A senior journalist for
"Time Magazine," Aikman
profiles six figures who
embody specific virtues
including Bill Graham,
Nelson Mandela, Mother
Teresa, Pope John Paul II

and others.
Billy Graham, God's
Ambassador Sunstone
Press

For over sixty years, Billy
Graham has traveled the
world preaching the
Gospel face-to-face to
more than one hundred
million people. Across the
globe in Europe, Asia,
North and South America,
Australia, and Africa, his
crusades have broken
stadium attendance

records. And with the
advent of radio,
television, and satellite
broadcasts, Graham has
reached more than two
billion people in his
lifetime. Billy Graham:
God's Ambassador
includes hundreds of
photos from the archives
of Graham's
photographer, Russ
Busby, along with quotes,
comments, and personal
reflections from the past

half century, most of them in the words of Graham himself and those who have been the closest to him. Unlike any other book ever published on his life and ministry, this insightful edition captures Graham the advocate, preaching for human rights and world peace; Graham the counselor, with presidents and world leaders; Graham the inspirer, a positive influence in times of conflict and discord; and Graham the husband and father, at home with his family. This unique,

once-in-a-lifetime volume beautifully captures the public and private moments of one of the world's most prominent figures, and certainly the most influential Christian of the twentieth century. Congressional Record Oxford University Press Billy Graham Was the World's Best-Known Evangelist—Loved and Admired by Millions. But Very Few Knew Him Personally. Pastor and bestselling author Greg Laurie was one of those fortunate few, blessed with an insider's view of

Billy Graham's world for more than two decades. With the same painstaking research and eye for detail that distinguishes his previous biographies, Steve McQueen: Salvation of an American Icon and Johnny Cash: The Redemption of an American Icon, Laurie now turns to the life of his beloved mentor, offering the intimate perspective of a disciple and friend. As a strapping North Carolina farm boy, Graham surrendered his life to Jesus at a camp meeting led by a blustery itinerant

preacher, but he never lost the mischievous twinkle in his eye or his fun-loving air. Laurie sheds light on Graham's lesser-known struggles—such as a broken heart before he met the love of his life and a crisis of faith from which he emerged stronger than ever. From the evangelist's private challenges and public successes to his disappointments and joys, *Billy Graham: The Man I Knew* provides a vivid portrait of one of history's most remarkable Christian

lives.

Six Who Changed a Century Baker Books

When rock 'n' roll emerged in the 1950s, ministers denounced it from their pulpits and Sunday school teachers warned of the music's demonic origins. The big beat, said Billy Graham, was "ever working in the world for evil." Yet by the early 2000s Christian rock had become a billion-dollar industry. *The Devil's Music* tells the story of this transformation. Rock's origins lie in part with the

energetic Southern Pentecostal churches where Elvis, Little Richard, James Brown, and other pioneers of the genre worshipped as children. Randall J. Stephens shows that the music, styles, and ideas of tongue-speaking churches powerfully influenced these early performers. As rock 'n' roll's popularity grew, white preachers tried to distance their flock from this "blasphemous jungle music," with little success. By the 1960s, Christian leaders feared the Beatles really were more popular

than Jesus, as John Lennon claimed. Stephens argues that in the early days of rock 'n' roll, faith served as a vehicle for whites' racial fears. A decade later, evangelical Christians were at odds with the counterculture and the antiwar movement. By associating the music of blacks and hippies with godlessness, believers used their faith to justify racism and conservative politics. But in a reversal of strategy in the early 1970s, the same evangelicals embraced Christian rock as a way to

express Jesus's message within their own religious community and project it into a secular world. In Stephens's compelling narrative, the result was a powerful fusion of conservatism and popular culture whose effects are still felt today.

God's Law and Order
Doubleday Books

A behind-the-scenes analysis of 21 essential leadership principles from the life of Billy Graham. Billy Graham looms large as one of the twentieth century's most influential and innovative leaders.

Most people are unaware of his remarkable effectiveness as not only preacher and pastor, but as a CEO and a global leader as well. The *Leadership Secrets of Billy Graham* is full of transferable applications for leaders in the church, parachurch, academia, government, and business. Lively interviews with his closest associates illustrate 21 principles that have driven six decades of visionary impact. First-hand accounts reveal stories of courageous

leadership and growth through painful lessons. Graham's relentless application of core beliefs and leadership principles have resulted in, among many honors, being listed in Gallup's ten 'most admired men' thirty times, more than anyone else. Time magazine named him one of the top ten leaders of the twentieth century. This book asks: How did this happen? What are the essentials he embraced to achieve such extraordinary results? What can we learn from

him and apply to our own leadership roles? This book is dedicated to those readers: who sense the pressing need in today's world for inspired leadership; who rise to leadership's high calling and are willing to carry its weight; who are determined to deepen and expand their capacities and effectiveness. *Billy Graham* Square One Publishers, Inc. In the first comprehensive history of American evangelicalism to appear in a generation, Matthew

Sutton shows how charismatic Protestant preachers, anticipating the end of the world, paradoxically transformed it. Narrating the story from the perspective of the faithful, he shows how apocalyptic thinking influences the American mainstream today. *The Myth of Colorblind Christians* Lexington Books Today 12.5 million U.S. Latinos self-identify as Protestant, and Assemblies of God is the destination for one out of four converts. Gastón

Espinosa reveals the church's struggle for indigenous leadership, racial equality, women in the ministry, and immigration reform and shows why "Silent Pentacostals" are an activist voice in Evangelical politics.

A Prophet with Honor

Wm. B. Eerdmans
Publishing

Describes the life of one of the world's most famous evangelists.

Billy Graham Speaks

Zondervan

In the battles over religion and politics in America,

both liberals and conservatives often appeal to history. Liberals claim that the Founders separated church and state. But for much of American history, David Sehat writes, Protestant Christianity was intimately intertwined with the state. Yet the past was not the Christian utopia that conservatives imagine either. Instead, a Protestant moral establishment prevailed, using government power to punish free thinkers and religious dissidents. In *The Myth of American*

Religious Freedom, Sehat provides an eye-opening history of religion in public life, overturning our most cherished myths. Originally, the First Amendment applied only to the federal government, which had limited authority. The Protestant moral establishment ruled on the state level. Using moral laws to uphold religious power, religious partisans enforced a moral and religious orthodoxy against Catholics, Jews, Mormons, agnostics, and others. Not

until 1940 did the U.S. Supreme Court extend the First Amendment to the states. As the Supreme Court began to dismantle the connections between religion and government, Sehat argues, religious conservatives mobilized to maintain their power and began the culture wars of the last fifty years. To trace the rise and fall of this Protestant establishment, Sehat focuses on a series of dissenters--abolitionist William Lloyd Garrison, suffragist Elizabeth Cady Stanton, socialist Eugene

V. Debs, and many others. Shattering myths held by both the left and right, David Sehat forces us to rethink some of our most deeply held beliefs. By showing the bad history used on both sides, he denies partisans a safe refuge with the Founders. United States Statutes at Large Rowman & Littlefield Christianity is more than just a religion. It is a social organism that affects the lives of every person on earth in significant ways, even if they are not Christians themselves. In

the United States its influence is pervasive with often profound influence on public policies, but it is largely unchallenged as a belief system, relegated to that quarantined area outside the zone of polite conversation. Despite much academic ink being allotted to the weaknesses of Christianity as a valid belief system, the general public remains unaware of these flaws. In Cross Examined, John Campbell applies his almost thirty years of experience as a trial lawyer to dissecting

Christianity and the case of apologists for the Christian God. He addresses the best arguments for Christianity, those against it, and the reasons people should care about these questions. His purpose is to fill a void in books on atheism and Christianity by systematically taking Christian claims to task and making a full-throated argument for atheism from the perspective of a trial lawyer making a case.

American Pilgrim

Twenty-First Century

Books
Respected Christian educator, Dr. James Stobaugh, offers an entire year of high school American history curriculum in an easy to teach and comprehensive volume. American History: Observations & Assessments from Early Settlement to Today employs clear objectives and challenging assignments for the tenth grade student. From before the birth of our republic to the principles of liberty, American history trends,

philosophies, and events are thoroughly explored. The following components are covered for the student: Critical thinking Examinations of historical theories, terms, and concepts History makers who changed the course of America Overviews and insights into world views. Students will complete this course knowing the Christian influences that created a beacon of hope and opportunity that still draws millions to the United States of America. This 384-page student resource should be used

in conjunction with the American History: Observations & Assessments from Early Settlement to Today for the Teacher. British History and World History are included in this comprehensive high school history curriculum for 10th, 11th, and 12th grades offered by Dr. James Stobaugh and Master Books.

The Legacy of a Couple
Oxford University Press
This study is the first detailed analysis of Billy Graham's social thought during one of the most

volatile periods of American history, the Martin Luther King, Jr. years (1955-1968). Using previously unpublished documents, this book argues that although the popular evangelist occasionally supported King's mission to save America, he largely opposed King's vision of the beloved community and his tactics of civil disobedience. The book also offers the controversial claim that because Graham allowed his political allegiances to trump his biblical

Christianity, he never dreamed of nor worked for a world marked by lasting racial reconciliation, economic justice, and peace.

The Billy Graham Story (Updated Edition)

Zondervan

Billy Graham stands among the most influential Christian leaders of the twentieth century. Perhaps no single doctrine, practice, political position, or preacher has united the sprawling and diverse world of evangelicalism like Billy Graham. Throughout his

six-decade career, Graham mainstreamed evangelicalism and through that tradition brought about major changes to American Christianity, global Christianity, church and state, the Cold War, race relations, American manhood, intellectual life, and religious media and music. His life and career provide a many-paned window through which to view the history and character of our present and recent past. Billy Graham: American Pilgrim offers groundbreaking

accounts of Graham's role in shaping these phenomena. Graham stayed true to evangelical precepts yet journeyed to positions in religion, politics, and culture that stretched his tradition to its limits. This book's distinguished contributors capture Graham's evolution and complexity. Like most people, he grew in fits and starts. But Graham's growth occurred on an international stage, influencing the world around him in ways large and small. This book

dives into this influence, going beyond conventional subjects and taking a fresh and nuanced look at the complex life and legacy of one of the most important figures of the last century. **White Evangelical Racism** Oxford University Press
 "This book explores the history of Black and white evangelical encounters in the second half of the twentieth century and shows how white evangelicals used Christian colorblindness, a theology of race

emphasizing unity in Christ, to adapt to the civil rights movement while creating an evangelical form of whiteness"-- *America's Evangelist and the Dream of Martin Luther King, Jr.* NYU Press Christianity Today 2020 Book Award of Merit in History/Biography For more than five decades Billy Graham (1918-2018) ranked as one of the most influential voices in the Christian world. Nearly 215 million people around the world heard him preach in person or through live electronic

media, almost certainly more than any other person. For millions, Graham was less a preacher than a Protestant saint. While remaining orthodox at the core, over time his approach on many issues became more irenic and progressive. And his preaching continued to resonate, propelled by his powerful promise of a second chance. Drawing on decades of research on Billy Graham and American evangelicalism, Grant Wacker has marshalled personal

interviews, archival research, and never-before-published photographs from the Graham family and others to tell the remarkable story of one of the most celebrated Christians in American history. Where Wacker's previous work on Graham, *America's Pastor*, focused on the preacher's relation to the nation's culture, *One Soul at a Time* offers a sweeping, easy-to-read narrative of the life of the man himself. *Billy Graham* Zondervan The essays in *Christians*

and the Color Line complicate the research findings of Emerson and Smith's *Divided by Faith* (2000) and explore new areas of research that have opened in the years since its publication.

Billy Graham Simon and Schuster

The Color of Compromise reveals the chilling connection between the church and racism throughout American history. A survey of the ways Christians of the past have reinforced theories of racial superiority and inferiority

provides motivation for a series of bold actions believers must take to forge a future of equity and justice.

Evangelicals and White Supremacy in the Civil

Rights Era Harvard University Press

Collects quotations from seven decades of ministry by Billy Graham.

America's Pastor G K Hall & Company

A Prophet with Honor is the biography Billy Graham himself invited and appreciated for its sympathetic but frank approach. Carefully

documented, eminently fair, and gracefully written, it raises and answers key questions about Graham's character, contributions, and influence on the world religious scene. In this engaging and comprehensive book, William Martin gives readers a better understanding of the most successful evangelist in modern history, and the movement he led for over fifty years. *A Prophet with Honor* makes a vital contribution to the Billy Graham legacy and allows

us to understand why his words, actions, and personality endeared him to popes and preachers, kings and presidents, and millions of Christians in virtually every nation and culture around the world. Martin draws on extensive conversations with Graham himself nearly two hundred interviews previously untouched resources, including documents from six presidential libraries and the Billy Graham Evangelistic Association archives personal observation of Graham's

crusades and conferences in the United States and Europe decades of research on evangelical Christianity Martin pays particular attention to Graham's controversial relationships with Presidents Lyndon Johnson and Richard Nixon. He also describes how Graham's lifelong determination "to do something great for God" led him to organize international conferences that spearheaded the worldwide spread of the liberating message of Jesus, and prompted him

to help strengthen religious freedom in the Soviet bloc and China. Tracing Graham's life and ministry from his rural and religious roots in North Carolina to his place as the elder statesman of American evangelicalism, examining both his triumphs and his tribulations, Martin shows the multidimensional character of the man who has become one of the most admired persons in the world.

How Christians Inspired, Condemned, and Embraced Rock 'n'

Roll Harvard University Press

An incisive look at how evangelical Christians shaped—and were shaped by—the American criminal justice system. America incarcerates on a massive scale. Despite recent reforms, the United States locks up large numbers of people—disproportionately poor and nonwhite—for long periods and offers little opportunity for restoration. Aaron Griffith reveals a key component in the origins of American mass incarceration: evangelical Christianity.

Evangelicals in the postwar era made crime concern a major religious issue and found new platforms for shaping public life through punitive politics. Religious leaders like Billy Graham and David Wilkerson mobilized fears of lawbreaking and concern for offenders to sharpen appeals for Christian conversion, setting the stage for evangelicals who began advocating tough-on-crime politics in the 1960s. Building on religious campaigns for public safety earlier in the

twentieth century, some preachers and politicians pushed for “law and order,” urging support for harsh sentences and expanded policing. Other evangelicals saw crime as a missionary opportunity, launching innovative ministries that reshaped the practice of religion in prisons. From the 1980s on, evangelicals were instrumental in popularizing criminal justice reform, making it a central cause in the compassionate conservative movement. At every stage in their

work, evangelicals framed their efforts as colorblind, which only masked racial inequality in incarceration and delayed real change. Today evangelicals play

an ambiguous role in reform, pressing for reduced imprisonment while backing law-and-order politicians. God's Law and Order shows that

we cannot understand the criminal justice system without accounting for evangelicalism's impact on its historical development.
