### **Discovering Our Past: A History of the World-Early Ages, Student**

**Edition** McGraw-Hill Education

Discovering Our Past: A History of the World brings the sweep of historical events into focus as people, issues and events come to life for today's students. The program includes a strong emphasis on building vocabulary as well as tools for developing strong reading skills. The print student edition is aligned to the revised NCSS/Thematic Strands and Common Core State standards for Literacy in

History/Social Studies. The program focuses on critical concepts through Big Ideas, Essential Questions and Enduring Understandings.

*Discovering Our Past: A History of the World, Reading Essentials and Study Guide, Student Workbook* BEYOND BOOKS HUB

Book one of the New York Times-bestselling All Souls trilogy—"a wonderfully imaginative grown-up fantasy with all the magic of Harry Potter and Twilight" (People). Look for the hit TV series "A Discovery of Witches," streaming on AMC Plus, Sundance Now and Shudder. Season 2 premieres January 9, 2021! Deborah Harkness's sparkling debut, *A Discovery of Witches*, has brought her into

the spotlight and galvanized fans around the world. In this tale of passion and obsession, Diana Bishop, a young scholar and a descendant of witches, discovers a long-lost and enchanted alchemical manuscript, Ashmole 782, deep in Oxford's Bodleian Library. Its reappearance summons a fantastical underworld, which she navigates with her leading man, vampire geneticist Matthew Clairmont. Harkness has created a universe to rival those of Anne Rice, Diana Gabaldon, and Elizabeth Kostova, and she adds a scholar's depth to this riveting tale of magic and suspense. The story continues in book two, *Shadow of Night*, and concludes with *The*

*Book of Life*.

This introductory text surveys the techniques, methods and theoretical frameworks of contemporary archaeology. Coverage of method and theory resides in the context of an ideal research plan to explain what archaeologists do, how they conduct research, and how they use the results to construct our past. Integration of traditional and recent innovative approaches to archaeology provides a balanced scientific and humanistic perspective.

Discovering Our Past: A Brief Introduction to Archaeology McGraw-Hill Education

NEW YORK TIMES BESTSELLER The complete, uncensored history of the award-winning *The Daily Show* with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, *The Daily Show* with Jon Stewart

brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers-including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of The Daily Show's most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson,

and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics-a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall Street and racism, The Daily Show has

been a cultural touchstone. Now, for the first time, the people behind the show's seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows.

**Discovering Our Past: A History of the United States-Modern Times, Reading Essentials and Study Guide, Student Workbook**

Penguin

Hailed by The New York Times as "a compelling dystopian look at paranoia from one of the most unique and perceptive writers of our time," this brief, captivating novel offers

a cautionary tale. The story unfolds within a society in which all traces of individualism have been eliminated from every aspect of life — use of the word "I" is a capital offense. The hero, a rebel who discovers that man's greatest moral duty is the pursuit of his own happiness, embodies the values the author embraced in her personal philosophy of objectivism: reason, ethics, volition, and individualism. Anthem anticipates the themes Ayn Rand explored in her later masterpieces, *The Fountainhead* and *Atlas Shrugged*. *Publisher's Weekly* acclaimed it as "a diamond in the rough, often dwarfed by the superstar company it keeps with the author's more popular work, but every bit as gripping,

daring, and powerful." Anthem is a dystopian fiction novella by Ayn Rand, written in 1937 and first published in 1938 in England. It takes place at some unspecified future date when mankind has entered another dark age characterized by irrationality, collectivism, and socialistic thinking and economics.

Technological advancement is now carefully planned (when it is allowed to occur at all) and the concept of individuality has been eliminated.

**Discovering Our Past** McGraw-Hill Education Discovering Our Past: A History of the United States brings people, events and issues to life, allowing students to make connections between the past and their lives today. The

program includes support for building reading and writing skills and an abundance of primary and secondary sources. The print student edition is aligned to the revised NCSS/Thematic Strands and Common Core State standards for Literacy in History/Social Studies.

The program focuses on critical concepts through Big Ideals, Essential Questions and Enduring Understandings.
