### MARSHALL RIGGS

Brazilian Jazz Guitar Hal Leonard Publishing Corporation

As one can easily imagine, it would be very hard for a guitar student to start reading the scores of the traditional choro repertoire, most of them with large number of technical difficulties. It would be much better if they could start with some easier pieces - of intermediate level - in order to be presented to the choro language in a more gradual and appropriate manner. That is the main goal of this book. It has 13 studies (in the 13 more commonly used keys for the choro guitar) written in a reduced form and in the principal stylistic choro variants: besides real choros, there are polkas, maxixes, Brazilian tangos and xotis. the more used and characteristic rhythmical figurations are present in each of the studies as the principal. Also aiming at the simplification of execution, all studies were composed with only two voices (melody and bass) and with no chords (although harmonies are quite evident due to the choro melodic particularities). A CD with all 13 studies is included.

**Making Samba** Hal Leonard Publishing Corporation

Learn to play piano bossa nova with this unique step-by-step method. Discover fresh techniques and an amazing path: 50 exercises, 7 different songs and a lot of examples to increase your skills. Learn to play in different situations like piano solo, duo or trio, learn to comp using various and authentic bossa nova rhythmic patterns. The book is composed by eight rich units offering a detailed study of bossa nova harmony and rhythm, its clichés and

aesthetic qualities. Use the videos and audios accompanying the book containing practice demonstrations and providing opportunities for the learner to play along.

Samba is Brazil's "national rhythm," the foremost symbol of its culture and nationhood. To the outsider, samba and the famous pre-Lenten carnival of which it is the centerpiece seem to showcase the country's African heritage. Within Brazil, however, samba symbolizes the racial and cultural mixture that, since the 1930s, most Brazilians have come to believe defines their unique national identity. But how did Brazil become "the Kingdom of Samba" only a few decades after abolishing slavery in 1888? Typically, samba is represented as having changed spontaneously, mysteriously, from a "repressed" music of the marginal and impoverished to a national symbol cherished by all Brazilians. Here, however, Hermano Vianna shows that the nationalization of samba actually rested on a long history of relations between different social groups--poor and rich, weak and powerful--often working at cross-purposes to one another. A fascinating exploration of the "invention of tradition," *The Mystery of Samba* is an excellent introduction to Brazil's ongoing conversation on race, popular culture, and national identity.

The Brazilian berimbau, a musical bow, is most commonly associated with the energetic martial art/dance/game of capoeira. This study explores the berimbau's stature from the 1950s to the present in diverse musical genres including bossa nova, samba-reggae, MPB (Popular Brazilian Music), electronic dance music, Brazilian art music, and more. Berimbau music spans oral and recorded historical traditions, connects Latin America to Africa, juxtaposes the sacred and profane, and unites nationally constructed notions of Brazilian identity across seemingly impenetrable barriers. The Berimbau: Soul of Brazilian Music is the first work that considers the berimbau beyond the context of capoeira, and explores the bow's emergence as a national symbol. Throughout, this book engages and analyzes intersections of musical traditions in the Black Atlantic, North American popular music, and the rise of global jazz. This book is an accessible introduction to Brazilian music for musicians, Latin American scholars, capoeira practitioners, and other people who are interested in Brazil's music and culture.

[A New History of Race and Music in Brazil](#) Createspace Independent Publishing Platform

Bossa nova is one of the most popular musical genres in the world. Songs such as "The Girl from Ipanema" (the fifth most frequently played song in the world), "The Waters of March," and "Desafinado" are known around the world. Bossa Nova—a number-one bestseller when originally published in Brazil as *Chega de Saudade*—is a definitive history of this seductive music. Based on extensive interviews with Antonio Carlos Jobim, João Gilberto, and all the major musicians and their friends, Bossa Nova explains how a handful of Rio de Janeiro teenagers changed the face of popular culture around the world. Now, in this outstanding translation, the full flavor of Ruy Castro's wisecracking, chatty Portuguese comes through in a feast of detail. Along the way he introduces a cast of unforgettable characters who turned Gilberto's singular vision into the sound of a generation.

[Authentic Brazilian Bossa Nova Guitar Arrangements](#) Alfred Music

(Keyboard Instruction). This comprehensive book with audio is the perfect Intro to Jazz Piano . From comping to soloing, you'll learn the theory, the tools, and the techniques used by the pros. The audio demonstrates most of the music examples in the book. The full band tracks feature the rhythm section on the left channel and the piano on the right channel, so that you can play along with the band. Covers: jazz chords and progressions; jazz swing and bossa nova comping; voicings and patterns; melodic treatment; soloing techniques; how to play from a fake book; and more. Get started today!

[Jazz Piano Solos Series](#) Duke University Press

"This book is for all guitarists who are looking for something new to play and who don't want to limit themselves exclusively to the more traditional type of duet music that's available. Stylistically, the pieces range from romantic, blues and bossa nova to samba, pop and folklore. The included CD contains every piece in two different versions as well as a preparatory exercise. First, there's a complete version for listening with an expanded and properly mixed arrangement. In this version, supporting instruments such as percussion, electric piano, strings, or acoustic bass are added in an appropriate manner for the style and mixed in softly without distracting the focus from the two guitars. After every listening version, a "'picking pattern'" follows: the rhythm guitar performs and stays with this picking pattern throughout the entire piece and it forms the common thread that

represents the actual core of each composition. This pattern is also presented on the CD in a slow version of a representative section of each song which you can analyze and play along with. Finally, you'll find the play-along version. This version has been reduced to only the two guitars, with one guitar on the left channel and the other on the right. Written in notation and tablature. Text in English and German."

[Why Is This Country Dancing?](#) Alfred Music Publishing

As Brazil grows in stature as a global power, more and more people are discovering the country's fascinating culture, especially the striking exuberance and inventiveness of Brazilian popular music. In *Brazilian Jive*, David Treece uncovers the genius of Brazilian song, both as a sophisticated, articulate art form crafted out of the dialogue between music and language and as a powerfully eloquent expression of the country's social and political history. Focusing on the cultural struggles of making music in Brazil, Treece traces the rise of samba through the bossa nova revolution of the late 1950s to the emergence of rap in the 1990s. He describes how Brazilian music grew out of the pain and dispossession of slavery and, inspired by African traditions, how it celebrates new ways of moving freely in time and space. Redolent with the rhythms and tones of the modern, the Brazilian soundscape also expresses the country's dissonances and contradictions, while the conversation between melody and word often signifies a larger dialogue between its artistic and political cultures. Looking below the surface of Brazilian culture, *Brazilian Jive* provides fresh insight into the music of this vibrant and colorful nation.

Brazilian jazz is the combination of the energizing rhythms of Brazilian and North American jazz music. Playing this style requires special skills not normally taught to the guitar student. This comprehensive book is designed to provide the guitarist with all that is necessary to understand and play Brazilian jazz such as chord structures, chord progressions, rhythms, decomposition, memorization, arranging, improvisation, notation, chord symbols and accompaniment as well as an overview and history of this colorful music. Solos are provided that implement various concepts and skills learned. They include: Amor Dócy (Sweet Love); Passacaille (Theme and First Variation); Bossa Barocco (Bossa Baroque); Bossa Improviso (Impromptu Bossa); Minuet (from The Notebook for A.M. Bach); Choro Classic (Classical Choro); Choro Menor (Minor Choro); De Vez em Quando (Once in a While); Marcha Populaire (Folk March); Melodo de Lua (Moody Melody); Samba Sonolento (Sleepy Samba); Samba Feliz (Happy Samba); Sonhador (Day Dreamer); Amor Descuidado (Careless Love); Play the Bossa Nova; and Samba de Amor (Samba of Love). This book comes with online audio

[The Billboard Book of Brazilian Music](#) Hal Leonard Publishing Corporation

Brazilian music has been central to Brazil's national brand in the U.S. and U.K. since the early 1960s. From bossa nova in 1960s jazz and film, through the 1970s fusion and funk scenes, the world music boom of the late 1980s and the bossa nova remix revival at the turn of the millennium, and on to Brazilian musical distribution and branding in the streaming music era, *Bossa Mundo: Brazilian Music in Transnational Media Industries* focuses on watershed moments of musical breakthrough, exploring what the music may have represented in a particular historical moment alongside its deeper cultural impact. Through a discussion of the political meaning of mass-mediated music, author K. E. Goldschmitt argues for a shift in scholarly focus--from viewing music as simply a representation of Otherness to taking into account the broader media environment where listeners and intermediaries often have conflicting priorities. Goldschmitt demonstrates that the mediation of Brazilian music in an increasingly crowded transnational marketplace has lasting consequences for the creative output celebrated by Brazil. Like other culturally rich countries in Latin America--such as Cuba, Mexico, and Argentina--Brazil has captured the imagination of people in many parts of the world through its music, driving tourism and international financial investment, while increasing the country's prominence on the world stage. Nevertheless, stereotypes of Brazilian music persist, especially those that valorize racial difference. Featuring interviews with key figures in the transnational circulation of Brazilian music, and in-depth discussions of well-known Brazilian musicians alongside artists who redefine what it means to be a Brazilian musician in the twenty-first century, *Bossa Mundo* shows the pernicious effects of branding racial diversity on musicians and audiences alike.

[The Mystery of Samba](#) Mel Bay Publications

In November 1916, a young Afro-Brazilian musician named Donga registered sheet music for the song "Pelo telefone" ("On the Telephone") at the National Library in Rio de Janeiro. This apparently simple act—claiming ownership of a musical composition—set in motion a series of events that would shake Brazil's cultural landscape. Before the debut of "Pelo telefone," samba was a somewhat obscure term, but by the late 1920s, the wildly popular song had helped to make it synonymous with Brazilian national music. The success of "Pelo telefone" embroiled Donga in controversy. A group of musicians claimed that he had stolen their work, and a prominent journalist accused him of selling out his people in pursuit of profit and fame. Within this single episode are many of the concerns that animate Making Samba, including intellectual property claims, the Brazilian state, popular music, race, gender, national identity, and the history of Afro-Brazilians in Rio de Janeiro. By tracing the careers of Rio's pioneering black musicians from the late nineteenth century until the 1970s, Marc A. Hertzman revises the histories of samba and of Brazilian national culture.
