Qualitative Module 1  
Qualitative Research Methods Overview  
Module 1: Introduction to ITS  
Authored by Pat Noyes, Principal, Pat Noyes & Associates, Boulder, CO, USA  
Introduction Imagine a world where transportation systems provide real-time information for every available mode of travel,

allowing commuters to make informed decisions about their next trip to minimize time and cost; where technology

Module 1: Introduction to ITS  
Module 1—Subject Analysis Principles  
Introduction. Subject analysis applies to both indexing and cataloging; It deals with the conceptual analysis of an item  
What is it about? What is its form/genre/format? What controlled subject terms translate into the identified concepts?  
Cataloging vs.

Indexing.

Module 1—Subject Analysis Principles  
Algebra I Module 1: Relationships Between Quantities and Reasoning with Equations and Their Graphs. In this module students analyze and explain precisely the process of solving an equation.
