightful” (The Boston Globe) report on the disruption of the news media over the last decade, as shown via two legacy (The New York Times and The Washington Post) and two upstart (BuzzFeed and VICE) companies as they plow through a revolution that pits old vs. new media. “A marvelous book” (The New York Times Book Review), Merchants of Truth is the groundbreaking and gripping story of the precarious state of the news business. The new digital reality nearly kills two venerable newspapers with an aging readership while creating two media behemoths with a ballooning and fickle audience of millennials.

“Abramson provides this deeply reported insider account of an industry fighting for survival. With a keen eye for detail and a willingness to interrogate her own profession, Abramson takes readers into the newsrooms and boardrooms of the legacy newspapers and the digital upstarts that seek to challenge their dominance” (Vanity Fair). We get to know the defenders of the legacy presses as well as the outsized characters who are creating the new speed-driven media competitors. The players include Jeff Bezos and Marty Baron (The Washington Post), Arthur Sulzberger and Dean Baquet (The New York Times), Jonah Peretti (BuzzFeed), and Shane Smith (VICE) as well as their reporters and anxious readers. Merchants of Truth raises crucial questions that concern the well-being of our society. We are facing a crisis in trust that threatens the free press. “One of the best takes yet on journalism’s changing fortunes” (Publishers Weekly, starred review), Abramson’s book points us to the future.

John Lewis and the Power of Hope Harper Collins

Neil Strauss became famous to millions around the world as the author of *The Game*, a funny and slyly instructive account of how he transformed himself from a scrawny, insecure nerd into the ultra-confident, ultra-successful “pickup artist” known as Style. The book jump-started the international “seduction community,” and made Strauss a household name—revered or notorious—among single men and women alike. But the experience of writing *The Game* also transformed Strauss into a man who could have what every man wants: the ability to date or have casual sex with almost every woman he met. The results were heady, to be sure. But they also conditioned him to view the world as a kind of constant parade of women, sex, and opportunity—with intimacy and long-term commitment taking a back seat. That is, until he met the woman who forced him to choose between herself and the parade. The choice was not only difficult, it was wrenching. It forced him deep into his past, to confront not only the moral dimensions of his pickup lifestyle, but also a wrenching mystery in his childhood that shaped the man that he became. It sent him into extremes of behavior that exposed just how conflicted his life had become. And it made him question everything he knew about himself, and about the way men and women live with and without each other. He would never be the same again. Searingly honest, compulsively readable, this book may have the same effect on you.

The Business of News and the Fight for Facts HarperCollins

INSTANT NEW YORK TIMES BESTSELLER From the New York Times bestselling author of *I’m Judging You*, a hilarious and transformational book about how to tackle fear--that everlasting hater--and audaciously step into lives, careers, and legacies that go beyond even our wildest dreams Luvvie Ajayi Jones is known for her trademark wit, warmth, and perpetual truth-telling. But even she’s been challenged by the enemy of progress known as fear. She was once afraid to call herself a writer, and nearly skipped out on doing a TED talk that changed her life because of imposter syndrome. As she shares in *Professional Troublemaker*, she’s not alone. We’re all afraid. We’re afraid of asking for what we want because we’re afraid of hearing “no.” We’re afraid of being different, of being too much or not enough. We’re afraid of leaving behind the known for the unknown. But in order to do the things that will truly, meaningfully change our lives, we have to become professional troublemakers: people who are committed to not letting fear talk them out of the things they need to do or say to live free. With humor and honesty, and guided by the influence of her professional troublemaking Nigerian grandmother, Funmilayo Faloyin, Luvvie walks us through what we must get right within ourselves before we can do the things that scare us; how to use our voice for a greater good; and how to put movement to the voice we’ve been silencing--

because truth-telling is a muscle. The point is not to be fearless, but to know we are afraid and charge forward regardless. It is to recognize that the things we must do are more significant than our fears. This book is about how to live boldly in spite of all the reasons we have to cower. Let’s go!

[When We Cease to Understand the World](#) Headline

In stories both absurd and all-too-real, Christopher Evans paints a portrait of the uncanniness of modern life. The president of a holistic dog food company is haunted by a pop song from her past. Nine siblings band together to raise themselves after parental abandonment. A domestic argument reveals a woman’s supernatural gift. A failing musician finds his calling soundtracking another man’s life. Christopher Evans’s stories are people with strays — those who fall for the allure of nostalgia, grapple with male fragility, deny family trauma, and acquiesce to authority. For these characters, resignation and reinvention are only a breath apart. Nothing Could Be Further from the Truth is a bold debut collection that sits at the threshold of expectation and reality.

#1 NEW YORK TIMES BESTSELLER • An intimate and revealing portrait of civil rights icon and longtime U.S. congressman John Lewis, linking his life to the painful quest for justice in America from the 1950s to the present—from the Pulitzer Prize-winning author of *The Soul of America* NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE WASHINGTON POST AND COSMOPOLITAN John Lewis, who at age twenty-five marched in Selma, Alabama, and was beaten on the Edmund Pettus Bridge, was a visionary and a man of faith. Drawing on decades of wide-ranging interviews with Lewis, Jon Meacham writes of how this great-grandson of a slave and son of an Alabama tenant farmer was inspired by the Bible and his teachers in nonviolence. Reverend James Lawson and Martin Luther King, Jr., to put his life on the line in the service of what Abraham Lincoln called “the better angels of our nature.” From an early age, Lewis learned that nonviolence was not only a tactic but a philosophy, a biblical imperative, and a transforming reality. At the age of four, Lewis, ambitious to become a minister, practiced by preaching to his family’s chickens. When his mother cooked one of the chickens, the boy refused to eat it—his first act, he wryly recalled, of nonviolent protest. Integral to Lewis’s commitment to bettering the nation was his faith in humanity and in God—and an unshakable belief in the power of hope. Meacham calls Lewis “as important to the founding of a modern and multiethnic twentieth- and twenty-first-century America as Thomas Jefferson and James Madison and Samuel Adams were to the initial creation of the Republic itself in the eighteenth century.” A believer in the injunction that one should love one’s neighbor as oneself, Lewis was arguably a saint in our time, risking limb and life to bear witness for the powerless in the face of the powerful. In many ways he brought a still-evolving nation closer to realizing its ideals, and his story offers inspiration and illumination for Americans today who are working for social and political change.

[The Corn Stalker](#) Random House Trade Paperbacks

A beautifully illustrated collection of Gloria Steinem’s most inspirational and outrageous quotes, with an introduction and essays by the feminist activist herself “A fearless book full of passion, resolute perspective, and unbiased hope for the future.”—Janelle Monáe For decades—and especially now, in these times of crisis—people around the world have found guidance, humor, and unity in Gloria Steinem’s gift for creating quotes that offer hope and inspire action. From her early days as a journalist and feminist activist, Steinem’s words have helped generations to empower themselves and work together. Covering topics from relationships (“Many are looking for the right person. Too few are trying to be the right person.”) to the patriarchy (“Men are liked better when they win. Women are liked better when they lose. This is how the patriarchy is enforced every day.”) and activism (“Revolutions, like trees, grow from the bottom up.”), this is the definitive collection of Steinem’s words on what matters most. Steinem sees quotes as “the poetry of everyday life,” so she also has included a few favorites from friends, including bell hooks, Flo Kennedy, and Michelle Obama, in this book that will make you want to laugh, march, and create some quotes of your own. In fact, at the end of the book, there’s a special space for readers to add their own quotes and others they’ve found inspiring. *The Truth Will Set You Free, But First It Will Kiss You Off!* is both timeless and timely. It is a gift of hope from Steinem to readers, and a book to share with friends.

[The Uncomfortable Truth](#) House of Anansi

From the New York Times bestselling author of *A Legacy of Spies*. "A novel that beckons us beyond any and all expectations."—Jonathan Yardley, *The Washington Post* A counter-terrorist operation, code-named *Wildlife*, is being mounted on the British crown colony of Gibraltar. Its purpose: to

capture and abduct a high-value jihadist arms buyer. Its authors: an ambitious Foreign Office Minister, a private defense contractor who is also his bosom friend, and a shady American CIA operative of the evangelical far-right. So delicate is the operation that even the Minister’s personal private secretary, Toby Bell, is not cleared for it. Three years later, a disgraced Special Forces Soldier delivers a message from the dead. Was Operation *Wildlife* the success it was cracked up to be—or a human tragedy that was ruthlessly covered up? Summoned by Sir Christopher “Kit” Probyn, retired British diplomat, to his decaying Cornish manor house, and closely observed by Kit’s daughter, Emily, Toby must choose between his conscience and duty to his Service. If the only thing necessary for the triumph of evil is that good men do nothing, how can he keep silent? *This Is Awkward* Flatiron Books: An Oprah Book

In this twisty, compelling thriller, a young woman quickly embarks on what she thinks is the relationship and love of a lifetime, and she’s thrilled when her new husband insists they follow one rule: they don’t talk about the past, but it’s a rule that has dangerous consequences—perfect for fans of *A Simple Favor* and *The Kiss Quotient*. Is her new husband hiding something? Caught up in a whirlwind romance that starts in sunny Ibiza and leads to the cool corridors of a luxurious English country estate, Poppy barely has time to catch her breath, let alone seriously question if all this is too good to be true. Drew is enamored, devoted, and, okay, a little mysterious—but that’s part of the thrill. What’s the harm in letting his past remain private? Maybe he’s not the only one... Fortunately, Drew never seems to wonder why his young wife has so readily agreed to their unusual pact to live only in the here and now and not probe their personal histories. Perhaps he assumes, as others do, that she is simply swept up in the intoxication of infatuation and sudden wealth. What’s the harm in letting them believe that? How far will they go to keep the past buried? Isolated in Drew’s sprawling mansion, Poppy starts to have time to doubt the man she’s married, to wonder what in his past might be so terrible that it can’t be spoken of, to imagine what harm he might be capable of. She doesn’t want this dream to shatter. But Poppy may soon be forced to confront the dark truth that there are sins far more dangerous than the sin of omission...

Everyone Loves You When You’re Dead Thomas Nelson

Thirty eight years after her high school friend was found murdered in a cornfield, Judith returns to her hometown to try to uncover the truth behind the murders and suicides that occurred during her high school days.

Emergency Macmillan Children's Books

Terrorist attacks. Natural disasters. Domestic crackdowns. Economic collapse. Riots. Wars. Disease. Starvation. What can you do when it all hits the fan? You can learn to be self-sufficient and survive without the system. **I've started to look at the world through apocalypse eyes.** So begins Neil Strauss's harrowing new book: his first full-length worksince the international bestseller *The Game*, and one of the most original-and provocative-narratives of the year. After the last few years of violence and terror, of ethnic and religious hatred, of tsunamis and hurricanes--and now of world financial meltdown--Strauss, like most of his generation, came to the sobering realization that, even in America, anything can happen. But rather than watch helplessly, he decided to do something about it. And so he spent three years traveling through a country that's lost its sense of safety, equipping himself with the tools necessary to save himself and his loved ones from an uncertain future. With the same quick wit and eye for cultural trends that marked *The Game*, *The Dirt*, and *How to Make Love Like a Porn Star*, *Emergency* traces Neil's white-knuckled journey through today's heart of darkness, as he sets out to move his life offshore, test his skills in the wild, and remake himself as a gun-toting, plane-flying, government-defying survivor. It's a tale of paranoid fantasies and crippling doubts, of shady lawyers and dangerous cult leaders, of billionaire gun nuts and survivalist superheroes, of weirdos, heroes, and ordinary citizens going off the grid. It's one man's story of a dangerous world--and how to stay alive in it. Before the next disaster strikes, you're going to want to read this book. And you'll want to do everything it suggests. Because tomorrow doesn't come with a guarantee...

[Facing Our Fears While Pursuing Our Purpose](#) Canongate Books

Does your church make you uncomfortable? It’s easy to dream about the “perfect” church—a church that sings just the right songs set to just the right music before the pastor preaches just the right sermon to a room filled with just the right mix of people who happen to agree with you on just about everything. Chances are your church doesn’t quite look like that. But what if instead of searching for a church that makes us comfortable, we learned to love our church, even when it’s challenging? What if some of the discomfort that we often experience is actually good for us? This book is a call to embrace the uncomfortable aspects of Christian community, whether that means

believing difficult truths, pursuing difficult holiness, or loving difficult people—all for the sake of the gospel, God’s glory, and our joy.

[This Book Will Save Your Life](#) Simon & Schuster

When a parent singles out a child for special privileges and attention, that child is often unaware that the relationship is unhealthy—even incestuous. As adults, these children struggle to feel validated, because while they have not been directly abused, they feel a sense of violation and crossed boundaries—usually done in the name of 'love' and 'caring.' The parent's love feels more confining than freeing, more demanding than giving, more intrusive than nurturing. Yet these children suffer from what psychologist Kenneth Adams calls The Silent Seduction—because there is nothing loving or caring about a close parent-child relationship that services the needs of the parent rather than the child. In this revised and updated 20th anniversary edition of his groundbreaking book *Silently Seduced*, Dr. Adams explains how 'feeling close,' especially with the opposite-sex parent, is not the source of comfort the image suggests, especially when that child is cheated out of a childhood by being a parent's surrogate partner. He offers a framework to understand this covert incest and its effect on sexuality, intimacy, and relationships, and how victims can begin the process of recovery.

[Silently Seduced](#) Dey Street Books

The truth is—we're hardwired to seek comfort, but comfort usually doesn't move us in the right direction. Every day we face a thousand choices between what is best and what is easier. And most of the time, we'll choose what's easier, which is why we so often feel frustrated, anxious, and disconnected. But when you learn to embrace the uncomfortable as the gateway to better things,

everything changes. Embracing Uncomfortable teaches you how to Recognize what you need to do to find purpose and joy Develop the courage to radically accept your situation as it is Have the courage to do what it takes to move forward You'll learn practical skills to help you pursue and fulfill your purpose, like "practicing the pause" and "balancing your emotions." Discover the freedom and joy that will fill your life when you begin to see discomfort as an important step toward reaching your goals.

The Truth Rodale

'brilliantly written ... a genuinely important book' Jonathan Ross, The Jonathan Ross Show 'something we all need to be reading ... an absolutely brilliant book ... a great read for all of us' Zoe Ball, BBC Radio 2 'an absolutely terrific book' Susanna Reid, Good Morning Britain '[John Barnes is] such a clear thinker ... well worth reading' Richard Madeley, Good Morning Britain 'this book feels uncomfortable, but important, too ... Passionate, confrontational stuff' The Observer An eloquent and thought-provoking book on racism and prejudice by the Liverpool and England football legend John Barnes. John Barnes spent the first dozen years of his life in Jamaica before moving to the UK with his family in 1975. Six years later he was a professional footballer, distinguishing himself for Watford, Liverpool and England, and in the process becoming this country's most prominent black player. Barnes is now an articulate and captivating social commentator on a broad range of issues, and in *The Uncomfortable Truth About Racism* he tackles head-on the issues surrounding prejudice with his trademark intelligence and authority. By vividly evoking his personal experiences, and holding a mirror to this country's past, present and future,

Barnes provides a powerful and moving testimony. *The Uncomfortable Truth About Racism* will help to inform and advance the global conversation around society's ongoing battle with the awful stain of prejudice.

[Jeff Bezos and the Age of Amazon](#) Simon and Schuster

Why Racism Persists An Uncomfortable Truth Investigations into racism in America tend to be one-sided with an almost exclusive focus on those discriminated against. "Why Racism Persists. An Uncomfortable Truth," explores what has been virtually ignored: the causes and motivations for White racism. Beginning with its European roots, Dr. Collier traces the evolution of racism and delves into factors that have sustained the system of White privilege and anti-Black racism in America. What his analysis unearths are new areas of dialogue about racism and how we might bring some solutions to this most difficult problem. Dr. Walter V. Collier was born and grew up in Brooklyn, New York and currently lives on Martha's Vineyard in Massachusetts. He graduated from Brooklyn College with a B.A. degree in psychology, earned a M.A. also from Brooklyn College in social psychology and a doctorate in public policy analysis from New York University. For most of his professional career, he has worked as a research and strategic planning consultant for numerous organizations, including the National Science Foundation, Princeton University, the American Cancer Society, Ford Foundation, Sigma Pi Phi, Howard University, the Interdenominational Theological Center, the Joint Center for Political and Economic Studies, and the University of New Mexico. He has authored many publications dealing with an array of subjects including health care, criminal justice, education, racial discrimination, religious organizations, creationism, and diversity in science and engineering.
