

Clinical Epidemiology

Adults living with kids have just a four per cent extra risk of catching Covid, study finds

Study provides accurate data on allergic reactions related to mRNA COVID-19 vaccines

Parkinson's Disease - Epidemiology Forecast to 2029

Cardiac Complications in Patients Undergoing Major Noncardiac Surgery

Diet drinks linked to heart issues, study finds. Here's what to do

Clinical Epidemiology of Malaria in the Highlands of Western Kenya

What is Clinical Epidemiology and How Can It Help Me?

Allergic reactions to mRNA in Covid-19 vaccine rare; curable: Study

Decision-making between patient and doctor is crucial before lung cancer screening

High genetic contribution to anterior cruciate ligament rupture: Heritability ~69%

Portland Stories: Bill Hersh, professor and chair, Department of Medical Informatics & Clinical Epidemiology, OHSU

Having an unhealthy heart could lead to a higher risk of being diagnosed with COVID-19

Aerobic exercise increases hippocampal volume in older women with probable mild cognitive impairment: a 6-month randomised controlled trial
