## **WATSON LEWIS**

---

*A Short History of the French Revolution*

Baylor University Press

This book reasserts the

importance of the

French Revolution to

an understanding of

the nature of modern European politics and

social life. Livesey

argues that the

European model of

democracy was

created in the

Revolution, a model with very specific commitments that differentiate it from Anglo-American liberal democracy.

The Women of Paris and Their French

Revolution e-artnow

Examines the principal

causes and events of

the Revolution as well

as it's impact on

France in the years

that followed.

**The French**

**Revolution** Univ of

California Press

During the French

Revolution, hundreds

of domestic and

working-class women

of Paris were interrogated, examined, accused, denounced, arrested, and imprisoned for their rebellious and often hostile behavior. Here, for the first time in English translation, Dominique Godineau offers an illuminating account of these female revolutionaries. As nurturing and tender as they are belligerent and contentious, these are not singular female heroines but the collective common women who struggled for bare subsistence by working in factories, in shops, on the streets, and on the home front while still finding time to participate in national assemblies, activist gatherings, and public demonstrations in their fight for the recognition of women

as citizens within a burgeoning democracy. Relying on exhaustive research in historical archives, police accounts, and demographic resources at specific moments of the Revolutionary period, Godineau describes the private and public lives of these women within their precise political, social, historical, and gender-specific contexts. Her insightful and engaging observations shed new light on the importance of women as instigators, activists, militants, and decisive revolutionary individuals in the crafting and rechartering of their political and social roles as female citizens within the New Republic.

The French Revolution

Princeton University  
Press

This new edition has been updated to reflect the latest scholarship on the subject, in fields ranging from women's history and the impact of the Revolution on peasant communities to the revolutionary struggles over race and slavery.

*Captivating Guide to*

the Ten-Year

Revolution in France

and the Impact Made

by Napoleon Bonaparte

Marie Antoinette: A

Captivating Guide to

the Last Queen of

France Before and

During the French

Revolution, Including

Her Relationship with

King Louis XVI Few

historical events are as

greatly revered and

entirely misunderstood

as the French

Revolution that began

in 1789. The memory

of this complicated and

lengthy political,

violent uprising has

been generally painted

in broad--and

oversimplified--strokes.

While the French

Revolution was

certainly centered

around two lavish

monarchs and an

enlightened common

class, there was so

much more going on

behind the scenes. Even after the abolition of the French monarchy, France struggled to find a balance between public self-governance and European stability. A fragile government, merely a shell of its former self following the Reign of Terror under Robespierre, was no match for the military and political prowess of Napoleon I. Some of the topics covered in part 1 of this book include: A Brief History of the French Monarchy Philosophies of the Times France in the 18th Century Marie Antoinette, Madame Deficit Taxes, Famine, and the Enlightenment Sieyes' "What is the Third Estate?" The National Assembly Death of the Dauphin Bastille Day The First

Mayor of Paris Declaration of the Rights of Man...and The Women's March France at War The Flight to Varennes Storming the Tuileries The Monarchy is Outlawed The Fate of the Colonies The Louisiana Purchase The Reign of Terror The New French Calendar Emperor Napoleon Bonaparte In the Days and Years Afterward And much, much more! Some of the topics covered in part 2 of this book include: An Archduchess is Born Maria Antonia Becomes Marie Antoinette The Dauphine Queen at Nineteen A Marriage at Odds with Itself The Issue of Heirs Madame Deficit Count Axel von Ferson The Lost Children The Diamond Necklace Scandal Queen of Fashion The French Revolution The

**Twentieth  
Anniversary Edition,  
With a New Preface**

Harvard University  
Press  
In the French  
Revolution, Jocelyn  
Hunt examines the  
major issues and  
background to the  
revolution, including its  
causes, and disputes  
as to when it ended.  
The author also  
surveys the views of  
historians on this  
period and looks at  
wider questions such  
as the nature of  
revolution. Beginning  
with the pre-revolution  
economic and political

situation, and covering  
through to the fall of  
Robespierre and the  
rise of Bonaparte, this  
book provides both  
challenging analysis  
and a concise  
introduction.

Politics, Culture, and  
Class in the French  
Revolution Profile  
Books

The Coming of the  
French Revolution  
remains essential  
reading for anyone  
interested in the  
origins of this great  
turning point in the  
formation of the  
modern world. First  
published in 1939, on  
the eve of the Second  
World War, and  
suppressed by the  
Vichy government, this  
classic work explains  
what happened in  
France in 1789, the  
first year of the French  
Revolution. Georges  
Lefebvre wrote history

"from below"—a Marxist approach. Here, he places the peasantry at the center of his analysis, emphasizing the class struggles in France and the significant role they played in the coming of the revolution. Eloquently translated by the historian R. R. Palmer and featuring an introduction by Timothy Tackett that provides a concise intellectual biography of Lefebvre and a critical appraisal of the book, this Princeton Classics edition continues to offer fresh insights into democracy, dictatorship, and insurrection.

*Terror and Triumph*  
Harper Collins

In this acclaimed work, Christopher Hibbert charts the French

Revolution from its beginnings at an impromptu meeting on a tennis court at Versailles in 1789 right through to 1795 and the rise to power of Napoleon.

*The French Revolution*  
Prentice Hall

A wide-ranging collection of essays exploring the question 'How did the French Revolution become thinkable?'. *The French Revolution* Historical Materialism

In this stirring and persuasive defense of the classical Marxist view of the French Revolution as a bourgeois and capitalist revolution, Henry Heller lays to rest the stylish revisionism on the subject that still dominates in academic circles. Based mainly on articles published in

the journal *Historical Materialism*, Heller that the rise of a bourgeois capitalist class in France stretches back to the sixteenth century, and that the Revolution itself played a large role in strengthening this nascent class politically and economically. *Essays on French Political Culture in the Eighteenth Century* Independently Published "This concise introduction to the French Revolution explains the origins, development, and eventual decline of a movement that defines France to this day. Through an accessible chronological narrative, Sylvia Neely explains the complex events, conflicting groups, and rapid changes that

characterized this critical period in French History. She traces the fundamental transformations in government and society that forced the French to come up with new ways of thinking about their place in the world and led to liberalism, conservatism, terrorism, and modern nationalism. All readers interested in France and revolutionary history will find this a rewarding read."--  
BOOK JACKET.

### **The Causes of the French Revolution**

Routledge Examines the causes, events, and aftermath of the French Revolution from the storming of the Bastille in 1789, through the execution of the king in 1793, to the seizure of power by Napoleon

Bonaparte in 1799

The History of the French Revolution

Rowman & Littlefield

A landmark work of

French Revolution

scholarship, now in its

20th anniversary

edition.

**French Revolution:  
The Basics**

Bloomsbury Publishing

This new edition of the

most authoritative,

comprehensive history

of the French

Revolution of 1789

draws on a generation

of extensive research

and scholarly debate to

reappraise the most

famous of all

revolutions. Updates

for this second edition

include a generous

chronology of events,

plus an extended

bibliographical essay

providing an

examination of the

historiography of the

Revolution. Opening

with the accession of

Louis XVI in 1774, the

book traces the history

of France through

revolution, terror, and

counter-revolution, to

the triumph of

Napoleon in 1802, and

analyses the impact of

events both in France

itself and the rest of

Europe. William Doyle

shows how a

movement which

began with optimism

and general

enthusiasm soon

became a tragedy, not

only for the ruling

orders, but for the

millions of ordinary

people all over Europe

whose lives were

disrupted by religious

upheaval, and civil and

international war. It

was they who paid the

price for the

destruction of the old

political order and the

struggle to establish a

new one, based on the

ideals of liberty and revolution, in the face of widespread indifference and hostility.

Selected Essays

Routledge

An entertaining and eye-opening look at the French Revolution, by Stephen Clarke, author of 1000 Years of Annoying the French and A Year in the Merde. The French Revolution and What Went Wrong looks back at the French Revolution and how it's surrounded in a myth. In 1789, almost no one in France wanted to oust the king, let alone guillotine him. But things quickly escalated until there was no turning back. The French Revolution and What Went Wrong looks at what went wrong and why France would be better off if

they had kept their monarchy.

**Theater, Democracy, and the French**

**Revolution** Routledge

The French Revolution was one of the greatest events in world history, filled with remarkable characters and dramatic events. From its beginning in 1789 to the Reign of Terror in 1793-94, and through the ups and downs of the Directory era that followed, the Revolution showed humanity at its optimistic best and its violent worst; it transformed the lives of all who experienced it. The French Revolution: Faith, Desire, and Politics offers a fresh treatment of this perennially popular and hugely significant topic, introducing a bold interpretation of

the Revolution that highlights the key role that religion and sexuality played in determining the shape of the Revolution. These were issues that occupied the minds and helped shape the actions of women and men; from the pornographic pamphlets about queen Marie-Antoinette to the puritanical morality of revolutionary leader Maximilien Robespierre, from the revolutionary catechisms that children learned and to the anathemas hurled on the Revolution from clandestine priests in the countryside. The people who lived through the French Revolution were surrounded by messages about gender, sex, religion

and faith, concerns which did not exist outside of the events of the Revolution. This book is an essential resource for students of the French Revolution, History of Catholicism and Women and Gender. **A History** Univ of California Press  
 In many ways the French Revolution--a series of revolutions, in fact, whose end has arguably not yet arrived--is modernity in action. Beginning in reform, it blossomed into wholesale attempts to remake society, uprooting the clergy and aristocracy, valorizing mass movements, and setting secular ideologies, including nationalism, in motion. Unusually manifold and complicated, the revolution affords

many teaching opportunities and challenges. This volume helps instructors seeking to connect developments today--terrorism, propaganda, extremism--with the events that began in 1789, contextualizing for students a world that seems always unmoored and in crisis. The volume supports the teaching of the revolution's ongoing project across geographic areas (from Haiti, Latin America, and New Orleans to Spain, Germany, and Greece), governing ideologies (human rights, secularism, liberty), and literatures (from well-known to newly rediscovered texts). Interdisciplinary, intercultural, and insurgent, the volume

has an energy that reflects its subject.

**A Short History of the French Revolution,**

**1789-1799** Harvard University Press

Brings together a sweeping range of expert and innovative contributions to offer engaging and thought-provoking insights into the history and historiography of the French Revolution, particularly its legacies in transnational and global contexts.

Revolutionary Acts  
Columbia University Press

The second of four volumes of papers from a set of major international international symposia commemorating the Bicentenary of the French Revolution. A discussion of the political culture of the

Revolution itself, from the declaration of the principle of national sovereignty by the National Assembly until the creation of the Consulate.
