It is this author's contention that God has several principles, which if followed can lead to success either in business or in life itself. He further contends that although many of these same principles may be found among the motivational speakers and thinkers of today, that they were originally derived from Holy Scripture, whether or not these modern spokespersons are aware of it. He points to Jesus' teachings on the growth and inclusiveness of the kingdom to show that not everyone who preaches or practices Kingdom principles will be found to be in the Kingdom at the end. The seventeen chapters of this book contain seventeen articles relating to seventeen of these principles with quotable quotes and examples from the author's novel, *Of Such Is The Kingdom*, A novel of Biblical Times.

The normal Christian life should be anything but "normal"—it should be supernatural, one in which the living God expresses His very life in us and through us. With *So Much More!* Pastor Todd Hudson challenges all believers to embrace the supernatural power of God as a lifestyle. Todd is no stranger to his message. His own life has been supernaturally "wrecked," he says, by the Holy Spirit. When God called him to resign from the 4,000-member evangelical megachurch he led for nine years and plant a Spirit-filled church, he began a new ministry of calling believers to live in resurrection power today, not someday in the future. If you know deep inside that there must be so much more to the Christian life, then Todd will help you discover how to experience and release the kingdom in your life today—and tomorrow!

Discover Secrets about the Kingdom of God! Over twenty years ago, I asked the

Lord to show me the "big picture." I wanted to know what the kingdom of God was really all about. The denomination that I was raised in told me that there was nothing else to get once you were saved. But if there was more, I wanted to know what it was. Could I access it? The Lord began to reveal to me the kingdom of God and the principles that govern it. Over the years, little by little, He has led me into the discovery of these principles. Much of what is in this book is certainly taught in our churches today, but not nearly to the depth that the Lord opened to me. God unfolded seven principles that govern the kingdom of God that every born-again follower of Jesus Christ needs to understand. I studied and meditated on these principles until they became "Rhema" revelation to me, and I began to walk in a higher discipline in the kingdom realm than ever before. Now my spirit is more receptive to the things of the kingdom. I may not know everything about the kingdom of God, but I believe that even those who have been in ministry for many years will find revelation in this book that they didn't know before. Let's journey together to the Realms beyond the Gate! *Unlocking the Kingdom* Principles of the Kingdom of God

This publications awakens the believer to a myriad of spiritual laws and principles of God which he can take advantage of and enter deeper realms of the spirit. It is worth exploring the divine truth that there are laws and principles that God has put in place by which He governs the universe. These are categorically physical laws which govern the natural realm and spiritual laws which govern the realm of the spirit. For example, there is a law of gravity which stipulates that if you throw an object up in the air, it will evidently crash back onto the earth; the law of floatation which allows ships and boats to float on water, the law of aerodynamics that enables aeroplanes to fly and the law of electricity which helps us generate heat and light energy. The reality is that when we operate in obedience to these physical laws within nature, we reap positive results but when we violate them, the repercussions are severe. However, as much as there are physical laws, there are also spiritual laws which are the highest class of laws governing and controlling the entire universe. In the spiritual realm, God has established a court system with laws, principles and divine protocols which functions just like the court system of the natural realm. Just like physical laws, when we cooperate with these spiritual laws, we reap alarming results but when we violate them, we face the consequences. It's a pity that most people do not understand the operation of these divine laws and protocols, which explains why the devil ends taking advantage of their ignorance, thus gaining a legal foothold that grants him the right to ensnare them into debilitating circumstances of poverty, sickness and defeat. There are certain principles that one can tap into in order to walk into the deeper realities of God's power. Just like there are laws of gravity which governs how to operate in the natural realm, there are also spiritual laws that govern the spirit realm or how to operate in the realm of the miraculous.

These laws of the supernatural complement each other and are progressions to enter into the greater depths of God. Each of these laws has a specific manifestation that produces something special. However, it is unfortunate that many believers are failing to operate in the realm of the miraculous because they do not understand spiritual laws and principles which they could take advantage of to generate positive results. Spiritual laws and principles are therefore vital keys that unlock the doors into the supernatural and accentuate an avenue through which the power of God can flow. It is a typical scenario in the body of Christ that so many people have the power but they do not know how to release it. Having the power is one thing and knowing how to tap into the realm of God to release that power is a completely different reality. In the church of Jesus Christ today, God has invested upon believers' tremendous, overwhelming and explosive power and authority but that power is not released as it should because of lack of understanding of spiritual laws and principles governing the realm of the spirit. They have the exousia power but they are not realizing how to tap, activate and exercise it. Failure to tap into the realm of power is what is allowing their homes to be plundered by the enemy without taking authority against it just like Adam allowed the serpent to tempt Eve and deceive her in his presence. It has been noted that a lot of Christians are allowing Satan to dominate their lives and wreak havoc in their families while they are busy crying to God for help. Learning how to tap into the set spiritual laws and principles is therefore vital in birthing forth supernatural manifestations of God's power. You are definitely guaranteed to launch into the greater depths of the miraculous if these spiritual laws and principles are correctly applied, practised and activated.

Sheol Satan: His Nature; Purpose and Spiritual Warfare The Lord's Supper and the Last Supper The Principle of Worship The Second Coming of Jesus Christ The Principle of Authority Over Futility Creators of a New Age Principles of the Kingdom of God is the title of this Book. This Book explores spiritual principles as opposed to the principles of this present age. In everyday life we are well familiar with the principles that operate here on the earth. We know that when a door is shut we must open it in order to pass through. We know that touching a hot stove will cause pain and a burn. Science is aware of the rules and boundaries of the laws of physics and chemists know the results of mixing elements together to cause a certain result. Although there are many of the scientific laws of nature currently unknown to mankind, he continues to strive to find answers and to reconcile the scientific world of which we are aware using out five senses. What science does not understand, or is unwilling to admit, there is a realm beyond the certainties of this physical realm that is incapable of scientific proof. That realm is called "The Spiritual Realm." Most deny its existence or if they mentally assent to the possibility that such a realm exists they know little about it and certainly don't apply it to their everyday lives or scientific pursuits. Some look on such things as foolishness as the Apostle Paul said: "But a natural [unspiritual] man does not accept the things of the Spirit of God, for they are foolishness to him; and he cannot understand them, because they are spiritually appraised" (1 Corinthians 2:14). However, as this book will attempt to point out, the spirit realm is very much a real place, actually more real than our physical world. The spirit world has its own set of rules and principles that govern it. However its ways are past finding out by the natural mind of man and thus invisible to those without spiritual sight. The Apostle Paul said in the Bible: "because

the human mind is hostile toward God; for it does not subject itself to the law of God, for it is not even able to do so" (Romans 8:7). Thus our intellect is useless in knowing anything beyond what we can see or touch. Just taking the most basic of the spiritual laws, the 10 commandments for instance, who can argue that we all would be a little better off if everyone was able to follow these basic rules? There would be no crime, therefore no expensive jails to confine criminals. The family unit, which has been broken down in this generation, would stay intact as children would respect their parents; there would be no adultery to break up the family and coveting would all together cease. There would be no serious disparity between the rich and the poor and the poor would be taken care of without great expenditure of funds to do so. There would be no greed, war, competition etc. just to name a few. Jesus said that if we were to pray at all we should pray to God:
