English Vocabulary for Preparatory 2  
Pinhok Languages via PublishDrive  
The International English Language  
Testing System, or IELTS, is an  
international standardized test of English  
language proficiency for non-native  
English language speakers. It is jointly  
managed by the British Council, IDP:  
IELTS Australia and Cambridge  
Assessment English, and was  
established in 1989. Achievement in this

qualification is benchmarked against the  
Council of Europe's Common European  
Framework of Reference for Languages  
(CEFR), from level C1 Advanced (CAE) to  
C2 Proficiency (CPE) of the CEFR. We  
collect 2100 English Vocabulary in C1  
Advanced (CAE) and 3000 English  
Vocabulary. Based on our many years'  
experience in HSK and IGCSE Chinese  
teaching and course contents  
preparation, we find vocabulary level  
classification is so important. Students  
can use CEFR levels for self-assessment  
so that they can more clearly define  
what they need to work on, and work out

what they would like to achieve in their target language. Our Classified Chinese vocabulary list HSK and IGCSE has total 12000 vocabularies with the Best English Translation for better understanding. Many students call it "LIFE SAVING STRAW" for their exam. This book is a great success and encourages us to work beyond it. Based on our pass experience and data collection, by referring the authoritative resources like Cambridge and Oxford dictionary, here is our painstaking effort!

Portuguese vocabulary book + Portuguese dictionary This Portuguese vocabulary book contains more than 3000 words and phrases which are grouped by topic to make it easier for you to pick what to learn first. On top of that, the index in the second half of the book provides you with a basic Portuguese-English as well as English-Portuguese dictionary which makes this a great resource for learners of all levels.

What you can expect from this book:

This Portuguese learning resource is a combination of Portuguese vocabulary book and a two-way basic Portuguese dictionary: Part 1 - Topic based

Portuguese vocabulary book: This is the

main part of the book and represents a list of chapters each containing Portuguese vocabularies for a certain topic. The Portuguese vocabularies in the chapters are unsorted on purpose to separate remembering them from a defined alphabetical order. You can start at any chapter and dive directly into the topics that interest you the most. Part 2 - Basic English-Portuguese dictionary: The index in the second half of the book can be used as a basic Portuguese dictionary to look up words you have learned but can't remember or learn new words you need. Part 3 - Basic Portuguese-English dictionary: Easy to use and with just the right amount of words, this third part finishes off with a second index that allows you to look for Portuguese words and directly find the English translation

How to use this Portuguese vocabulary book: Not sure where to start? We suggest you first work your way through the verbs, adjectives and phrases chapters in part one of the book. This will give you a great base for further studying and already enough vocabulary for basic communication. The Portuguese dictionaries in part two and three can be used whenever needed to look up words you hear on the street, English words you want to know the Portuguese translation for or simply to learn some new words. Some final thoughts: Vocabulary books have been around for centuries and as with so many things that have been around for some time, they are not very fashionable and a bit boring, but they usually work very well. Together with the basic

Portuguese dictionary parts, this vocabulary book is a great resource to support you throughout the process of learning Portuguese and comes in particularly handy at times when there is no internet to look up words and phrases.

English Vocabulary in Action: Duos (2) is the second in the series presenting a novel way of learning vocabulary and

taking a learner from the Pre-Intermediate B1 level, as defined by CEFR (the Common European Framework of Reference for Languages) to the Advanced level C2, as defined by CEFR. The book consists of 400 sets of two sentences each where a learner is supposed to fill in the gaps in both sentences with the same word, which can be found in the suggested answers A, B or C. The first part (Idioms, Collocations, Phrases) explores more advanced vocabulary items which often depend on figurative rather than literal meaning. The second part (Phrasal Verbs) offers a new approach to mastering the English Phrasal Verbs. The sentences are structured in such a way that a learner will usually know one of the meanings required but may be

intellectually excited to find the other, more unusual and less common usage of a given word or phrase. The book comes with a complete key.

Longman

Without grammar, you can't say much; but without vocabulary, you can't say anything. Vocabulary is the foundation of successful language learning. ESL/EFL learners need to be familiar with a great many words if they want to read, write, listen, or speak with ease. In addition to the sheer number of words and phrases students need to learn, what makes vocabulary acquisition so tricky is that one "pass" is never enough. In order to really "know" a word, learners need to know, among other things, how to spell it, how to pronounce it, what other words it collocates with, what prefixes and suffixes it takes, what grammatical patterns it fits with, and what positive or negative associations it may have.

Research shows that students learn the most easily when they are interested and having fun. Games and activities that engage students, whether they are adults or children, will help them create stronger memories and store these memories for longer. This book is divided into three sections: 1. Introducing new vocabulary 2. Reviewing and remembering vocabulary 3. Assessment opportunities and provides 50 ideas (plus one bonus tip!) for helping your students learn and remember vocabulary. Photos and downloadable worksheets are included. The Fifty Ways to Teach series gives you a variety of drills, games, techniques, methods, and ideas to help your students master English. Most of the ideas can be used for both beginning and advanced

classes. Many require little to no preparation or special materials. The ideas can be used with any textbook, or without a textbook at all. These short, practical guides aim to make your teaching life easier, and your students' lives more rewarding and successful.
