Would you like to learn more about Ancient Hebrew history and culture? Then this picture book is the perfect learning resource to own! It carefully discusses historical facts that have survived the test of time.. It also explains the beginnings of culture and the remnants that remain to this day. Go ahead and grab a copy of this learning tool today!

Ancient Symbols

Peace Hill Press
It is astonishing to think that many great archaeological

discoveries occurred in Egypt only by way of accident during the 19th and 20th centuries. Even today accidents still play a vital, frequent and sometimes comical role, with new discoveries happening almost weekly and with many more secrets of the ancient Egyptian civilization still remaining. This book takes readers beyond these discoveries and their associated accidents. This book cannot be considered purely as an Egyptological and archaeological reading or even as dry history pages covering Egypt's modern era of the 19th and 20th centuries. Rather, it is a book that sheds light on the intimate links between the birth of Egyptology after the deciphering of

the famous Rosetta Stone and the raging world politics and regional power shifts in Egypt and its surroundings. The book ties together the political storms of colonialism in the first half of the 19th century and the unsettling effect these upheavals had on Egypt during the reign of Mohamed Ali Pasha. In a storytelling style, the book is a journey through time and place. The book takes readers on a guided tour to most of Egypt's well-known monuments that were mainly discovered by simple accident or in which an accident played a major part leading to discovery. In addition, the book leads readers through time exploring ancient Egypt, the days of the

pharaohs, ancient gods, rituals and public ceremonial festivals, with old and new stories that shed light on the true value of such discoveries in antiquity and modern day.

Origin of Western Civilization Library of Alexandria History Alive! The Ancient World introduces students to the beginnings of the human story. As they explore the great early civilizations of Egypt and the Near East, India, China, Greece, and Rome, students discover the secrets of these ancient cultures that continue to influence the modern world. History Alive! The Medieval World and Beyond explores the legacy of civilizations from Europe, Africa, and the

Middle East to Asia and the Americas. History Alive! The United States Through Industrialism immerses students in a powerful journey through the history of the United States from its earliest foundations to the age of industrialism.

History Alive! The United States Through Modern Times captures the story of the United States from the precolonial era to the 21st century.

A Drop in the Ocean of Love is a collection of personal stories we hope will inspire you, open your heart to greater love, and transform your life. The

stories offer a glimpse into struggles that brought about profound transformation for the authors. All seekers committed to the Sufi path of Divine love and healing through purification of the heart, each author shares how the ancient wisdom of the Sufi spiritual teachings brought about life lessons that our souls have come into physical form to learn. If you can relate to any of these struggles, we pray these stories help you to know you are not alone. We pray they help you to know yourself more completely and to know God through your own heart. If you are called to dive into the depths of the Ocean, we hope you may find yourself as a drop

containing the entire ocean within you, knowing that you have never been separate, and that you are and always have been one with The Ocean of Love. The authors are all faculty and staff of The University of Spiritual Healing and Sufism and students of Sidi Shaykh Muhammad al-Jamal, who was head of the Higher Sufi Council in Jerusalem and the Holy Land, guide of the Shadhiliyya Sufi Order, and guide of the University of Spiritual Healing and Sufism. Our mission is to spread a message of Peace, Love, Mercy, Justice and Freedom throughout the world. *History Alive!* History Alive! The Ancient World. Interactive student notebook History

Alive! The Medieval World and Beyond 6th Grade History: First Civilizations Ancient Civilizations for Kids Sixth Grade Books Presenting lessons proven on the firing line, creative teacher Mr. Donn and his circus dog Maxie show how to immerse students in learning ancient history and keep them coming back for more. Sections feature well-structured plans supported by reproducibles, special lessons for the computer lab (with links and handouts), and additional lessons for substitute teachers. BLACK HISTORY

EXTRAVAGANZA

honoring Dr. Ben-Jochannan is a labor of love for someone intimately associated with the master teacher for some 40 years as student, traveling companion, mentee and friend. In repayment, this effort to help acknowledge and sustain his name, life's work and historical and philosophic outlook is necessary so the

younger generation know of the enormous intellectual light this extraordinary scholar represented in those extremely challenging social and intellectual times of the last half century. As the systematic onslaught against the African (Black) personality continued, one particular scholar, lecturer, historian, publisher, archaeologist and tour guide to Egypt stood unmoved and unrelenting in defense of an entire people's history, culture and spiritual well-being. In this, Dr. Ben took on all disparaging comers as he educated and nurtured intellectual "cubs" becoming equipped to challenge historical distortion and omission manifested from the false mantle

of global white supremacy. To accomplish the enormous task, Dr. Ben wrote, innovated self-publishing, lectured, and took students to museums and to Egypt pointing out contradictions between the Existential Data and the symbolic Representation of ancient Egypt. Table of Contents, viz., Introduction; The Awesome Egyptian Temple; Who were the Ancient Egyptians;? The Archaeology of Egypt; The Art of Ancient Egypt; Architecture of Ancient Egypt; The Religion of Ancient Egypt; and the History of Egypt, Dr. Ben made a substantial impact while educating students as to the utility and benefits of studying the illustrious African past,

emphasizing they accentuate the positive and reject negative aspects of that memorable experience. Like the many intellectual lights, "warrior scholars," of his age, viz., Dr. John Henrik Clarke, Ivan Van Sertima, Leonard James, Carter G. Woodson, Benjamin Carruthers, J.A. Rogers, Jitu Weusi, Leonard Jeffries, among others, Dr. Ben subscribed to one unmistakable academic admonition pursuing excellence, "Publish or Perish." This continuum of praise (Celebrating Dr. Yosef Ben-Jochannan), Black History Extravaganza seeks a starting point for readers, young and old to delve deep and drink from the remarkable fountain

represented in fields of study which engaged the great scholar for more than half-a-century.

The ancient book of instruction for humanity. Tzadik Nistar translates as 'Hidden Righteous One'. Thought lost to the ravages of history, the Tzadik Nistar took on a very different mysticism. Now, available to the world as the original instruction given to humanity by God.

Ancient Wisdom for Living a Divinely-Guided Life Baby Professor (Education Kids)

*Includes pictures.

*Includes footnotes and a bibliography for further reading. Many ancient civilizations

have influenced and inspired people in the 21st century. The Greeks and Romans continue to fascinate the West today. But of all the world's civilizations, none have intrigued people more than the Mayans, whose culture, astronomy, language, and mysterious disappearance all continue to captivate people. In 2012 especially, there was a renewed focus on the Mayans, whose advanced calendar has led many to speculate the world would end on the same date the Mayan calendar ends, but if anything, the focus on the "doomsday" scenario overshadowed the Mayans' true contribution to astronomy, language, sports, and art. The

Maya maintained power in the Yucatan for over a thousand years, and at the height of its "Classical era" (3rd-9th centuries A.D.), the city of Tikal was one of the power centers of the empire. Archaeologists believe Tikal had been built as early as the 5th or 4th century BC, and eventually it became a political, economic and military capital that was an important part of a far-flung network across Mesoamerica, despite the fact it was seemingly conquered by Teotihuacan in the 4th century AD. It seems the foreign rulers came to assimilate Mayan culture, thus ensuring Tikal would continue to be a power base, and as a result, the city would not be abandoned until about

the 10th century AD. As one of the Ancient Maya's most important sites, construction at Tikal was impressive, and even though it was apparently conquered, the city's records were unusually well preserved. This includes a list of the city's dynastic rulers, as well as the tombs and monuments dedicated to them. Thanks to this preservation, Tikal offers researchers their best look at the Ancient Maya and has gone a long way toward helping scholars understand Mayan history. Tikal: The History of the Ancient Maya's Famous Capital covers the history of the city, as well as the speculation and debate surrounding it. Along with pictures and a

bibliography, you will learn about Tikal like you never have before, in no time at all.

"He Walks with Dragons" takes place when what was, what is, and what shall be were one in the same. Draig, a boy on the

verge of his manhood, is summoned to the majestic mountain by the Great Ones. There he finds out he is about to transcend the ages and risk his life to prevent the destruction of mankind. Born into the naïve innocence of ancient man, Draig lives a simple pastoral existence in a quiet, small village. But one day he is flung on a magical journey into a forbidden new world. There, Draconos, a dragon, befriends the boy, training him in the art of warfare. From this day forward, the young boy finds himself in awe at the wonders the world holds for him. Not only has Draig become a man, but he is living like a dragon and learning their mystical powers. "From the time Man first crawled upon

this earth...we found him worthy to take his rightful place among the creatures that walk upon the earth. While hiding in the shadows, we have protected him. We have nurtured him all these many ages. But now man grows in great numbers and makes war on everything he sees." And when the time comes, will Draig be willing to lay down his life for the sake of saving the dragons? And when the dragons are gone, where will he go? He is no longer just a man.

A lively and engaging narrative history

showing the common threads in the cultures that gave birth to our own. This is the first volume in a bold new series that tells the stories of all peoples, connecting historical events from Europe to the Middle East to the far coast of China, while still giving weight to the characteristics of each country. Susan Wise Bauer provides both sweeping scope and vivid attention to the individual lives that give flesh to abstract assertions about human history. Dozens of maps provide a clear geography of great events, while timelines give the reader an ongoing sense of the passage of years and cultural interconnection. This old-fashioned narrative history employs the methods of “history

from beneath”—literature, epic traditions, private letters and accounts—to connect kings and leaders with the lives of those they ruled. The result is an engrossing tapestry of human behavior from which we may draw conclusions about the direction of world events and the causes behind them.

6th Grade History
Pushkin Children's Books

A timeless and enchanting children's fantasy classic with a loyal fan base. At the end of his thousand-year reign of the Copper Mountains, old King Mansolain is tired and his heart is slowing down. When his attendant, the Hare, consults The Wonder Doctor, he is told he must keep the King

engaged in life by telling him a story every night until the Doctor can find a cure. The search is on for a nightly story more wonderful than the last, and one by one the kingdom's inhabitants arrive with theirs; the ferocious Wolf, the lovesick Donkey, the fire-breathing three-headed Dragon. Last to arrive is the Dwarf, with four ancient books and a prophecy that the King will live for another thousand years - but only if the Wonder Doctor returns in time.

Ancient Civilizations for Kids Sixth Grade Books Speedy Publishing LLC

*Explains how Athens and Sparta mastered warfare on land and sea, including the use of hoplites and

triremes. *Discusses the lives and legacies of famous Athenians and Spartans, including Leonidas, Lycurgus, Plato, Pericles, and more. *Includes Pericles' Funeral Oration from the Peloponnesian War.

*Explains the political systems used by Athens and Sparta and their unique cultures.

*Includes pictures of Athens and Sparta, as well as depictions of important people, places, and events.

*Includes a Bibliography for further reading. "What I would prefer is that you should fix your eyes every day on the greatness of Athens as she really is, and should fall in love with her. When you realize her greatness, then reflect that what made her great was men

with a spirit of adventure, men who knew their duty, men who were ashamed to fall below a certain standard." - The Funeral Oration of Pericles, quoted by Thucydides "The walls of Sparta were its young men, and its borders the points of their spears." - attributed to King Agesilaos For 2500 years, the Ancient Greeks have fascinated the West, who look to Greece as the creators of Western culture. Indeed, the Greeks revolutionized warfare, art, architecture, government, philosophy, and more. Of all the Greeks' accomplishments, many can be credited to the two most famous city-states of all: Athens and Sparta. The most unique city-

state in Ancient Greece was Sparta, which continues to fascinate contemporaneous society. It is not entirely clear why Sparta placed such a great emphasis on having a militaristic society, but the result was that military fitness was a preoccupation from birth. If a Spartan baby did not appear physically fit at birth, it was left to die. Spartan children underwent military training around the age of 7 years old, and every male had to join the army around the age of 18. The Spartans, whose carefully constructed approach to warfare and - there is no other word for it - Spartan way of life, earned the grudging admiration of all of Greece and succeeded in

establishing themselves in the years following the reforms of the semi-legendary ruler Lycurgus as the greatest military force in all of Hellas. Athens might have the mightiest fleet and the greatest cadre of philosophers and dramatists, Thessaly might have had the most vaunted cavalry, and the great city-states of Argos, Thebes and Corinth all had their own claims to fame, but on the battlefield the Spartan phalanx stood without peer. Athens was a military force in its own right, but it's chiefly remembered for its political system, which would in time form the nucleus of all Western democratic systems of government, and the remarkable number of

outstanding individuals who lived and flourished in the enlightened city-state. The Ancient Athenians formed the backbone of the West's entire culture, from the arts to philosophy and everything inbetween. In the field of medicine, the great physician Hippocrates not only advanced the practical knowledge of human anatomy and care-giving but changed the entire face of the medical profession. The great philosophers of Athens revolutionized the way men thought about reason, logic, rhetoric, politics, and good and evil. Great architects and sculptors such as Phidias produced works of art of such breathtaking realism and startling dynamism that they

later formed the driving force behind the resurgence of sculpture during the Renaissance. And this does not take into account the host of equally brilliant mathematicians, natural philosophers, historians, astronomers and politicians that the city's great schools nurtured and

produced. Athens & Sparta comprehensively covers the history and culture of the famous Greek city-states, looking at their cultural, political, and military past, and examining all their accomplishments. You will learn about Athens and Sparta like you never have before.
