How to write a novel in the most efficient way by tackling the hardest part before you start to write, from top book coach Jennie Nash "This process makes me want to write, and it makes what I'm writing better. I read it before every draft. It's that good." -KJ Dell'Antonia, New York Times bestselling author of *The Chicken Sisters*
Whether you're writing your first novel or your tenth, there is a temptation to pin it to the page before it disappears. It's such a brilliant idea and you can see the whole thing shimmering in your mind, just out of reach. Maybe you do some work on character development and plotting, but you're a racehorse at

the gate, ready to run, ready to write. This book is an argument to stop and define the foundational elements of your story before you keep writing - which means understanding your motivation as a writer, considering your reader's expectations, and making sure your story has a solid structure that will hold up inside and out from beginning to end. This clarity is what gives a novel its power and a writer their confidence. Jennie Nash is the creator of the Book Coach Certification program at Author Accelerator and has taught hundreds of book coaches and thousands of novelists how to use the *Blueprint for a Book* system-and the *Inside Outline* at the heart of it - to help them produce their best work in the most efficient way. "Jennie Nash turned me into a plotter and changed the way I think about approaching any new project. I'm an Inside

Outside outline fan for life!" -Alison Hammer, author of *You and Me* and *Us and Little Pieces of Me*
"If you are about to start writing or revising your novel - hold up! You need this book before putting fingers to keyboard. It's a step-by-step design-your-novel manual that encapsulates the most important aspect of great story-telling: how to reach deep into your writerly heart and into the heart of the story you want to bring to life." - Janet Fox, author of *The Artifact Hunters*
"I will sing the praises of the *Inside Outline* forever. It's f*ing genius." -Carla Naumburg, author of *How to Stop Losing Your Sh*t With Your Kids*
"The *Inside Outline* is making writing easier. I can focus more on the writing rather than discovering what the scene is about when I'm creating it. Why isn't every writer using it? Instead, people are plonking down good money to be told ten key steps in writing dialogue

or setting a scene. I'm so grateful I'm no longer one of them." - Kate Kimball, first time novelist

Many of us are searching for answers: Why am I here? What am I here to do? Is there a bigger plan in all of this? Why do I feel that something is missing? How do I get to a place of inner peace, joy and happiness? If you are asking these questions, you already know the answers. The good news is that what you are searching for is already waiting for you in a higher "real"-ity. "Real"-ity because this is your real reality, your Authentic Life, the life that is waiting there for you and what you need to do is rise up, evolve, to meet it. When you are living your Authentic Life, you come from a place of inner peace and joy. You feel an

overwhelming sense of love for yourself and those around you. You know that you are living your life with meaning and purpose. You feel nurtured and loved and know that you are guided every step of the way. You feel empowered from the depths of your soul. When you live your Authentic Life, you are living the life you were born to live. How do you rise up to meet your Authentic Life, to live your dreams? You already know the answers. Your soul knows the answers. It knows why you are here, what you are meant to be doing with your life because all this information is written in the Blueprint of Your Soul and when you live in alignment with your blueprint, you are rising up to meet your real reality. This is where you find the fulfillment you are searching for. This is how you live your Authentic Life. This is how you live your dreams.

One Decision Morgan James Publishing

Have you heard the call of your true self, reminding you of your forgotten dreams? Have you felt drawn to break free of your limitations and live more authentically? Is there a fire within you

that burns fiercely, even after years of trying to snuff it out? Transformation happens. Sometimes it sneaks up on us after years of quiet suffering. Other times it is the inevitable side effect of a life struck by a sudden tsunami of unwanted change and pain. Sometimes we dive head-first into the journey we feel called to, but other times we cling desperately to "what was", like a terrified butterfly unwilling to let go of the empty casing that once housed the caterpillar. Life is exhausting, painful, and dark when trapped in the cell of our resistance to change. The truth is we cannot always control what happens in our lives, but we can control what we do with it. We have a choice—we can submit to a life of mediocrity and unfulfillment, or we can decide that life is supposed to be MORE—that we have a greater purpose for being here and we will do whatever it takes to determine our own destiny. We invite you embark on a quest—a hero's journey. Along the way, you'll no longer see your pain or challenges as obstacles, but instead you'll see them as

steppingstones to a greater purpose. You'll stop allowing others to write the chapters of your life story, and you'll decide, once and for all, to live life on your terms. This book is designed to help you: ?Identify the blocks that hold you back, so you can become unstoppable. ?Overcome fear of change, rejection and failure, so you can feel confident going for your dream. ?Develop self-mastery by reprogramming limiting beliefs. ?Develop a growth mindset, so you know without a doubt that nothing can stand in your way again. ?Get absolutely clear about what you REALLY want and who you REALLY are, so you can stop living everyone else's dreams. So, will you answer the call? [The Life Coaching Handbook](#) Booktango Being a life coach is a fulfilling way to make money doing what you love, while making a difference! But, the truth is that not all life coaches are successful. Some

never learn the skills they need to create a thriving business, and others get stuck because they're only able to reach a certain level of success, and income, by meeting one-on-one with clients. There is only so much time in a day, some of which is spent on marketing and other business-related-stuff. Once a coach fills their schedule with clients, they reach the ceiling of their growth. Their only option is to raise their rates, but this isn't always easy or even appropriate, depending on the population they serve. The good news is that there is a way to serve more people and increase revenue at the same time. The secret to creating a successful life coaching business is offering group life coaching programs. Think about it, much of what you do with each client is exactly the same. If you say the same thing 10 times to 10 different people, why not say it to all of them at once? If you develop a program out of your coaching process, you can walk a group of people through the same coaching activities and steps, together. By creating a group coaching business, you can: 1) reach more people in less

time, 2) offer an easy-to-sell low-cost option, 3) upsell your favorite clients to one-on-one coaching, 4) create a more predictable schedule and income, and 5) increase your per-hour revenue (\$50 x 10 is greater than \$150 x 1). In this book, you will find the exact blueprint that thousands of our life coaching students have used to create their own group life coaching programs. You'll learn everything you need to: 1) turn the process you use with your clients into a complete group coaching curriculum, 2) learn professional communication and facilitation skills so you can effectively manage and lead your group, and 3) structure your offer, set your price, and create marketing campaigns that fill your groups. *Now What?* Panoma Press Master-certified life coaches with the Institute for Life Coach Training, founded by Williams, introduce life coaching as an "operating system" for helping people navigate life transitions. After reviewing the history of this new profession, they discuss the skills entailed; distinctions between coaching, consulting, mentoring, and therapy; defining/refining life

purpose; and dealing with obstacles by developing "flexible optimism." Chapters drawing on eclectic sources (e.g., poets, psychologists, The Purpose-Driven Life) include frequently asked questions, exercises for both coaches and clients, and resources.

Life Coach 101 Penguin
In a rapidly moving world where so many of our day-to-day activities are now online, it has become essential to adapt coaching processes in order to better suit clients' circumstances and needs. Above all, clients want sustainable and time-efficient results. Electronic coaching (e-coaching) is an inevitable development for every professional who coaches, mentors, teaches, supervises, guides or helps people in their jobs. The book is underpinned by a theoretical framework that introduces a new model of people development (the ABC model), inspired by Graham Alexander's GROW model, and a new text-based coaching method inspired by Brown and Levinson's politeness theory. E-coaching is practical in its approach, with explanations on safeguarding the security and privacy of your

clients, how to calculate rates, managing expectations and other important aspects of coaching online. The first English-language text available on e-coaching, this book presents a unique combined approach of method and technique, supplemented with a sample e-coaching programme. It is a must-read for all coaches, mentors, supervisors, teachers or HR professionals who want to coach in a modern way, as well as students studying on coaching courses. Now What? Revised Edition New Harbinger Publications

Everyone has had luminous moments — those instances when we experience the beauty and grace of life, whether we're looking into the eyes of a newborn or watching the sun set over the ocean. But those moments are usually brief and difficult to consciously create. Many of us have been successful in attaining personal and professional goals, but we're too exhausted to enjoy what we've

accomplished. Or we might walk around in a fog, feeling vaguely frustrated, resigned, or cynical and asking all the wrong questions about how to make our lives better. In either case, we miss the purpose of being alive: to wake up and fully become ourselves, to allow others to contribute to us and, in turn, to contribute our gifts to the world — fully savoring the journey along the way. This fascinating new book gives us specific methods for bringing luminosity into our lives on a consistent basis, allowing us to view the world with much younger, more vibrant eyes. Mastering Life's Energies shows us how to use all the energies of our lives — physical vitality, creativity, time, money, enjoyment, and relationship — to realize our goals and dreams and, even more important, live a luminous life, filled with possibility and promise.

Being happy doesn't have to be hard, says prominent personal coach Laura Berman Fortgang. We each possess an internal compass that expresses our individual wisdom and points to the things that would most fulfill us. Personal and professional satisfaction, Fortgang believes, comes from tapping into this wisdom. In *Living Your Best Life*, she offers ten tried-and-true strategies that help us to access our own inner knowledge to achieve what she calls a "best life"-a life that awaits all of us, in which gains come more easily because we've learned to honor our true desires and work with our individual talents rather than exhausting our energy on a traditional model of achievement. Her techniques focus on asking ourselves what we really want instead of frenetically trying to "have it all." We learn to ask questions that move us forward, not backward, to discover our own unique "lucrative purpose," and to design a "magnet" life plan that draws to us the more rewarding existence we deserve.
