The Workbench Ar 15 Project
Build your own multipurpose AR-15 suitable for plinking, hunting, collecting or home defense. By following the simple plans in this book to finish a commercial lower receiver, you can have a rifle that will accept a variety of upper receivers - from .22 LR to .50 BMG - and does not require government registration.

The Precision Reflex Inc. AR-15/M16 Upper Receiver Vise Block will definitely be an AR-15 builder's favorite accessory. Even if you are starting out with gunsmithing your own rifles, this is a tool that you shouldn't exclude as part of your workshop for building and repairing AR-15 rifles.
Essential Tools for Working on Your AR-15: The Complete List
An AR-15 style rifle is a lightweight semi-automatic rifle based on the ArmaLite AR-15 design, which is itself a scaled-down derivative of Eugene Stoner's AR-10 design. ArmaLite sold the patent and trademarks to Colt's Manufacturing Company in 1959. After Colt's patents expired in 1977, Colt retained the trademark and is the

exclusive owner of the "AR-15" designation. AR-15 style rifle - Wikipedia
