An Illusion of the Night Harper Collins

For thousands of years, no book has been more shrouded in mystery than the Zohar, yet no book offers us greater wisdom. The central text of Kabbalah, the Zohar is a commentary on the Bible's narratives, laws, and genealogies and a map of the spiritual landscape. In *The Essential Zohar*, the eminent kabbalist Rav P. S. Berg decodes its teachings on evil, redemption, human relationships, wealth and poverty, and other fundamental concerns from a practical, contemporary perspective. The Zohar and Kabbalah have traditionally been known as the world's most esoteric sources of spiritual knowledge, but Rav Berg has dedicated his life to making this concentrated distillation of infinite wisdom available to people of all faiths so that we may

use its principles to live each day in harmony with the divine.

'Rewriting' is one of the most crucial but at the same time one of the most elusive concepts of literary scholarship. In order to contribute to a further reassessment of such a notion, this volume investigates a wide range of medieval and early modern literary transformations, especially focusing on texts (and contexts) of Italian and French Renaissance literature. The first section of the book, "Rewriting", gathers essays which examine medieval and early modern rewritings while also pointing out the

theoretical implications raised by such texts. The second part, "Rewritings in Early Modern Literature", collects contributions which account for different practices of rewriting in the Italian and French Renaissance, for instance by analysing dynamics of repetition and duplication, verbatim reproduction and free reworking, textual production and authorial self-fashioning, alterity and identity, replication and multiplication. The volume strives at shedding light on the complexity of the relationship between early modern and ancient literature, perfectly summed up in the motto written by Pietro Aretino in a letter to his friend the painter Giulio Romano in 1542: "Essere modernamente antichi e anticamente moderni".

Fiction. In English translation. Guatemalan diplomat and writer Miguel Angel Asturias (1899-1974) began this award-winning work while still a law student. It is a story of a ruthless dictator and his schemes to dispose of a political adversary in an unnamed Latin American country usually identified as Guatemala. The book has been acclaimed for portraying both a totalitarian government and its damaging psychological effects.

Drawing from his experiences as a journalist writing under repressive conditions, Asturias employs such literary devices as satire to convey the governments transgressions and surrealistic dream sequences to demonstrate the police states impact on the individual psyche. Asturias stance against all forms of injustice in Guatemala caused critics to view the author as a passionate spokesperson for the oppressed. My work, Asturias promised when he accepted the Nobel Prize for Literature, will continue to reflect the voice of the people, gathering their myths and popular beliefs and at the same time seeking to give birth to a universal consciousness of Latin American problems.

Incidents in the Life of a Slave Girl (EasyRead Super Large 20pt Edition) Simon and Schuster

According to the teachings of Kabbalah, angels are the infrastructure of the universe, the invisible conduit that moves energy along. Some have existed forever: archangels, angels of

the days of the week and the zodiac, guardian angels, the angels of death and judgment. Other angels, both positive and negative, are created through our actions. Inteligencia angelical reveals the power behind these unseen forces and shows how, through Kabbalah, readers can harness that power, transform their lives, and find greater fulfillment.

A landmark bestseller in Italy, *I Was an Elephant Salesman* gives a name and a face to the thousands of anonymous African street vendors in cities across Europe. Through the voice of a thinly veiled first-person narrator, Pap Khouma offers us a chilling, intimate, and often ironic glimpse into the life of an illegal immigrant. Khouma invents a life for himself as an itinerant trader of carved elephants, small ivories, and other "African" trinkets, struggling to maintain courage and dignity in the face of despair and humiliation. Constantly on the run from the authorities, he finds insight into the vicissitudes of law and

politics, the constraints of citizenship, national borders, skin color, and the often paralyzing difficulties of obtaining basic human needs. His story reveals a contemporary Europe struggling to come to terms with its multiracial, multireligious, and multicultural identity.

The year is 1983, and Chuck Klosterman just wants to rock. But he's got problems. For one, he's in the fifth grade. For another, he lives in rural North Dakota. Worst of all, his parents aren't exactly down with the long hairstyle which rocking requires. Luckily, his brother saves the day when he brings home a bit of manna from metal heaven, SHOUT AT THE DEVIL, Motley Crue's seminal paean to hair-band excess. And so Klosterman's twisted odyssey begins, a journey spent worshipping at the heavy metal altar of Poison, Lita Ford and Guns N' Roses. In the hilarious, young-man-growing-up-with-a-soundtrack-tradition, FARGO ROCK CITY chronicles Klosterman's formative years through the lens of heavy metal, the irony-deficient genre that, for better or worse, dominated the pop charts throughout the 1980s. For readers of Dave Eggers, Lester Bangs, and Nick Hornby, Klosterman delivers all the goods: from his first dance (with a girl) and his eye-opening trip to Mandan with the debate team; to his list of 'essential' albums; and his thoughtful analysis of the similarities between Guns 'n' Roses' 'Lies' and the gospels of the New

Testament.

This accessible and jargon-free book features readings of over 20 key texts and authors in Western poetry and philosophy, including Homer, Plato, Beowulf, Dante, Chaucer, Shakespeare and Rousseau. Simon Haines presents a thought-provoking and theoretically aware account of Western literature and philosophy, arguing that the history of both can be seen as a struggle between two different conceptions of the self: the 'romantic' (or dualist) vs the 'realist' or ('extended').

An Autobiography Cambridge University Press

Recent years have witnessed an increased interest in classical studies in the ways meaning is generated through the medium of intertextuality, namely how different texts of the same or different authors communicate and interact with each other. Attention (although on a lesser scale) has also been paid to the manner in which meaning is produced through interaction between various parts of the same text or body of texts within the overall production of a single author, namely intratextuality. Taking off from the seminal volume on Intratextuality: Greek and Roman Textual Relations, edited by A. Sharrock / H. Morales (Oxford 2000), which largely sets the theoretical framework for such internal associations within classical texts, this collective volume brings together twenty-seven contributions, written by an international team of experts, exploring the evolution of intratextuality from Late Republic to Late Antiquity across a wide

range of authors, genres and historical periods. Of particular interest are also the combined instances of intra- and intertextual poetics as well as the way in which intratextuality in Latin literature draws on reading practices and critical methods already theorized and operative in Greek antiquity.

Izzie, Lucy, and T. J. crowded round and stared at me, like they were waiting for a circus freak to begin her act. I shook my head. "You're going to have to open your mouth some time," said Lucy. "Come on, put your hand down." I shook my head. "It's horrible. I look like a can opener." Nesta is devastated. She has to wear braces. She thinks that no boy will ever look at her again without thinking of the killer shark in Jaws. And practicing a smile that doesn't show her teeth isn't helping. There's only one option: to become a recluse. Lucy, Izzie, and T. J. try to help Nesta understand that her looks haven't changed, but Nesta's not convinced. Things change, however, when she meets Luke, who not only restores her confidence in her ability to attract boys, but also introduces her to a whole new side of her personality.
