Determinants Of Export Performance  
Of export performance Access to  
foreign markets is a critical determinant  
of export performance. Here, the term  
“foreign market access” is seen as  
representing the foreign market  
potential of a country. In that sense, it is  
a broader notion than the term “market  
access” as used in trade  
negotiations. Determinants of Export  
Performance - UNCTAD the external

environment, firm characteristics and  
firm strategy on the export performance  
of large Brazilian manufacturers. After  
this brief introduction, a review of the  
literature on the determinants of export  
performance is presented. Next the
