I decided that it would be nice to have an engine run-in stand. place to bolt a motor, then fire it up and run it for break-in, tuning, and to find and fix any problems, such as leaks, before doing the final motor installation.Engine Stand

Project - Laine FamilyI still question whether building a heavy duty engine stand was really needed. I personally think most stands out there can safely hold a 700+ lb engine. But I was bored, and short on funds for my own car project, so I rolled up my sleeves and took a stab at building a heavy duty engine stand worthy of an early Hemi.Heavy Duty Engine Stand | The H.A.M.B.Homemade Engine Run Stand. Raw materials as picked up from MetalSupermarkets.com. They have a reasonably local office about 15 minutes away, and the owner is really cool. Doesn't charge me for cuts as long as there aren't too many. All prices are by weight, so having them cut square tubing to size is real convenient.Homemade Engine Run Stand - Woodbridge Data LLCI have a rotating head engine stand and I know it will hold up to a non-running engine, but would it stand up to a RUNNING engine (no 6k rpms, now). I have also looked at JEGS 2 pc engine storage stand as well as their (APPEARING, at least) strong welded one piece stands (the lower profile ones) with and without casters.Technical - Easy, cheap engine test stand? | The H.A.M.B.John, I would also be interested in seeing Tom Mullin's stand. Scott, We have several engines on stands that we fabricated but none have casters. What we use most, depending what's to be done with the engine, is 2x4's or 4x4's nailed together log cabin style. If we move the engine, we pick it up with an overhead, engine hoist, or fork lift.Cummins NH 855 Engine Stand PlansIf you have more time and tools than cash make yourself a stand for your V-Twin before it comes out of the frame, if you don't already own one. They also make great stocking-stuffers. The plans were put together by an e-human called Starbound on the Club Chopper forum... I don't hang there and found...Plans for a Harley Motor Stand - MustariBrandThe fix involves pulling the engine back out and repairing the damage. It would have been nice if we had a test stand where we could run the engine first and uncover the fault where it would be easy to repair. Maybe the guys at Summit Racing have been there too because they just released a simple, self-contained engine test stand on wheels.Take a Stand!
