George Gershwin for Easy Piano Simon & Schuster Books For Young Readers

Dan Coates dedicated this solo to his mother, Mary Anne. Written in a lyrical, flowing style in 4/4 meter, it sounds like a ballad from the Broadway stage. The key of B-flat major gives it a warm, rich sound. Challenges include balance between the melody and accompaniment, wide stretches in the left hand and inner voicing in the right hand.

*Selections from Porgy and Bess (Songbook)* Univ. Press of Mississippi

Over 20 Gershwin favorites for piano, arranged at an easier level, including: Fascinating Rhythm \* I Got Plenty O' Nuttin' \* Let's Call the Whole Thing Off \* Love Is Here to Stay \* Love Walked In \* 'S Wonderful \* Someone to Watch over Me \* Soon \* Summertime \* They All Laughed \* They Can't Take That Away from Me \* and more.

Notes Turtleback

Created by George Gershwin and DuBose Heyward and sung by generations of black performers, Porgy and Bess has been both embraced and reviled since its debut in 1935. In this comprehensive account, Ellen Noonan examines the opera's long history of invention and reinvention as a barometer of twentieth-century American expectations about race, culture, and the struggle for equality. In its surprising endurance lies a myriad of local, national, and international stories. For black performers and commentators, Porgy and Bess was a nexus for debates about cultural representation and racial uplift. White producers, critics, and even audiences spun revealing racial narratives around the show, initially in an attempt to demonstrate its authenticity and later to keep it from becoming discredited or irrelevant. Expertly weaving together the wide-ranging debates over the original novel, Porgy, and its adaptations on stage and film with a history of its intimate ties to Charleston, *The Strange Career of "Porgy and Bess"* uncovers the complexities behind one of our nation's most long-lived cultural touchstones.

*Song of the Season* Aladdin

What links the popular songs "You'll Never Walk Alone", "Send in the Clowns", "Memory" and "I Am What I Am"? They all originated in Broadway musicals. *Song of the Season* is for those who believe that the score is at the heart of a musical and is the essential building block on which the rest of a show is built.

Through a systematic historical survey from 1891 to 2023 it argues that the best musicals survive because of their songs, from early 20th century classics such as *Show Boat* and *Oklahoma!* through to the contemporary sound of *Dear Evan Hansen* and *Hamilton*. Looking at outstanding songs from each Broadway season, the development and history of the musical is illustrated with a fresh perspective. As song styles and popular music tastes changed throughout the decades this structure charts the progress of American showtunes alongside popular music forms as songs evolved from the waltz and ragtime to jazz, rock, rap and hip-hop. Factual analysis and historical context

combine to offer a rich picture of the American songbook from Irving Berlin to Elton John. Song of the Season paints a fresh picture for musical theatre students and fans alike, illustrating significant changes in the form through the music. Analyzed in an accessible and engaging way that doesn't rely on music theory

knowledge, and including a link to playlist where all the 'songs of the seasons' can be listened to, it is a must-have for those looking to expand their knowledge of the form and trace the social history of the American showtune.
