The technical instruction booklet Fuel Injection- Continuous Injection System (CIS) at the back of the manual describes the components and operation of the K-Jetronic fuel injection system in detail. A thorough understanding of the various components is required before working on K-Jetronic fuel systems.

Gasoline Fuel-

Injection System K-Jetronic

Motronic combines the two systems. A computer controls the injection and ignition systems with reference to shared optimization criteria. Digital data processing and micro-processors make it possible to transfer extensive operating information into program-map-controlled injection and ignition data.
